Heschel, 2025-08-22 *Man Is Not Alone* is a profound beautifully written examination of the ingredients of piety how man senses God's presence explores it accepts it and builds life upon it Abraham Joshua Heschel's philosophy of religion is not a philosophy of doctrine or the interpretation of a dogma He erects his carefully built structure of thought upon foundations which are universally valid but almost generally ignored It was *Man Is Not Alone* which led Reinhold Niebuhr accurately to predict that Heschel would become a commanding and authoritative voice not only in the Jewish community but in the religious life of America With its companion volume *God in Search of Man* it is revered as a classic of modern theology *The American Judaism of Mordecai M. Kaplan* Emanuel Goldsmith, Mel Scult, Robert Seltzer, 1992-10 Mordecai M Kaplan a pioneering figure in the reinterpretation and redefinition of Judaism in the 20th century embraced religious liberalism naturalism and empiricism and gave expression to a unique American attitude in philosophy and theology This volume the first comprehensive treatment of Kaplan since his death in 1983 illustrates Kaplan's links to traditional Jewish roots and demonstrates his evolutionary philosophy of Jewish culture his Zionist orientation and the vast range of his thought and action The volume also features a complete bibliography of Kaplan's writings Choice A must for every serious thinker probing American Jewish culture history and theology Alfred Gottschalk President Hebrew Union College Jewish Institute of Religion These highly knowledgeable essays provide us with a new and more complex image of a central personality in 20th century American Jewish life They are indispensable for

Soltes, 2009 Throughout the ages and across religious traditions people have yearned to personally experience God and deeply connect with the Creator In *Mysticism in Judaism Christianity and Islam* Ori Z Soltes traces the sweep of mysticism this search for oneness with God throughout the three Abrahamic traditions This unique comparative overview begins with a definition of mysticism and a discussion of its place within religion as a whole Soltes then explores the history of mysticism from Biblical times through the present day highlighting the emergence of mysticism within the three traditions and how beliefs and practices converge and diverge over time The final chapters discuss the growing interest in mysticism today through practices such as Kabbalah and how people publicly express their private encounters with God through art literature and other modern media Coherent Judaism Shai Cherry, 2021-06-29 *Coherent Judaism* begins by excavating the theologies within the Torah and tracing their careers through the Jewish Enlightenment of the eighteenth century Any compelling contemporary Judaism must cohere as much as possible with traditional Judaism and everything else we believe to be true about our world The challenge is that over the past two centuries our understandings of both the Torah and nature have radically changed Nevertheless much Jewish wisdom can be translated into a contemporary idiom that both coheres with all that we believe and enriches our lives as individuals and within our communities *Coherent Judaism* explains why pre modern Judaism opted to privilege consensus around Jewish behavior halakhah over belief The stresses of modernity have conspired to reveal the incoherence of that traditional approach In our post Darwinian and post Holocaust world theology must be able to withstand the challenges of science and history Traditional Jewish theologies have the resources to meet those challenges *Coherent Judaism* concludes by presenting a philosophy of halakhah that is faithful to the covenantal aspiration to live long on the land that the Lord our God has given us JPS: The Americanization of Jewish Culture, 1888-1988 Jonathan D. Sarna, 2021-09 Published to mark the 100th anniversary of The Jewish Publication Society Jonathan Sarna's engaging blend of anecdote and analysis presents the

Goldy, 1990-02-22 In *The Emergence of Jewish Theology in America* Robert G Goldy traces the birth and development of American Jewish theology from the Second World War to the present taking into account its social historical and intellectual roots and its revolutionary impact on the rabbinate and the Jewish intellectual community Affected by the horrors of war many third generation American Jews became dissatisfied with Jewish liberal thought and sought an American Jewish theology that would be radical existentialist and neo Orthodox      *God's Quest* Lyman C.D. Kulathungam, 2019-12-09 Why bother with God when he is viewed as a sacred superstition a discarded non entity or a pretext for religious wars Jews and Christians have doubted and discarded God at many times throughout the ages and have also justified countless conflicts in his name Their history however tells a different story Here we observe the historical reality of God s relentless quest to relate with people whether Jew or gentile Despite significant differences between these communities this is the DNA that binds them and places them in a paradigm different from the one articulated in *The Quest* Christ Amidst the Quest where people are seeking to be freed from their predicament The Judeo Christian narrative shows God s incessant quest orchestrated through various channels such as scriptural revelation miraculous interventions covenantal commitments divine presence in the tabernacle or the temple God s sacrificial incarnation in Christ and the advent of the anticipated Jewish Messiah The narrative climaxes in a grand finale when humans and their habitat will be ushered into an age of peace and harmony Journeying through such a narrative will provide assurance that God is walking with you amidst life s turmoil and that the best is yet to be      *The Jews as a Chosen People* S. Leyla Gurkan, 2008-12-05 The concept of the Jews as a chosen people is a key element of the Jewish faith and identity This book explores the idea of chosenness from the ancient world through modernity and into the Post Holocaust era Analysing a vast corpus of biblical

ancient rabbinic and modern Jewish literature the author seeks to give a better understanding of this central doctrine of the Jewish religion She shows that although the idea of chosenness has been central to Judaism and Jewish self definition it has not been carried to the present day in the same form Instead it has gone through constant change depending on who is employing it against what sort of background and for what purpose Surveying the different and sometimes conflicting interpretations of the doctrine of chosenness that appear in Ancient Modern and Post Holocaust periods the dominant themes of Holiness Mission and Survival are identified in each respective period The theological philosophical and sociological dimensions of the question of Jewish chosenness are thus examined in their historical context as responses to the challenges of Christianity Modernity and the Holocaust in particular This book will be of interest to scholars and students of Jewish Studies the Holocaust religion and theology
