No Matter What Catherine Keller, 2024-12-03 A collection of essays that outline the recent work on ecology political theology religion and philosophy by one of the leading theologians of our age As we face relentless ecological destruction spiraling around a planet of unconstrained capitalism and democratic failure what matters most How do we get our bearings and direct our priorities in such a terrestrial scenario Species race sex politics and economics will increasingly come tangled in the catastrophic trajectory of climate change With a sense of urgency and of possibility Catherine Keller's No Matter What reflects multiple trajectories of planetary crisis They converge from a point of view formed of the political ecologies of a transdisciplinary theological pluralism In its work an ancient symbolism of apocalypse deconstructs end of the world narratives Christian and secular even as any notion of an all controlling and good God collapses under the force of internal contradiction In the place of a once for all incarnation the materiality of unbounded interincarnation of fragile yet animating relations of mattering earth bodies comes into focus The essays of No Matter What share the preoccupation with matter characteristic of the so called new materialism They also root in an older ecotheological tradition one that has long struggled

against the undead legacy of an earth betraying theology that with the aid of its white Christian right wing invests the denigration of matter its spirit of no matter in limitless commodification The fragile alternative Keller outlines here embraces no matter what the mattering of the life of the Earth and of all its spirited bodies These essays struggling against Christian and secular betrayals of the spirited matter of Earth work to materialize the still possible planetary healing [Loving God's Wildness](#) Jeffrey Bilbro,2015-04-30 Analyzing writings ranging from the Puritans to the present day Loving God's Wildness traces the effects of Christian theology on America's ecological imagination revealing the often conflicted ways in which Americans relate to and perceive the natural world **The Martyrs of Columbine** J. Watson,2003-05-02 On April 20 1999 Eric Harris and Dylan Klebold killed twelve fellow students and one teacher at Columbine High School in Littleton Colorado Two of the victims of the Columbine massacre Cassie Bernall and Rachel Scott reportedly were asked by the gunmen if they believed in God Both supposedly answered Yes and were killed Within days of their death Cassie and Rachel were being hailed as modern day martyrs and are seen by many American evangelicals as the sparks of a religious revival among teenagers Cassie and Rachel as innocents martyred for faith also became useful symbols for those seeking to advance a conservative political agenda and to lay the blame for Columbine at the feet of their liberal opponents According to police investigators however Cassie and Rachel may never have been asked by their killers about God They may have been simply victims of a senseless crime rather than martyrs to a cause The Martyrs of Columbine provides a careful examination of the available evidence and attempts to discover what really occurred Despite these questions the martyr stories continued to be told and the religious and political use of Cassie and Rachel continues The popular significance of the martyrs of Columbine persists and may even be growing How and why is this happening The Martyrs of Columbine is a groundbreaking investigation of what this tragedy has come and will come to mean in American religion politics and culture [Our World-God's Visible Language](#) Jerry Salloum,2022-05-18 How could you ever have thought our world was the ultimate reality How could you ever have thought that it was merely a stage set for the moral drama of men and women For the many who share these thoughts from C S Lewis our world is far more than mere matter space and energy Its orderly patterns its reliable processes and arresting natural beauty give it the capacity to speak without words a mysterious language that feeds our curiosity and wonder about it We are drawn into the world of the audacious with thoughts beyond the conventional to posit an intelligent and imaginative Artist and Architect whose ineffable Creation in both its spatial and temporal dimensions defies adequate verbal expression In delving into revelation contained in various earth sciences and within the pages of the Bible Our World God's Visible Language reveals a congruency between these two avenues to Truth that the visible Creation repeatedly declares the glory and mystery of the invisible God and that science is not an enemy to faith Informative and written with imagination and personal anecdotes these pages provide readers an opportunity to better understand the invisible God and His written Word nudging us toward a loftier context in which life can be lived and enjoyed with hope and

purpose The Living Word™ 2016-2017: Sunday Gospel Reflections and Activities for Teens Compilation, **Witness Is Presence** Miika Tolonen, 2014-01-07 In a postsecular cultural situation the conditions for understanding and communicating a Christian tradition have changed None of the established religions can any longer claim monopoly in the marketplace of religions A claim of this study is that a postsecular situation characterized among other things by dwindling memberships in established churches as well as a new visibility of alternative religious expressions opens up a need to reflect on alternative ways of understanding Christianity in its context This study focuses on the question how can a Christian tradition be communicated understandably in a postsecular context In traditional terms how can Christian witness be understood in our situation It is to this need according to this study that the ecclesiology of Stanley Hauerwas provides a meaningful perspective This perspective becomes relevant because in a postsecular context a Christian church even a folk church cannot assume to be in a position of majority or power There is therefore a need to ask how to understand Christianity as a community of witness that is neither in power nor a majority The study suggests that embodiment of Christian convictions becomes a central factor in a meaningful postsecular notion of witness **Untold Stories of Advent** Mark Vincent, 1993
