God's Horse and The Atheists' School Wilhelm Dichter, 2012-02-29 Normal 0 false false false EN US X NONE X NONE
God's Horse 1996 and The Atheists' School 1999 Wilhelm Dichter's novelistic memoirs are both striking for their spare precise prose and for the fullness with which they inhabit the perspectives of respectively a young boy trying to survive the Holocaust in hiding and an adolescent in the turbulent world of post war Poland The books openly address a rarely documented phenomenon a Jew who having escaped death in Nazi occupied Poland ascends into the upper echelons of Polish society as a committed Communist After the war the narrator becomes the stepson of a rising star in the petroleum ministry He tries to gain acceptance by becoming a propagandist but he can't help wondering if those who constantly warn of a renewal of Jewish persecution may be right

God Wore an Orange Cap Karl Boesenhofer, 2003-10 Although it's called Gamblers book of poetry there are poems of all types in this book Two men with their own styles combine their work for a humorous compilation of poetry Many are based on actual events from their weekly Wednesday night poker games others are purely fictional All are entertainment for the whole family

How Civil Wars Start Barbara F. Walter, 2023-04-25 NEW YORK TIMES BESTSELLER A leading political scientist examines the dramatic rise in violent extremism around the globe and sounds the alarm on the increasing likelihood of a second civil war in the United States Required reading for anyone invested in preserving our 246 year experiment in self government The New York Times Book Review Editors Choice WINNER OF THE GLOBAL POLICY INSTITUTE AWARD THE SUNDAY TIMES BOOK OF THE YEAR ONE OF THE BEST BOOKS OF THE YEAR Financial Times The Times UK Esquire Prospect UK Political violence rips apart several towns in southwest Texas A far right militia plots to kidnap the governor of Michigan and try her for treason An armed mob of Trump supporters and conspiracy theorists storms the U S Capitol Are these isolated incidents Or is this the start of something bigger Barbara F Walter has spent her career studying civil conflict in places like Iraq Ukraine and Sri Lanka but now she has become increasingly worried about her own country Perhaps surprisingly both autocracies and healthy democracies are largely immune from civil war it's the countries in the middle ground that are most vulnerable And this is where more and more countries including the

United States are finding themselves today Over the last two decades the number of active civil wars around the world has almost doubled Walter reveals the warning signs where wars tend to start who initiates them what triggers them and why some countries tip over into conflict while others remain stable Drawing on the latest international research and lessons from over twenty countries Walter identifies the crucial risk factors from democratic backsliding to factionalization and the politics of resentment A civil war today won't look like America in the 1860s Russia in the 1920s or Spain in the 1930s It will begin with sporadic acts of violence and terror accelerated by social media It will sneak up on us and leave us wondering how we could have been so blind In this urgent and insightful book Walter redefines civil war for a new age providing the framework we need to confront the danger we now face and the knowledge to stop it before it's too late The Mental Intruder Dr. Niki Karavasilis, 2017-12-28

The Mental Intruder By Dr Niki Karavasilis Many people have a tendency to ignore or exclude from their lives people who have dementia and Alzheimer's They only include people who are suitable to their own lifestyle This after all is the social norm However have you ever thought what it is like to be taken over by Alzheimer's When we pause and think about the above questions and try to find answers that cannot be found we can begin to understand the distorted world of Alzheimer's victims their experiences and their feelings in their isolated world Only then can we relate better to their environment Only then we can understand the difficulties that are facing them daily as they strive to show others that they are still normal people By reading Dr Niki Karavasilis book The Mental Intruder you will begin to understand the experiences of one person Soula her dearest friend who taught her so much about her disease before she entered in her own world of Alzheimer's Dr Karavasilis too was very ignorant of people with Alzheimer's and ignored them Dr Karavasilis wrote this book to learn about Alzheimer's and to inform others about this fast growing disease She would also like to inform others that the stigma attached to this disease is unjust We have stigmatized this disease as something bad and overpowering It is a disease that is growing very fast in all the corners of the world The clinical symptoms of Alzheimer's are apparent but the cure is a long way from being discovered For now the only thing that we can do is to wait and show compassion and love to the persons who have Alzheimer's and give support to the caregiver Will the scientists find the cure for this horrific disease Nobody knows but there is hope
