**God, Language, and Scripture** Moisés Silva, 1990 Silva provides guidance for the study and use of biblical Hebrew and Greek which are often presented in studies on the languages of the Old and New Testaments His work is a must for all serious students of biblical Hebrew and Greek

**The Language of God** Francis S. Collins, 2006-07-17 An instant bestseller from Templeton Prize winning author Francis S Collins The Language of God provides the best argument for the integration of faith and logic since C S Lewis's Mere Christianity It has long been believed that science and faith cannot mingle Faith rejects the rational while science restricts us to a life with no meaning beyond the physical It is an irreconcilable war between two polar opposite ways of thinking and living Written for believers agnostics and atheists alike The Language of God provides a testament to the power of faith in the midst of suffering without faltering from its logical stride Readers will be inspired by Collin's personal story of struggling with doubt as well as the many revelations of the wonder of God's creation that will forever shape the way they view the world around them

**Speak God's Language** Crusita Sosa, 2017-12-10 God has given me a vision A study on The power of The Tongue or to be even more descriptive The Power of Blessing We are going to take a journey together that will help us to apply God's Word in our daily lives I have been walking with the Lord for forty five years Through those years Holy Spirit taught me to observe what the affect of my words did to those around me and how they affect my environment either for the good or for the bad In reflecting on the consequences I began to write the results down and because of that the birth of this book came to fruition We have a God given power to either bless or curse our individual lives the lives of our children and others around us It is in hearing and Speaking God's Language that we can and will discover the greatest blessing of all His companionship

**Exploring God-talk** Jeff Astley, 2004 Exploring God talk maps the contours of religious language It surveys the variety of ways in which religious believers both speak to God and speak about God and tries to respond to the serious criticisms that have been raised of different aspects of our God talk Beginning with an overview of the variety of ways in which language is used in faith and religion the book moves on to consider the functions of language in religious experience and the religious life particularly in prayer and worship Two chapters are devoted to a consideration of the important area of descriptive God talk both figurative and literal Problems relating to the meaningfulness of religious language and the interpretation of the Scripture are also addressed and the pastoral and ethical significance of God talk explored Illustrations are drawn throughout from both everyday speech and the Christian tradition

The Nature of God in Plain Language David L. Hocking, 1984

*The Word of God and the Languages of Man* James Joseph Bono, 1995 Argues that pre modern societies placed authority in the text of sacred books and that when Europeans underwent the scientific revolution in the 17th century the underlying assumptions and approaches did not alter only the nature and location of the text where authority was to be sought Also argues that the change was not generated by factors external to science such as the advent of the printing press or social changes but by a continual negotiation by

scientists themselves for meaning in which the narratives of the Book and the Word vied for authority Also available in paper 14794 0 at 22 95 Annotation copyright by Book News Inc Portland OR     **The Power of Language Among the People of God and the Language about God "opening the Door"** United Presbyterian Church in the U.S.A. Task Force on Language About God,1979\*     *Beyond Theism* Theodore W. Jennings,1985 What do we mean when we talk about God Does this term actually refer to anything in our experience This book opens up significant new approaches to one of the most important problems confronting theology and the philosophy of religion namely the problem of God language Current philosophical concerns over language have intensified the difficulty of talking about God The necessity of formally proving the meaningfulness of statements about God has led to theological dead ends on the one hand and a retreat to mysticism or irrationality on the other This book moves the discussion of God language to a new plane arguing that God language cannot be understood within a traditional theistic framework Instead a grammar of God language must be identified and in doing this Jennings reaches a fresh view of language one that is applicable to all religions and all human experience the religious as well as the secular     Status and Function of Languages and Language Varieties Ulrich Ammon,2012-06-25 No detailed description available for Status and Function of Languages and Language Varieties     **Gift of Language** Alexander García Düttmann,2000-01-01 This text focuses on the relevance of the proper name in the conceptions of language and history that inform the thought of Adorno Benjamin Heidegger and Rosenzweig Their interest in the proper name is because it does not simply operate as a conventional linguistic sign A specific experience of the Jewish religious tradition Adorno Benjamin Rosenzweig and a vision of poetry resulting from the reading of Hölderlin Heidegger lead to the idea of an absolute singularity it is a singularity that resists all conceptual identification and the proper name expresses this singularity in language In this analysis history is conceived as a movement that both betrays and tends towards the absolute singularity that manifests itself in the unsayable i e in the name of God or in poetical language questions of gesture translation and melancholia and the moment of apparition in the work of art are comprehensible within Dr Düttmann's discussion which should be of interest to students of language philosophy and theology     **Ezekiel in Talmud and Midrash** Jacob Neusner,2007-03-29 The Rabbis of classical Judaism in the first six centuries of the Common Era commented on the teachings of ancient Israel's prophets and shaped as much as they were shaped by prophecy They commented on much of the Scriptural heritage and they made it their own This collection of the Rabbinic comments on biblical books makes easily accessible the Rabbinic reading of the prophetic heritage and opens the way to the study of how normative Judaism responded to the challenge of the prophetic writings     Sonic Theology Guy L. Beck,1995-01-01     **A New Awareness** Dominic Arcamone,2024-02-29 A New Awareness is an endeavor of affection and generosity toward Sebastian Moore The book examines his key theological insights and themes over seventy years and proposes that they are still relevant today for the Christian Community He was a theologian and poet He wrote about many theological topics the significance of Jesus the

experiences of the disciples and their meaning for us redemption the Trinity sexuality and ecclesiology and original sin But he is mainly known for being the theologian of desire self love to self gift desire is love trying to happen to be myself for another and the insight that there is no more wonderful reality than to be desired by the one you desire      **After Eden** Mary Stewart Van Leeuwen,1993 Written by an interdisciplinary team of scholars this substantial volume offers a wide ranging examination from a Christian perspective of the many complexities surrounding gender relations showing how they have changed and how they still need to change if we are to be the men and women God meant us to be No other book treats the systemic embedding of gender issues in all areas of life      **Beyond Theodicy** Sarah K. Pinnock,2002-09-26 Explores the work of post Holocaust Jewish and Christian thinkers who reject theodicy arguments explaining why a loving God can permit evil and suffering in the world      What's Right with the Trinity? Dr Hannah Bacon,2013-06-28 The doctrine of the Trinity poses a series of problems for feminist theology At a basic level the androcentric nature of trinitarian language serves to promote the male as more fully in the image of God and as the archetype of humanity pushing women to the margins of personhood It is no surprise then that feminist scholarship on this doctrine has often focused on what s wrong with the Trinity setting out the problems raised by the use of traditional androcentric trinitarian language This book brings together a discussion of feminist theological methodology with a critical exploration of the doctrine of the Trinity Focussing on what s right with the Trinity as opposed to what s wrong with the Trinity it considers the usefulness of this doctrine for feminist theology today It replaces a stress on trinitarian language with an emphasis on trinitarian thought exploring how we might effectively think rather than speak God in light of feminist concerns In particular it asks how a trinitarian understanding of God might support and be supported by key values which underpin a feminist way of doing theology specifically values which underpin the methodological use of women s experience in feminist theology The central argument is that thinking God as Trinity need not serve to reinforce patriarchal values and ideals but may in fact promote the subjectivity and personhood of women      **The Child in the Bible** Marcia J. Bunge, Terence E. Fretheim, Beverly Roberts Gaventa,2008-09-15 In this volume nineteen biblical scholars collaborate to provide an informed and focused treatment of biblical perspectives on children and childhood Looking at the Bible through the lens of the child exposes new aspects of biblical texts and themes Some of the authors focus on selected biblical texts Genesis Proverbs Mark and more while others examine such biblical themes as training and disciplining children and the image of God the metaphor of Israel as a child and so on In discussing a vast array of themes and questions the chapters also invite readers to reconsider the roles that children can or should play in religious communities today Contributors Reidar Aasgaard David L Bartlett William P Brown Walter Brueggemann Marcia J Bunge John T Carroll Terence E Fretheim Beverly Roberts Gaventa Joel B Green Judith M Gundry Jacqueline E Lapsley Margaret Y MacDonald Claire R Mathews McGinnis Esther M Menn Patrick D Miller Brent A Strawn Marianne Meye Thompson W Sibley Towner Keith J White      **Responsible Grace** Randy L. Maddox,1994-10-01 Of special focus in this

reflective overview of Wesley's theological convictions is highlighting the practical theological dynamics of Wesley's work and suggesting possible implications for contemporary attempts to recover theology as a practical discipline. Another distinctive focus of this work is a systematic consideration of the integration of theological emphases traditionally divergent in Eastern and Western Christianity. The author also closely examines the consistency of Wesley's thought throughout his career.

*Homiletic* David G. Buttrick, 1987-01-01 Buttrick presents a complete homiletic that focuses on how sermons form in consciousness and how the language of preaching functions in the communal consciousness of a congregation. His phenomenological approach marks a sharp departure from older homiletics.
