God Has Many Names Britain's New Religious Pluralism:

God Has Many Names John Hick, 1982-01-01 Analyzes the attitudes of Christians toward other religions and examines how the major religions of the world establish a relationship with God *God Has Many Names* John Hick, 1980 **John Hick's Religious Pluralism in Global Perspective** Sharada Sugirtharajah, 2023-01-01 This volume contains fresh scholarly contributions to mark the birth centenary of John Hick the internationally well known philosopher of religion whose works continue to have significant global relevance in today's religiously diverse and conflict ridden world His writings have reset the parameters of religious pluralism Up till now Hick's religious pluralism has been mainly seen in relation to the Western context where Christianity is the predominant religion This volume includes both Western and non Western engagement with his thinking in contexts such as Japan China Korea Nigeria and India where Christianity is a minority religion with little political power Its distinctiveness lies in widening the debate on religious pluralism by bringing Hick's pluralistic hypothesis into a constructive cross cultural and interreligious conversation with scholars of Hinduism Jainism Daoism Judaism Christianity Islam and African traditional religions In doing so this collection examines how Hick's philosophy of religious pluralism has been received appropriated and appraised by these scholars It has been appreciated and critiqued in equal measure and continues to impact on current thinking on religious pluralism This volume makes a significant contribution to the debate initiated by Hick Religious Pluralism and the Modern World S. Sugirtharajah, 2011-12-13 A fascinating collection of essays by leading scholars in the field engage with the idea of religious pluralism mooted by John Hick to offer incisive insights on religious pluralism and related themes and to address practical aspects such as interreligious spirituality and worship in a multi faith context **Karl Barth's Theology as a Resource for a Christian Theology of Religions** Sven Ensminger, 2014-08-28 This book uses Karl Barth's theology as a resource for Christian theology of religions For this purpose it examines Barth's theology under the doctrinal aspects of revelation revelation and religion theological anthropology and election addressing questions such as the possibility of and context for revelation Barth's understanding of religion the theological approach to the human being and soteriology Furthermore Barth's thought is put into conversation with other approaches in the field of theology of religions notably Karl Rahner's inclusivism and John Hick and the pluralist paradigm It is shown that Barth's theological system as a whole can serve as a resource for the Christian approach to and interaction with those of other faiths or no faith at all This is achieved through maintaining a balance between the commitment to the own faith and the openness to the sovereignty of God impacting the whole of creation Central to Barth's approach is the challenge to the Christian community to see their presuppositions challenged in the most unexpected circumstances while looking beyond human categories to affirm the dignity bestowed upon all of humanity through the divine Yes in the person Jesus Christ Barth's theology with its starting point in the person of Jesus Christ is advocated as a framework for the members of the Christian community as they live alongside those with a different faith from their own

Faith Among Faiths James Lee Fredericks, 1999 In the twenty first century the meaning of non Christian religions for Christian faith will become a central question Are all religions including Christianity responding to the same transcendent truth or are religions fundamentally different In Faith among Faiths James Fredericks moves beyond the popular pluralist model of religions and explores the meaning of Christianity in light of non Christian religions By doing theology comparatively Fredericks shows how Christians can look upon religious diversity as an opportunity for enriching their own spiritual quest BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Christians Meeting Hindus Bob Robinson, 2011-06-16 With rare exceptions serious intentional reflective and sustained interfaith encounter is a novel and recent enterprise This book looks in detail at one such encounter the intentional recent Hindu Christian dialog in India and asks why and how the practice of dialog came to replace previous attitudes of confrontation and monologue especially on the part of Christians Part I sets the encounter in its global context Part II offers a comprehensive and critical analysis of the actual encounter Part III draws on aspects of the Christian tradition as it critically examines the ways in which the dialog has been justified in Christological categories A final chapter discusses the future of the encounter Unlike many other works in the area of interfaith studies this work combines both descriptive detail of the actual encounter and critical theological analysis of the strengths and weakness of the dialog model *Modern Western Christian Theological Understandings of Muslims Since the Second Vatican Council* Mahmut Aydin, 2002

Theology Against Religion Tom Greggs, 2011-12-29 A constructive approach from a theological perspective about the category of religion in Dietrich Bonhoeffer and Karl Barth

Ordinary Theology Jeff Astley, 2017-07-05 Ordinary theology is Jeff Astley's phrase for the theology and theologising of Christians who have received little or no theological education of a scholarly academic or systematic kind Astley argues that an in depth study of ordinary theology which should involve both empirical research and theological reflection can help recover theology as a fundamental dimension of every Christian's vocation Ordinary Theology analyses the problems and possibilities of research and reflection in this area This book explores the

philosophical theological and educational dimensions of the concept of ordinary theology its significance for the work of the theologian as well as for those engaged in the ministry of the church and the criticisms that it faces Ordinary theology Astley writes is the church's front line Statistically speaking it is the theology of God's church

Foucault, Christianity and Interfaith Dialogue Henrique Pinto, 2020-11-25 Foucault Christianity and Interfaith Dialogue develops a new model for interfaith dialogue using the work of the French historian of ideas Michel Foucault The author argues that it is the injustice done to the Other by Roman Catholic Protestant and other centred and unitary models of religious pluralism that allows the introduction of Foucault's de-centring of transcendence and human reason as an alternative model for understanding religious diversity and the role it ought to play in the constitution of the self and the making of society This Foucaultian approach provides a new direction for interfaith dialogue in the modern world and leads to an ethical rather than a nihilistic position while fostering a non-unitary theology of religious pluralism and an open textured process of self transformation The author's original and imaginative application and expansion of Foucault's concept of the More from The Archaeology of Knowledge 1969 makes important and original contributions to academic work on Foucault and contemporary theology

Rhetorical Interaction in 1 Corinthians 8 and 10 Yeo, 2021-09-06 Rhetorical Interaction in 1 Corinthians 8 and 10 is a formal analysis of Paul's rhetorical interaction with the Corinthians over the issues of participation in the cultic meal 1 Cor 10 1 22 and the eating of idol food 1 Cor 8 1 13 10 23 11 1 The thesis is that Paul's theology and rhetoric are predicated on knowledge and love Major portions of the book employ rhetorical sociological archaeological and historical critical approaches to examine the triangular interaction between Paul the Corinthians and the biblical texts paying particular attention to the complex configuration of the Corinthian congregation including the influence of proto Gnosticism as well as the ways Paul responded to the shifting situation and different issues The two chapters on rhetorical hermeneutical theory and criticism are especially creative as the author suggests a Chinese hermeneutic for cross cultural dialogues the issue of ancestor worship being a specific example

Christianity and the Religions Edward Rommen, Harold A.

Netland, 1995-09-15 The Majesty and Greatness of God Unprecedented opportunities and challenges await the Christian church as it approaches the 21st century Just fifty years ago we could not have dreamed how advanced technologies and the remarkable rise of non Western missionaries would open doors for world evangelization At the same time the church finds itself increasingly troubled by internal and external pressures resulting in a deep sense of insecurity about its mission in the world The current theological and missiological ferment is seen in debates about religious pluralism What is the relationship between the Christian faith and other religious traditions Missiologist Gerald Anderson says No issue in missiology is more important more difficult more controversial or more divisive for the days ahead than the theology of religions This is the theological issue for mission in the 1990s and into the 21st century The essays in this book take a fresh look at the biblical data to address pressing questions raised by religious pluralism With a greater understanding of these issues God's people

will not only have increased confidence in the one true God they will be further emboldened to carry on the work of world missions

Interreligious Theology Ephraim Meir, 2015-08-17 This book is the first greater attempt to construct a dialogical theology from a Jewish point of view It contributes to an emerging new theology that promotes the interrelatedness of religions in which encounter openness hospitality and permanent learning are central The monograph is about the self and the other inner and outer own and strange about borders and crossing borders and about the sublime activities of passing and translating Meir analyses and critically discusses the writings of great contemporary Jewish dialogical thinkers and argues that the values of interreligious theology are moored in their thoughts In his view interreligious dialogue supposes attentive listening humility a critical attitude towards oneself and others a good amount of self relativism and humor It is about proximity dialogical reading engagement and interconnectedness

The Unique and Universal Christ Michael Nazir-Ali, 2018-02-28 There are tremendous pressures on Christians in the contemporary world to conform to a libertarian vision of a multi faith society where no one makes truth claims about their faith In such a situation Christians need to think afresh about the uniqueness and universality of Jesus Christ and what this might mean in today's plural world Bishop Michael Nazir Ali shows how Jesus understanding of himself and his work bears on contemporary cultures and their values He explores critical questions Christians must face What does the gospel affirm in contemporary cultures What does the gospel fulfil in contemporary cultures What does the gospel challenge in contemporary cultures How does our understanding of the crucified and risen Lord affect our view of the human condition How can we evaluate the different religious traditions of the world in the light of Christ How can we be welcoming and hospitable but also committed to that conversion and transformation of individuals and of human societies which has been revealed as God's purpose in Christ Christian claims of uniqueness have a direct bearing on what informs the social order Consequently this book takes on the challenge of relativism in the contemporary social and political arena
