God Still Makes Sense:

God Still Makes Sense Ben M. Herbster, 1972 **Why Christian Faith Still Makes Sense (Acadia Studies in Bible and Theology)** C. Stephen Evans, 2015-05-12 In recent years the Christian faith has been challenged by skeptics including the New Atheists who claim that belief in God is simply not reasonable Here prominent Christian philosopher C Stephen Evans offers a fresh contemporary and nuanced response He makes the case for belief in a personal God through an exploration of natural signs which open our minds to theistic possibilities and foster belief in the Christian revelation Evans then discusses why God's self revelation is both authoritative and authentic This sophisticated yet accessible book provides a clear account of the evidence for Christian faith concluding that it still makes sense to believe **God Makes Sense** Pete Suarez, 2022-11-03 The chapters build on different stages that the reader must go through to give reason to one's faith such as the meaning of life sin values suffering hope marriage celibacy happiness all within God's plan kingdom presence prayer community and Christian spirituality in general to meet the Lord of life and death As Pete writes God is being Creator of the universe you me and all of us who in pure love decided to pour the best of his creative energy in the universe by giving us life so that through life we can reach all our hopes and finally meet forever in his presence Disponible tambiA c n en espaA ol

God at War Gregory A. Boyd, 2014-06-18 Modern Christians are often baffled by the problem of evil frequently attributing pain and suffering to some mysterious good purposes of God Gregory Boyd instead declares that biblical writers did not try to intellectually understand evil but rather grappled to overcome it *Making Sense of Who God Is* Wayne A. God and Morality John E. Hare, 2008-04-15 God and Morality evaluates the ethical theories of four principle philosophers Aristotle Duns Scotus Kant and R M Hare Uses their thinking as the basis for telling the story of the history and development of ethical thought more broadly Focuses specifically on their writings on virtue will duty and consequence Concentrates on the theistic beliefs to highlight continuity of philosophical thought *Wonder and Wisdom* Celia Deane-Drummond, 2006 What has wonder that apparently innocent feeling of amazement so common in little children to do with wisdom often thought to be the privilege of those who are old What has theology and religious experience to do with scientific investigation of the natural world Professor Celia Deane Drummond's exploration of these themes expands the dialogue between science and religion She begins her study with reflection on the emotion of wonder tracing the history of its meaning from its Indo European roots to the present focusing on the experience of the natural world including that described by contemporary cosmology Incorporating insights from both Eastern and Western religious traditions as well as African spirituality she segues to a discussion of wisdom She considers natural wisdom looking at evolutionary convergence and design in the natural world and how it might mesh with theological understanding of natural wisdom human identity and the notion of God as wisdom She also discusses the origin of the cosmos and the role of God as creator as well as whether

there is wisdom in nature and what the role if any of neuroscience in wisdom as a facet of human nature might be Returning to the theme of wonder she muses on wonder as it relates to the wisdom of God and the wisdom of the cross She shows that by weaving wonder and wisdom together a deeper spirituality can surface that integrates theology and science If wisdom is the voice for theology at the boundary of science so wonder reminds theology that science too offers its own wisdom that needs to be taken into account she concludes *Did God Really? Say* Heino Weidmann, 2022-01-20 Jesus Christ is calling you personally to walk on water with Him If you are already doing it you will know why If you are not doing it yet you will know how If you think you can't let us convince you otherwise In this book you'll get a solid foundation from the Bible What has God promised every Christian And what has he not said And how can what he has said become a reality in your life In any case you will study the Word of God intensively as never before To sum up the message of these pages in one sentence is this Jesus Christ saves from the power of sin Doesn't every serious Christian believe that No hardly any serious Christian believes that In practice we believe Jesus saves us from the guilt of sin And mostly from greater sins But not from lesser sins And not so that we can truly and fundamentally have victory over sin Behind this is a theological system of unbelief inspired by the words of the serpent Did God really say Instead of believing our heart and the Scriptures in our theology we place ourselves outside of Christ in prison walls of unbelief on which hopelessness stands as a sentry watching that no one escapes from the dungeon of eternal defeat before sin And the fortress of evil thus fortified can only be broken open and destroyed by the explosive power of the united words of God Can we not live liberated through Jesus Christ to the glory of the Father without having to weep every day over 1000 failures Do we not have a Savior who contends and conquers for us Let us set out for a Reformation 20 de If you are already following Jesus and longing as a child of God to experience the power of your Savior in your everyday life then read this book *Did God Really Say 95 theses on your victory over sin through Jesus Christ* Read more on <https://95thesenteil2.de> including free version of the book with online translation into English **Making Sense of "God"** Norman Solomon, 2023-05-04 All over the world people talk about God and argue endlessly about what God said and what if anything we should do about it Do they know what are they talking about Do they ever seriously consider what it might look like or feel like if God actually spoke to you How could you tell if someone said God spoke to them whether they were deluded bluffing or high on drugs The reflections dialogues and arguments in this book address such questions often with humor sometimes provocatively as when the author suggests the ancient gods have returned to invade the institutions of our great religions or when two spirits William and James viewing the world from afar voice their doubt as to whether the human species will ever attain the pinnacles of cooperation reason beauty and love Ancient texts from the Mayan Popol Vuh through the Bible to the Chinese classics are invoked and the discoveries of modern science from anthropology to zoology are brought into play as the reader is gently led to an appreciation of the role of religious language in modern society **Making Sense of Faith in God** Jonathan Clatworthy, 2012-06-21 Many people's understanding of the world does not include God A number

of new atheist authors such as Richard Dawkins Christopher Hitchens Sam Harris and Daniel Dennett claim that science can explain how the universe works without any need for the divine and this seems to have become the default position in modern Western culture But a great number of people are prepared to spend time and effort trying to establish some sort of spiritual dimension to their lives Faced with the choice between rejecting modern scientific knowledge or all awareness of the divine they choose from a range of vaguely spiritual practices and ideas which can be picked up and dropped with minimal commitment Making Sense of Faith in God as the title indicates offers a different alternative to reject neither reason nor God because believing in God makes sense Kant, God and Metaphysics Edward Kanterian,2017-11-15 Kant is widely acknowledged as the greatest philosopher of modern times He undertook his famous critical turn to save human freedom and morality from the challenge of determinism and materialism Intertwined with his metaphysical interests however he also had theological commitments which have received insufficient attention He believed that man is a fallen creature and in need of redemption He intended to provide a fortress protecting religious faith from the failure of rationalist metaphysics from the atheistic strands of the Enlightenment from the new mathematical science of nature and from the dilemmas of Christian theology itself Kant was an epistemologist a philosopher of mind a metaphysician of experience an ethicist and a philosopher of religion But all this was sustained by his religious faith This book aims to recover the focal point and inner contradictions of his thought the secret thorn of his metaphysics as Heidegger once put it It first locates Kant in the tradition of reflection on the human weakness from Luther to Hume and then engages in a critical but charitable manner with Kant's entire pre-critical work including his posthumous fragments Special attention is given to The Only Possible Ground 1763 one of the most difficult interesting and underestimated of Kant's works The present book takes its cue from an older approach to Kant but also engages with recent Anglophone and continental scholarship and deploys modern analytical tools to make sense of Kant What emerges is an innovative and thought provoking interpretation of Kant's metaphysics set against the background of forgotten religious aspects of European philosophy The Ideas Factory Martin Saunders,2016-01-15 The Ideas Factory is a priceless resource for anyone working with young people It contains 100 adaptable discussion starters a brief story usually factual followed by a series of provocative questions The stories explore topics relevant to young people including relationships technology and emotions an important biblical concept such as giving the afterlife or love and the main stories and themes of the Bible The questions begin with general issues before moving on to what the Bible has to say Extra questions are included for use with unchurched young people This revised and updated edition has up to date examples and references to connect with today's young people **Reading The Old Testament For The First Time And A Sketch Of The Jesus Myths** Donald J. Young,2012-08 Donald Young's poems are tight and loose at the same time the reader can move within them and the reader will feel strongly the concern the emotion the flow that carries the words along There is color music and a wonderful reliance on imagery that makes the poems a joy to read and reread But what gives the poems their

energy and depth is the feeling of necessity that underlies each poem there is an idea or passion or both which strongly compels its utterance The poems are journeys toward some discovery as the very best poems always are toward revelation or satori sudden illumination In many cases the poems push us beyond what we could ever anticipate Herein lies the pleasure We leave Donald Young's poems enlightened deepened and thankful for the keen eye and compassionate heart Tom McKeown author of *The Luminous Revolver* and *Three Hundred Tigers* Biblical Doctrine John MacArthur, Richard Mayhue, 2017-01-13 Long Awaited Systematic Theology by Well Known Pastor Author and President of the Master's Seminary Doctrine isn't just for theologians it's important for every Christian because it shows us who God is and how we should live Systematizing the robust theology that has undergirded John MacArthur's well known preaching ministry for decades this overview of basic Christian doctrine covers topics such as God the Father Jesus Christ the Holy Spirit the Bible salvation and more Comprehensive in scope yet written to be accessible to the average reader with non technical vocabulary minimal footnotes and a helpful bibliography this volume offers Christians a solid foundation for what they believe and why **Do You Hear What I Hear? Knowing God's Voice and Making It Paramount in Your Life** Kathi Lee Grand, 2013-04-12 Sounds are all around us traffic sirens noise But do you hear the whispers the sounds only God can create Do you listen do you hear In your heart God can speak to you He can strengthen you by giving you grace to make a difference in this busy noisy world It is through the Holy Spirit God's voice within us that allows us to be a witness for His Kingdom Are you ready what do you hear You're invited to join Kathi Lee Grand as she shares her journey the one she's experienced with God since 2000 This includes her spiritual encounters when she first began to hear the Holy Spirit through that still small voice To date she has received thirteen God inspired words Each of these words is introduced in a chapter along with the acronym and referenced Scripture verses Kathi Lee both encourages and challenges readers to explore their own journey as they too seek to hear God's voice May God richly bless you as you begin your journey with Him as you also experience His voice **Living Accountably** C. Stephen Evans, 2022-12-22 Everyone understands what it is like to be accountable to someone but often we think of accountability as something punitive Living Accountably defends the view that it is possible under the right conditions to live accountably welcoming accountability to those with proper standing including being accountable to God or some higher power
