

# Defining God

## Seven major views of god:

1. Atheism – There is no God. Proponents: Richard Dawkins, Sam Harris, Christopher Hitchens
2. Pantheism – God is everything and everything is god, thus reality is spiritual not physical. Most include concepts of Karma and reincarnation. Proponents: Buddhism, Hinduism, New Age, Oprah Winfrey, Deepak Chopra, Shirley Maclaine, the Dalai Lama
3. Panentheism – God, who is everywhere is viewed as the eternal animating force behind the universe, the creator who is apart from the universe. Proponents: Zen Buddhism, Baha'i faith, Gnostics, Sikhism, Native Americans

# God In An Age Of Atheism

**Steven H Propp**

## God In An Age Of Atheism:

*God in an Age of Atheism* S. Paul Schilling, 1969      **The Age of Atheists** Peter Watson, 2014-12-23 Examines atheism as a modern intellectual achievement that has motivated individuals to pursue invention and self reliance citing the accomplishments of secular philosophers scientists and artists who have worked in the absence of religious belief      The Making of American Liberal Theology Gary J. Dorrien, 2006-01-01 In this first of three volumes Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider longer running tradition than has been thought The tradition took shape in the nineteenth century motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism atheism It is defined by its openness to modern intellectual inquiry its commitment to the authority of individual reason and experience its conception of Christianity as an ethical way of life and its commitment to make Christianity credible and socially relevant to modern people Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time including William E Channing Ralph Waldo Emerson Horace Bushnell Henry Ward Beecher Elizabeth Cady Stanton and Charles Briggs Dorrien notes that although liberal theology moved into elite academic institutions its conceptual foundations were laid in the pulpit rather than the classroom      *God in the Age of Science?* Herman Philipse, 2012-02-23 God in the Age of Science is a critical examination of strategies for the philosophical defence of religious belief The main options may be presented as the end nodes of a decision tree for religious believers The faithful can interpret a creedal statement e g God exists either as a truth claim or otherwise If it is a truth claim they can either be warranted to endorse it without evidence or not Finally if evidence is needed should its evidential support be assessed by the same logical criteria that we use in evaluating evidence in science or not Each of these options has been defended by prominent analytic philosophers of religion In part I Herman Philipse assesses these options and argues that the most promising for believers who want to be justified in accepting their creed in our scientific age is the Bayesian cumulative case strategy developed by Richard Swinburne Parts II and III are devoted to an in depth analysis of this case for theism Using a strategy of subsidiary arguments Philipse concludes 1 that theism cannot be stated meaningfully 2 that if theism were meaningful it would have no predictive power concerning existing evidence so that Bayesian arguments cannot get started and 3 that if the Bayesian cumulative case strategy did work one should conclude that atheism is more probable than theism Philipse provides a careful rigorous and original critique of theism in the world today      *Systematic Theology, Volume 1, Fourth Edition* James Leo Garrett Jr., 2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett s system that needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the

biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary     **The God of Jesus Christ** Walter Kasper,2012-03-01 Kasper is a master synthesiser and his display of erudition alone makes this book a worthy read and an invaluable resource for questions of God and Trinity Using admittedly polemical language he calls for a theological theology which makes the explanation of the confession of the triune God its first priority not only for speculative but also for pastoral reasons This is the reissue of a theological work of considerable importance for which Cardinal Kasper has written an entirely new introduction taking modern developments in theology fully into account     **There Is No God** David A. Williamson,George Yancey,2013-04-04 There Is No God Atheists in America answers several questions pertaining to how the atheist population has grown from relatively small numbers to have a disproportionately large impact on important issues of our day such as the separation of church and state abortion gay marriage and public school curricula Williamson and Yancey answer the common questions surrounding atheism Just how common is the dismissal and derision of religion expressed by atheists How are we to understand the world view of atheists and their motivations in political action and public discourse Finally is there any hope for rapprochement in the relationship of atheism and theism In There Is No God the authors begin with a brief history of atheism to set the stage for a better understanding of contemporary American atheism They then explore how the relationship between religious and atheistic ideologies has evolved as each attempted to discredit the other in different ways at different times and under very different social and political circumstances Although atheists are a relatively small minority atheists appear to be growing in number and in their willingness to be identified as atheists and to voice their non belief As those voices of atheism increase it is essential that we understand how and why those who are defined by such a simple term as non believers in the existence of God should have such social and political influence The authors successfully answer the broader question of the apparent polarization of the religious and non religious dimensions of American society     **Encyclopedia of Christian Theology**

Jean-Yves Lacoste, 2005-07-27 The Encyclopedia of Christian Theology translated from the French Dictionnaire Critique de Théologie 2nd Edition features over 530 entries contributed by 250 scholars from fifteen different countries Alphabetically arranged entries provide the reader a critical overview of the main theological questions and related topics including concepts events councils theologians philosophers movements and more Hailed as a masterpiece of scholarship this reference work will be of great interest and use for scholars students of religion and theology as well as general readers

**The Debaters of This Age** Steven H Propp, 2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics Catholicism liberal Christianity and Deism are also well supported The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students As the participants argue over controversial issues such as cosmology evolution The Bible historical evidence for Jesus the resurrection biblical prophecies and the problem of evil intellectual fireworks result But what will result when such a volatile and eclectic group is placed face to face for more than two weeks The Debaters of this Age is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time

**Worldviews** Anthony J. Steinbronn, 2007 Author Anthony Steinbronn examines the postmodern perspective that views the Christian church as only one of many brands in the ideological supermarket He critiques the position that Christianity no longer has ultimate truth but must take its place alongside numerous other religions How should Christians respond in this pluralistic age Steinbronn advocates that we need to know how different religions view the world humanity's reason for existence sin and its consequences and eternal life Armed with this knowledge Christians can communicate the truth of God's Word to a world searching for truth and meaning The book examines Buddhism Confucianism Hinduism Islam Tribalism Modernity

**God Without a Face?** Najib George Awad, Najeeb Awad, 2011 Pt 1 The twofold distortion of modern pneumatology The Holy Spirit and the problem of pneumatic monism The Holy Spirit and the problem of pneumatic jesusology Pt 2 The Holy Spirit in the theology of the Church Fathers The Holy Spirit and the doctrine of the Trinity The subordination of the Holy Spirit in Trinitarian theology Pt 3 Person theology and the person of the Spirit Theological trends in the concept of person in the doctrine of God The defence of person and the relationship concept The hypostasis of the Holy Spirit toward a pneumatological extension of the case Pt 4 The scriptural attestation to the hypostasis of the Spirit The reciprocal koinonia of the Spirit and the Father The reciprocal koinonia between the Spirit and the Son The eschatological Spirit and the community of the Son Conclusion The perichoretic godhead and the Holy Spirit

The Index ... Francis Ellington Abbot, William James Potter, Benjamin Franklin

Underwood,1871      **The Problem of God, Yesterday and Today** John Courtney Murray,1964-01-01 In an urbane and persuasive tract for our time the distinguished Catholic theologian combines a comprehensive metaphysics with a sensitivity to contemporary existentialist thought Father Murray traces the problem of God from its origins in the Old Testament through its development in the Christian Fathers and the definitive statement by Aquinas to its denial by modern materialism Students and nonspecialist intellectuals may both benefit by the book which illuminates the problem of development of doctrine that is now even more than in the days of Newman a fundamental issue between Roman Catholic and Protestant theologians and nonspecialist intellectuals alike will find the subject of vital interest As a challenge to the ecumenical dialogue the question is raised whether in the course of its development through different phases the problem of God has come back to its original position Father Murray is Ordinary professor of theology at Woodstock College Woodstock Maryland St Thomas More Lectures 1 A gem of a book lucid illuminating brilliantly written A fine contribution to the current Catholic theological renaissance Paul Weiss      Spirituality without God Peter Heehs,2018-11-01 Spirituality without God is the first global survey of godless spirituality Long before spiritual but not religious became the catchphrase of the day there were religious and spiritual traditions in India China and the West that denied the existence of God Peter Heehs begins by looking at godless traditions in the ancient world Indian religions such as Jainism and Buddhism showed the way to liberation through individual effort In China Confucians and Daoists taught how to live in harmony with nature and society Philosophies of the Greco Roman world such as Epicureanism Stoicism and Skepticism focused on enhancing the quality of life rather than buying the favor of the gods through sacrifice or worship Heehs shows how these traditions rediscovered during the Renaissance helped jump start the European Enlightenment and opened the way to the atheism and agnosticism of the eighteenth and nineteenth centuries The personal inner approach to religion became known as spirituality Spirituality without God is a counterbalance to theistic narratives that have dominated the field as well as an introduction to modes of spiritual thought and practice that may appeal to people who have no interest in God      *God in Contemporary Thought* Sebastian A. Matczak,1977      The Incarnation of God Hans Küng,1987-01-01 This work introduces the English speaking reader to the theoretical foundations of Kng s popular works an indispensable prolegomena for every future Christology

*The Existence and Attributes of God* Stephen Charnock,2022-11-13 In *The Existence and Attributes of God* Stephen Charnock presents a profound exploration of theological concepts that intertwine rigorous philosophical reasoning with rich Biblical exegesis Set against the backdrop of the 17th century a time of burgeoning Reformation thought Charnock s work employs a systematic approach meticulously dissecting the nature of God through the lens of His existence and inherent attributes His eloquent prose and logical structure resonate with the intellectual currents of his time skillfully addressing the needs of a society grappling with faith amidst skepticism The text is characterized by its persuasive arguments and detailed analysis making it a significant contribution to Reformed theology and apologetics Stephen Charnock was a prominent

Puritan theologian whose deep commitment to scriptural truth and the pursuit of holiness profoundly influenced his writings Born in England in 1620 he navigated a tumultuous period of political and religious upheaval which likely shaped his desire to offer theological clarity amidst uncertainty Charnock s pastoral background and scholarly rigor culminate in this magnum opus where his passion for God s glory is palpable on every page This book is essential for anyone seeking to deepen their understanding of God s nature and attributes offering both spiritual enrichment and intellectual challenge Charnock s thorough investigations invite readers into a richer relationship with the divine making it an invaluable resource for students of theology clergy and laypersons alike who desire a robust engagement with the essence of God     Encyclopaedia of Religious Knowledge John Newton Brown,1844     **God** Dr. Jeff L. Barnhart DMin.,2022-10-03 This book will change your life I know there are probably many authors that would use that phrase to describe their book However in my case it is true The information in this book will surprise and may even shock some people But trust me it is all true and documented I wrote this book because I wanted to share my love for God to as many people as possible God has helped me through the writing of this book to make sure his message is given correctly     **Discourses Upon the Existence and Attributes of God** Stephen Charnock,1840

## God In An Age Of Atheism Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**God In An Age Of Atheism**," published by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve to the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
