## **God Made Flesh Or The Myth Of Human Deification:**

**God Made Flesh Or the Myth of Human Deification** Henry Frank, 2005-12 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work.

**The Doom of Dogma and the Dawn of Truth** Henry Frank, 1901     *The Arena*, 1902     *The Arena* Benjamin Orange Flower, John Clark Ridpath, Paul Tyner, John Emery McLean, Neuville O. Fanning, Charles Brodie Patterson, 1902     **The Metaphysical Magazine**, 1905     **The Oxford Handbook of Deification** Paul L. Gavrilyuk, 2024 This handbook offers a comprehensive and varied study of deification within Christian theology. Forty-six leading experts in the field examine points of convergence and difference on the constitutive elements of deification across different writers, thinkers, and traditions.

**Deification in Russian Religious Thought** Ruth Coates, 2019 A study of the reception of the Eastern Christian Orthodox doctrine of deification by Russian religious thinkers of the immediate pre-revolutionary period.     **Patterns of Deification in the Acts of the Apostles** Daniel B. Glover, 2022-10-11 Five times throughout the course of Luke's narrative in Acts, an individual character is identified as a god. Rarely have scholars read these deification scenes within their narrative and historical settings with sufficient care. With regard to the narrative setting, scholars working on the deification scenes tend to take one or another as normative and read the remaining acclamations in light of a particular interpretation of that one pericope. However, such reading strategies run aground when they arrive at the final acclamation 28:1-10, which breaks the exegetical bow of the interpretive ship. In this study, Daniel B. Glover evaluates the deification scenes in the Book of Acts by locating them within the broader ancient Mediterranean context of deification. He offers a fresh reading of Acts that situates each of the five scenes within a distinct literary pattern recognizable to its earliest readers.     **Visions of God and**

**Ideas on Deification in Patristic Thought** Mark Edwards, Elena Ene D-Vasilescu, 2016-10-26 This volume illustrates the complexity and variety of early Christian thought on the subject of the image of God as a theological concept and the difficulties that arise even in the interpretation of particular authors who gave a cardinal place to the image of God in their expositions of Christian doctrine. The first part illustrates both the presence and the absence of the image of God in the earliest Christian literature; the second examines various studies in deification, both implicit and explicit; the third explores the relation between iconography and the theological notion of the image.     **Growth and Guilt** Luigi Zoja, 2003-09-02 The relentless exploitation of the earth's resources and technology's boundless growth are a matter of urgent concern. When did this race towards the limitless begin? The Greeks, who shaped the basis of Western thinking, lived in mortal fear of humanity's hidden hunger for the infinite and referred to it as hubris, the one true sin in their moral code. Whoever desired or possessed too much was implacably punished by nemesis; yet the Greeks themselves were to pioneer an unprecedented level of ambition.

that began to reverse that tabu If it is true that no culture can truly repudiate its origins and that gods who are no longer potent can vanish but still leave behind a body of myth which continues to live and assert itself in modernized garb then our concern with the limits of growth reflects something more than an awareness of new technological problems it also brings to light a psychic wound a feeling of guilt which are infinitely more ancient *Dialectical Readings* Stephen N.

Dunning, 1997-07-18 Interpretation pervades human thinking Whether perception or experience spoken word or written theory whatever enters our consciousness must be interpreted in order to be understood Every area of inquiry art and literature philosophy and religion history and the social sciences even many aspects of the natural sciences involves countless opportunities to interpret the object of inquiry according to very different paradigms These paradigms may derive from the language we speak the nature of our education or personal preferences The abundance and diversity of paradigms make interpretation both fascinating in its complexity and often frustrating for the conflicts it generates In *Dialectical Readings* Dunning distinguishes three types of interpretation each defined in terms of a distinctive dialectical way of thinking theoretical interpretation which assumes binary oppositions transactional interpretation which seeks reciprocal relations and transformational interpretation which discerns paradoxical meanings Dunning offers new and insightful readings of familiar texts by B F Skinner Claude Lévi Strauss Lee Benson Roland Barthes Friedrich Nietzsche and Michel Foucault and sheds new light on works by Thomas Kuhn Joseph Campbell Reinhold Niebuhr Søren Kierkegaard Paul Tillich and Paul Ricoeur *Dialectical Readings* enables readers to recognize diverse dialectical approaches to understanding their own as well as those of others in a way that provides new and helpful insights into a wide variety of subjects in which conflicting interpretations abound

**Deification in Classical Greek Philosophy and the Bible** James Bernard Murphy, 2024-06-27 The goal of human life according to Plato Aristotle and the Bible is to become as much like god as possible This book written in vivid and lucid English illuminates Greek philosophy by showing how it grows out of ancient Greek religion and how it compares to biblical religion

**The Historical Christ** Fred. C. Conybeare, This little volume was written in the spring of the year 1913 and is intended as a plea for moderation and good sense in dealing with the writings of early Christianity just as my earlier volumes entitled *Myth Magic and Morals* and *A History of New Testament Criticism* were pleas for the free use in regard to the origins of that religion of those methods of historical research to which we have learned to subject all records of the past It provides a middle way between traditionalism on the one hand and absurdity on the other and as doing so will certainly be resented by the partisans of each form of excess The comparative method achieved its first great triumph in the field of Indo European philology its second in that of mythology and folk lore It is desirable to allow to it its full rights in the matter of Christian origins But we must be doubly careful in this new and almost unworked region to use it with the same scrupulous care for evidence with the same absence of prejudice and economy of hypothesis to which it owes its conquests in other fields The untrained explorers whom I here criticize discover on almost every page connections in their subject matter where there

are and can be none and as regularly miss connections where they exist Parallelisms and analogies of rite conduct and belief between religious systems and cults are often due to other causes than actual contact inter communication and borrowing They may be no more than sporadic and independent manifestations of a common humanity It is not enough therefore for one agent or institution or belief merely to remind us of another Before we assert literary or traditional connection between similar elements in story and myth we must satisfy ourselves that such communication was possible The tale of Sancho Panza and his visions of a happy isle over which he shall hold sway when his romantic lord and master Don Quixote has overcome with his good sword the world and all its evil reminds us of the naïf demand of the sons of Zebedee to be allowed to sit on the right hand and the left of their Lord so soon as he is glorified With equal simplicity Jesus promises that in the day of the regeneration of Israel when the Son of Man takes his seat on his throne of glory Peter and his companions shall also take their seats on twelve thrones to judge the twelve tribes of Israel The projected mise en scène is exactly that of a Persian great king with his magnates on their several cushions of state around him There is again a close analogy psychologically between Dante's devout adoration of Beatrice in heaven and Paul's of the risen Jesus These two parallels are closer than most that Mr Robertson discovers between Christian story and Pagan myth yet no one in his senses would ever suggest that Cervantes drew his inspiration from the Gospels or Dante from the Pauline Epistles In criticizing the Gospels it is all the more necessary to proceed cautiously because the obscurantists are incessantly on the watch for solecisms or howlers as a schoolboy would call them and only too anxious to point to them as of the essence of all free criticism of Christian literature and history

The Future of Flesh: A Cultural Survey of the Body K. Kitsi-Mitakou, Z. Detsi-Diamanti, 2009-04-26 Encompassing some of the most recent academic research on mainstream issues of body image weight and representation of the body this collection addresses the body in areas such as ancient Greek poetry new media art comic book culture and biotechnology **Worship and the Common Life** Eric Hayman, 2014-03-06 Originally published in 1944 this book presents an examination of the relationship between Christian worship and daily life putting forward the view that religious feeling should be integrated with the more secular aspects of human existence Although written from a Quaker perspective the text was intended to transcend denominational issues and address the world wide fellowship of men and women who are one in the Body of Christ Notes are included throughout This book will be of value to anyone with an interest in theology and the history of Christianity

**Worshipping the State** Benjamin Wiker, 2013-03-25 Outlining a simple step by step strategy for disestablishing the state church of secularism Wiker shows the full historical sweep of the war to those on the Christian side of the cultural battle and as a consequence of this far more complete vantage how to win it **Incarnation** Thomas F. Torrance, 2025-08-04 The late Thomas F. Torrance has been called the greatest Reformed theologian since Karl Barth and the greatest British theologian of the twentieth century by prominent voices in the academy His work has profoundly shaped contemporary theology in the English speaking world This first of two volumes comprises Thomas Torrance's lectures

delivered to students in Christian Dogmatics on Christology at New College Edinburgh from 1952 to 1978 and amounts to the most comprehensive presentation of Torrance's understanding of the incarnation ever published. In eight chapters these expertly edited lectures highlight Torrance's distinctive belief that the object of our theological study Jesus Christ actively gives himself to us in order that we may know him. They also unpack Torrance's well-developed understanding of our union with Christ and how it impacts the Christian life as well as his reflections on the in-breaking of Christ's kingdom and its intense conflict with and victory over evil. Decidedly readable and filled with some of Torrance's most influential thought, this will be an important volume for scholars, professors, and students of Christian theology for decades to come.

### **Desiring**

**Divinity** M. David Litwa, 2016-10-03 Perhaps no declaration incites more theological and moral outrage than a human's claim to be divine. Those who make this claim in ancient Jewish and Christian mythology are typically represented as the most hubristic and dangerous tyrants. Their horrible punishments are predictable and still serve as morality tales in religious communities today. But not all self-deifiers are saddled with pride and fated to fall. Some who claimed divinity stated a simple and direct truth. Though reviled on earth, misunderstood and even killed, they received vindication and rose to the stars. This book tells the stories of six self-deifiers in their historical, social, and ideological contexts. In the history of interpretation, the initial three figures have been demonized as cosmic rebels: the first human, Adam; Lucifer, later identified with Satan; and Yaldabaoth in gnostic mythology. By contrast, the final three have served as positive models for deification and divine favor: Jesus in the gospel of John; Simon of Samaria; and Allogenes in the Nag Hammadi library. In the end, the line separating demonization from deification is dangerously thin, drawn as it is by the unsteady hand of human valuation.

### **The Seed of**

**Abraham** Michael M. C. Reardon, Pesach Wolicki, 2025-06-25 The inspiration for this volume emerged from years of friendship, dialogue, and collaboration between a Jewish rabbi and a Christian professor. Historically, Jewish-Christian relations have been a fraught sphere of inquiry. Despite sharing a set of Scriptures, the relationship between Christians and Jews has been marked by distrust, misunderstandings, and exaggerated theological differences which, taken together, appear to create an indissoluble wedge between the two faiths. This volume brings the two faiths into fruitful and productive dialogue by unearthing, recondite yet highly significant features shared between them. Beyond being an academic exercise, the aspiration undergirding this project is to bridge the gap between Jews and Christians and, by doing so, chart a path forward toward rapprochement, reconciliation, and Jewish-Christian unity.

### **Jesus and the Incarnation**

David Emmanuel Singh, 2012-02-01 Jesus and the Incarnation: Reflections of Christians from Islamic Contexts. In the dialogues of Christians with Muslims, nothing is more fundamental than the Cross, the Incarnation, and the Resurrection of Jesus. An open and honest conversation on these is a necessity as Christians all over the world meet with Muslims on a daily basis. Building on the volume on the Cross published in 2009, this book contains voices of Christians living in various Islamic contexts and reflecting on the Incarnation of Jesus. The aim of these reflections is constructive, and the hope is that the papers weaved around the notion of the Word

will not only promote dialogue among Christians on the roles of the Person and the Book but also create a positive environment for their conversations with Muslim neighbors
