God to Man and Man to God Meher Baba,1955 **God to Man and Man to God. The Discourses of Meher Baba**
Merwan Sheheriarji Irani (commonly known as Meher Baba.),1955 **Discourses. God to Man and Man to God. The**
Discourses of Meher Baba. Edited by C.B. Purdom MEHER BABA Merwan Sheheriarji Irani,Charles Benjamin
Purdom,1955 **Dattātreya: The Immortal Guru, Yogin, and Avatāra** Antonio Rigopoulos,1998-04-02 This book
presents the multi faceted Hindu deity Dattatreya from his Puranic emergence up to modern times Dattatreya s Brahmanical
portrayal as well as his even more archaic characterization as a Tantric antinomian figure combines both Vaisnava Saiva
motifs Over the course of time Dattatreya has come to embody the roles of the immortal guru yogin and avatara in a
paradigmatic manner From the sixteenth century Dattatreya s glorious characterization emerged as the incarnation of the
trimurti of Brahma Visnu and Siva Although Maharashtra is the heartland of Dattatreya devotion his presence is attested to
throughout India and extends beyond the boundaries of Hinduism being met with in Sufi circles and even in Buddhism and
Jainism via Nathism The scarce attention which most Western scholars of Indian religions have paid to this deity contrasts
with its ubiquitousness and social permeability Devotion to Dattatreya cuts through all social and religious strata of Indian
society among his adepts we find yogis Brahmins faqirs Devi worshippers untouchables thieves and prostitutes This book
explores all primary religious dimensions myth doctrine ritual philosophy mysticism and iconography The comprehensive
result offers a rich fresco of Hindu religion as well as an understanding of Marathi integrative spirituality precisely this
complexity of themes constitutes Dattatreya s uniqueness The Life And Teachings Of Sai Baba Of Shirdi Antonio
Rigopoulos,1993-01-01 A vast and diversified religious movement originating from Sai Baba of Shirdi is often referred to as
the Sai Baba movement Through the chronological presentation of Sai Baba s life light is shed on the various ways in which
the important guru figures in this movement came to be linked to the saint of Shirdi **The Prickly Rose** Jeff

Man's Fate and God's Choice Bhimeswara Challa, 2021-06-29 Stagnate as a creepy caterpillar or transform into a beautiful butterfly this path breaking book of a rare genre suggests is the seminal choice before mankind and every one of us In this setting the book raises some fundamental questions What is man's rightful place in the cosmos and his manifest destiny on earth Why are we so self-righteously self-destructive Are we a doomed species Or divine beings struggling to overcome the hubris of the human intellect Is God getting weary of mankind How should we synergize human effort and Divine Grace The book posits that any betterment in human behavior needs a cathartic change at the deepest levels That requires diluting the dominance of the mind and reawakening the long dormant intelligence of the human heart To meet that challenge we need minimum numbers a critical mass to create self-sustained momentum for transformation through consciousness change And every single human of this generation should behave in such a way that he or she is that single person whose transformation could make the decisive species scale difference The book offers a menu of ideas and an agenda of action This book could be itself become an input to mobilize that very critical mass it advocates for human transformation Well planned and cohesively written the book is noteworthy for its delightful blend of information and arguments and reveals the depth of the author's understanding of the human predicament This is a closely argued and thought provoking book The Hindu 13 Sept 2011 This book is a gripping exposition on human nature and self transformation without preference to religion Challa has critically provided a foundational argument for a deeper discussion of philosophical and practical ideals concerning self transformation harmonizing the head and the heart is the way for humans to function as spiritual beings Recommended by the USR The US Review of Books The author reflects upon the crisis of contemporary civilizations and outlines a blueprint for a new world order based on progressive spiritual values and change of human consciousness The strength of this treatise is the sweep of Challa's reach and his treatment of a vastly complex set of issues that bedevil humankind today India International Center Quarterly Summer 2012 As a thinker and erudite scholar the author has made a profound study of the world situation and the moral decadence of man This book deserves to be on the shelves of university college and public libraries Triveni Magazine July Sept 2011 It is difficult to pigeon hole this book as a prophetic

discourse a journey into the human mind a guide for human survival a spiritual treatise It is an amalgam of all these and more the volume reaches out to those who are already uneasy about the way we on this earth are progressing The Book Review India June 2013 Ebenezer Howard Frances Knight,2023 Ebenezer Howard 1850 1928 is famous worldwide for founding the Garden City movement and interest in him remains strong This is the first full scale biography to be published since the 1980s It explains the remarkable sequence of events that led from the publication of his ideas to the foundation of Letchworth as the world's First Garden City just five years later and it explores other neglected aspects of Howard's life particularly his religious views Shaped in the world of London Congregationalism he became a keen seeker after unity and peace He grafted new religious ideas particularly from Spiritualism and later from Theosophy into his biblically informed Protestant faith Prone to spiritual epiphanies he believed that he had been raised up to preach the gospel of the garden city and to tackle the housing crisis by beginning to build the New Jerusalem in the Hertfordshire countryside Although he sometimes appeared naïve he was astute and highly skilled at combining different and sometimes conflicting ideas in a way that built consensus and gained support from people across the social and political spectrum Howard wanted his garden cities to be places of spiritual exploration and as this book shows early Letchworth certainly lived up to those expectations

The Hagiographer and the Avatar Antonio Rigopoulos,2021-04-01 In this biographical study Antonio Rigopoulos explores the fundamental role of a hagiographer within a charismatic religious movement in this case the postsectarian cosmopolitan community of the Indian guru Sathya Sai Baba The guru's hagiographer Narayan Kasturi was already a distinguished litterateur by the time he first met Sathya Sai Baba in 1948 The two lived together at the guru's hermitage more or less continuously from 1954 up until Kasturi's death in 1987 Despite Kasturi's influential hagiography Sathyam Sivam Sundaram little scholarly attention has been paid to the hagiographer himself and his importance to the movement In detailing Kasturi's relationship to Sathya Sai Baba Rigopoulos emphasizes that the hagiographer's work was not subordinate to the guru's definition of himself Rather his discourses with the holy man had a reciprocal and reinforcing influence resulting in the construction of a unified canon Furthermore Kasturi's ability to perform a variety of functions as a hagiographer successfully mediated the relationship between the guru and his followers Drawing on years of research on the movement as well as interviews with Kasturi himself this book deepens our understanding of this important pan Indian figure and his charismatic religious movement *The God-man* Charles Benjamin Purdom,1971 **The Who and Philosophy** Rocco J. Gennaro,Casey Harison,2016-06-23 The Who were one of the most memorable and influential of the 1960s British Invasion bands memorable because of their loudness and because they destroyed instruments during performances and influential because of their success in crafting Power Pop singles like My Generation and I Can See for Miles long playing albums Live at Leeds and Who's Next and the rock operas Tommy and Quadrophenia The themes that principal songwriter Pete Townshend imparted into The Who's music drew upon the group's mostly working class London upbringings and early

Mod audiences frustration angst irony and a youthful inclination to lash out Like some of his rock and roll contemporaries Townshend was also affected by religious ideas coming from India and the existential dread he felt about the possibility of nuclear war During a career that spanned three decades The Who gave their fans and rock critics a lot to think about The remarkable depth and breadth of The Who s music and their story as one of the most exciting and provocative rock bands over the last half century are the subjects of the philosophical explorations in this collection
