God Still Speaks A Biblical View Of Christian Communication:

God Still Speaks Robert E. Webber,1980 **Media in Church and Mission:** Viggo Sogaard,Viggo Sgaard,2018-10-01
Although written before much of the revolution in digital media this book provides a lot of useful strategic input for those involved in media and Scripture Engagement Christians, Free Expression, and the Common Good Gordon S. Jackson,2015-05-27 Christians of all theological and political backgrounds ought to be ardent advocates of advancing not curbing freedom of speech within their own ranks and in the increasingly secular societies in which they live Christians Free Expression and the Common Good presents the concept of free expression and its opposite of censorship as a tool for the Western church and the U S church in particular to respond more wisely and effectively to controversy In their most severe form these controversies lead to both formal and informal limitations on free expression as Christians seek to silence those with whom they most stridently disagree This study is timely given the Western church s current state of flux as it tries to determine its identity and mission in a post Christian setting Christians Free Expression and the Common Good will appeal to a wide range of thoughtful religious scholars and others who would welcome ideas on how the church should refine and live out its mission in the early twenty first century *Seasoned Speech* James E. Beitzler III,2019-05-07 Being a faithful disciple of Christ means having seasoned speech practicing a rhetoric that beneficially and persuasively imparts the surprising truth of the gospel James Beitzler seeks to renew interest in and hunger for an effective Christian rhetoric by closely considering the work of five beloved Christian communicators C S Lewis Dorothy L Sayers Dietrich Bonhoeffer Desmond Tutu and Marilynne Robinson **Research in Church and Mission** Viggo Sgaard,Viggo Sogaard,1996-06-01 Research in Church and Mission is insightful practical and full of examples In the three distinctive sections of the book the author 1 imbeds his explanation of the why and how of research in a model of communication 2 shows us how research is fueled by what we need to know and 3 demands that research be driven by those who manage or carry out the communication process *A Complete Guide to Sermon Delivery* Al Fasol,1996-07-01 Add power to your preaching by communicating your messages more clearly and effectively Includes answers to ten most commonly asked questions about sermon delivery **Words and Witnesses** Naaman K. Wood,2022-05-03 How should Christians address specific problems controversies and crises in communication today By looking at influential Christian thinkers throughout history we can identify wisdom that enriches us today in practical ways Words and Witnesses explores various influential Christian thinkers and theologians from across church history in order to expand our contemporary conversations in communication studies and media theory Individual chapters written by contributing scholars focus on major Christian thinkers starting with Athanasius St Augustine and John Chrysostom moving through the Middle Ages to address figures such as Anselm Nicholas of Cusa Teresa of Lisieux and arriving in the present with reflections on the work of John Howard Yoder C S Lewis Martin Luther King Jr Abraham Kuyper and Desmond Tutu among others Each chapter delves into how the contemporary church and scholars of media can turn to

these influential Christian thinkers as resources for addressing specific problems in communication today By analyzing church practices doctrine and biblical texts this book provides the church with resources and inspiration to communicate in distinctly Christian ways *Christian Communication*, 1989-09-26 The rise of the fundamental religious broadcasters in the United States has triggered an intense popular interest in mediated Christianity and prompted the traditional churches to reexamine their own policies toward mass communication The ensuing dramatic increase in the number of studies on the subject has prompted a corresponding need for a comprehensive index of valuable materials Christian Communication is the first wide ranging annotated bibliography of available books articles theses and dissertations in English French German Spanish and Italian that deals with all forms and aspects of Christian communication even comic books and the computer The bibliographies for this collection were drawn from several sources including the Library of Congress several important computerized databases manual searches of such institutions as the Billy Graham Center and the Graduate Theological Union among others and references in dissertations Most importantly only accessible items which could be checked and reviewed by Soukup and his research staff have been included here The volume is arranged to maximize ease of access and use and is based on the general academic division of communication studies The first chapter contains an introduction cross referenced to the bibliographies that reviews the history of church communication the major issues that characterize it and suggests possibilities for future study Next a resource chapter lists periodicals which address specific areas of religious communication or frequently published articles of interest cites bibliographic guides to the material and surveys directories of both personnel working in the field of Christian communication and of catalogs of relevant materials The following seven chapters contain the major bibliographical sections that review communication theory history rhetoric interpersonal communication mass communication intercultural communication and other media The volume closes with helpful name title and subject indexes that make this guide thoroughly user friendly and an important research tool for church communicators theological students and communications scholars working in philosophical or qualitative areas **The Conviction of**

Johnson, 2002-10-01 A unique resource for identifying issues involved in Protestant pastoral ministry and adjusting pastoral approach to those issues *Integrative Theology* Gordon R. Lewis, Bruce A. Demarest, 2010-09-21 Integrative Theology is designed to help graduate students in a pluralistic world utilize a standard method of fruitful research Each chapter on a major doctrine 1 states a classic issue of ultimate concern 2 surveys alternative past and present answers and 3 tests those proposals by their congruence with information on the subject progressively revealed from Genesis to Revelation Then the chapter 4 formulates a doctrinal conclusion that consistently fits the many lines of biblical data 5 defends that conviction respectfully and finally 6 explores the conclusion's relevance to a person's spiritual birth growth and service to others all for the glory of God Why the title Integrative Theology In each chapter steps 2 6 integrate the disciplines of historical biblical systematic apologetic and practical theology **The Word Among Us** Dean S.

Hamilton,1992-10-01 Homiletical Handbook is a primer for those who are called to preach It is intentionally simple in its explanation of the homiletical task and straightforward in getting to the point It is solid in its theology and biblical in its approach Receptor-Oriented Communication for Hui Muslims in China Enoch Jinsik Kim,2018-04-18 There are many books that highlight the need and importance of mission toward unreached people Unfortunately few of them deal with the importance of understanding the real life of unreached people and how to analyze them This book identifies conceptual issues for the development of receptor oriented communication strategies among young educated urban Hui YEU Hui Muslims in China s northwestern cities in order to achieve culturally relevant churches in those areas It is written to help not only those who are interested in the unreached but also those who are interested in Muslim evangelism urban sociology biblical exegesis contextual church planting communication and mission strategy Enoch Jinsik Kim utilizes a new approach virtual community mission for planting offline churches that integrates the use of local church driven Internet community traditional media and offline task teams from a multi ethnic local church While the research focuses on the Chinese Muslim context the identification of the young urban and educated as a strategic group for mission can be applied in other Muslim and non Muslim contexts This research is useful to cross cultural communicators church planters and all those interested in interpersonal relationships
