God Who Acts Thomas F. Tracy, 2010-11-01      **Philosophical Essays on Divine Causation** Gregory

Ganssle, 2021-12-30 This book discusses various aspects of God's causal activity. Traditional theology has long held that God acts in the world and interrupts the normal course of events by performing special acts. Although the tradition is unified in affirming that God does create, conserve, and act, there is much disagreement about the details of divine activity. The chapters in this book fruitfully explore these disagreements about divine causation. The chapters are divided into two sections. The first explores historical views of divine causal activity from the Pre-Socratics to Hume. The second section addresses a variety of contemporary issues related to God's causal activity. These chapters include defenses of the possibility of special acts of God, proposals of models of divine causation, and analyses of divine conservation. *Philosophical Essays on Divine Causation* will be of interest to researchers and graduate students working in philosophy of religion, philosophical theology, and metaphysics.

*Austin Farrer for Today* Richard Harries, Stephen Platten, 2020-09-30 Austin Farrer is often called the one genius the Church of England produced in the 20th Century. His innovative ideas crossed a host of theological disciplines. Assessing his continuing importance and introducing him to a new generation of readers, *Austin Farrer for Today* brings together a stellar collection of writers to reflect on Farrer's contribution to biblical theology, philosophy, language, doctrine, prayer, and preaching. Chapters include Rowan Williams on Farrer as a doctrinal theologian, Morwenna Ludlow on Farrer's language and symbolism, Jane Shaw on Farrer as preacher, John Barton on typology in Farrer.      *Divine Action, Determinism, and the Laws of Nature* Jeffrey Koperski, 2019-11-28 A longstanding question at the intersection of science, philosophy, and theology is how God might act or not when governing the universe. Many believe that determinism would prevent God from acting at all, since to do so would require violating the laws of nature. However, when a robust view of these laws is coupled with the kind of determinism now used in dynamics, a new model of divine action emerges. This book presents a new approach to divine action beyond the current focus on quantum mechanics and esoteric gaps in the causal order. It bases this approach on two general points: First, that there are laws of nature is not merely a metaphor. Second, laws and physical determinism are now understood in mathematically precise ways that have important implications for metaphysics. The explication of these two claims shows not only that nonviolationist divine action is possible, but there is considerably more freedom available for God to act than current models allow. By bringing a philosophical perspective to an issue often dominated by theologians and scientists, this text redresses an imbalance in the discussion around divine action. It will therefore be of keen interest to scholars of Philosophy and Religion, the Philosophy of Science, and Theology.      **Christianity and the Nation-State** Gary Chartier, 2023-07-27 In *Christianity and the Nation-State*, Gary Chartier provocatively offers readers unexpected critical distance from some familiar ways of understanding, justifying, and navigating existing political arrangements. People in multiple societies are posing important questions about the authority and functions of the contemporary nation-state and about potential alternatives to

this seemingly inescapable institution Chartier seeks to develop a distinctive theological response to the conditions prompting these questions Affirming liberalism and cosmopolitanism he reflects critically on nationalism localism religious establishment and theological accounts of political authority He highlights links between sin and state power and underscores deficiencies in democratic rhetoric and theory He rejects the idea of a global government advocating a nonterritorial alternative he labels radical consociationalism Moreover he presents concrete suggestions for life under the rule of the state

**Divine Causality and Human Free Choice** Robert Joseph Matava,2016-01-19 In Divine Causality and Human Free Choice R J Matava explains the idea of physical premotion defended by Domingo B ez whose position in the Controversy de Auxiliis has been typically ignored in contemporary discussions of providence and freewill Through a close engagement with untranslated primary texts Matava shows B ez s relevance to recent debates about middle knowledge Finding the mutual critiques of B ez and Molina convincing Matava argues that common presuppositions led both parties into an insoluble dilemma However Matava also challenges the informal consensus that Lonergan definitively resolved the controversy Developing a position independently advanced by several recent scholars Matava explains how the doctrine of creation entails a position that is more satisfactory both philosophically and as a reading of Aquinas

Work Out Your Salvation D. Glenn Butner Jr.,2024-04-09 In Work Out Your Salvation D Glenn Butner Jr demonstrates that participation in markets forms our moral character perceptions actions and ideas Drawing on experimental economics and moral theology he argues that the nature of such formation varies based on the design of the market and our interactions within it How he asks does formation of the market relate to the formation of grace providence justification and sanctification Are these forces at war for our souls Through a detailed analysis of these three doctrines and the theology of common grace and concurrent divine human action Work Out Your Salvation argues that God can work through the social context of markets through human identity and through economic incentive structures to foster providentially the created basis for the supernatural gifts of justification and sanctification Careful and theologically guided participation in a market can by common grace provide the occasion for positive spiritual formation through concurrent divine action However such formation is not guaranteed Maladaptive practices ideas and identities can also be fostered by markets not oriented toward a supernatural end Butner provides detailed evidence backed by extensive experimental and empirical research as to which market practices allow Christians to work out their salvation Phil 2 12 and which practices resist such moral transformation Work Out Your Salvation undermines simplistic endorsements or rejections of capitalism in favor of more nuanced analysis and lays bare which features of markets make us better and which make us worse

*Understanding Friendship* Gary Chartier, 2022-02-01 What is friendship Is it ethically important Does it exist outside ethics Is it a potential distraction from the love of God or from moral responsibility How might it nourish our spiritual lives How should we make sense of the moral responsibilities we often take ourselves to have to our friends Does friendship have anything to do with politics *Understanding Friendship* answers these questions by painting a picture of friendship as a vibrant expression of Christian love that can enrich individual lives even as in various ways it can also prove socially culturally politically and spiritually significant Through a wide ranging erudite yet accessible exploration of theological and philosophical traditions *Understanding Friendship* examines what friendship is while showing how its distinctive moral status can be supported by multiple approaches to Christian ethics *Understanding Friendship* ultimately reveals friendship's place in a fruitful understanding of Christian spirituality

**Loving Creation** Gary Chartier, 2022 Gary Chartier offers an alternative to natural law theories that disregard people's welfare and embrace impartiality He envisions Christian love as focused on creation to enrich social practices and personal life *Loving Creation* contributes to theological understanding personal moral reflection church practice and participation in public life

*In Face of Reality* Thomas A. James, 2011-04-01 This study of the work of noted liberal theologian Gordon Kaufman tracks his career from his first published book *Relativism Knowledge and Faith* 1960 through his 2006 book *Jesus and Creativity* in light of recent conversations about divine action and modern scientific knowledge James interprets Kaufman's mature position as a sophisticated reconstruction of divine activity that makes use of recent scientific theory and its naturalistic assumptions in order to revitalize a theocentric frame of reference rooted in classical theological tradition Though there are costs to be paid in the construction of a theology of radical naturalism particularly with respect to the relation between divine action and the human good Kaufman's program offers a distinctive way forward After developing a critical analysis of the limitations and possibilities of Kaufman's mature position James suggests that a christological reconsideration of the meaning of human flourishing offers the prospect of an even more radically naturalistic and theocentric theology

*The Essential Guide to the Power of the Holy Spirit* Randy Clark, 2015-01-20 The Holy Spirit Wants to Work Through You Because of division over these controversial questions many Christians have embraced a major deception about the Holy Spirit that He is no longer powerfully at work in the world today Randy Clark has been an eyewitness to the miraculous work of the Holy Spirit and a key participant in watching Him powerfully transform lives across the Earth This easy to read guide equips everyday believers to understand and activate the Spirit's power in their lives today *The Essential Guide to the Power of the Holy Spirit* will help you Discover the gifts of the Holy Spirit that are still in operation and available to you today Recognize an authentic move of God in your church community and life Understand how miracles signs and wonders play a key role in you sharing the Gospel To fulfill your destiny you must unlock the power of the Holy Spirit in your life He is God on the Earth and He wants to use you to release

His Kingdom today     The Christology of John Macquarrie Vernon L. Purdy, 2009 The Christology of John Macquarrie comprehensively scrutinizes the life and writings of Scottish born systematic theologian and philosopher John Macquarrie 1919 2007 in an attempt to comprehend and evaluate his Christology The author examines the people e g Heidegger Schleiermacher the philosophical and theological positions and the writings that formed Macquarrie s thinking One major influence was his commitment to modern critical theology including the premise that in the modern world the only acceptable Christological tenets are those that can stand up to the scrutiny of modern critical reasoning The work concludes that this commitment profoundly shaped Macquarrie s theology especially his Christology The book also discusses Macquarrie s evaluation and criticisms of the Christology of other theologians e g Kierkegaard Moltmann Pannenberg and others concluding that Macquarrie s understanding of the Christian faith and the person of Jesus Christ is consonant with modern liberal Anglo Catholicism This idea furthers the argument that Macquarrie s reluctance to accept traditional incarnational categories suggests that his Christology is a modern form of Adoptionism     **Divine Agency and Divine Action** William James Abraham, 2017 Divine Agency and Divine Action Volume I lays the groundwork for a constructive contribution to the contemporary debate regarding divine action Noted scholar William J Abraham argues that the concept of divine action is not a closed concept like knowledge but an open concept with a variety of context dependent meanings This volume charts the history of debate about divine action among key Anglophone philosophers of religion and observes that they were largely committed to this erroneous understanding of divine action as a closed concept After developing an argument that divine action should be understood as an open fluid concept Abraham engages the work of William Alston Process metaphysics quantum physics analytic Thomist philosophy of religion and the theology of Kathryn Tanner Abraham argues that divine action as an open concept must be shaped by distinctly theological considerations and thus all future work on divine action among philosophers of religion must change to accord with this vision Only deep engagement with the Christian theological tradition will remedy the problems ailing contemporary discourse on divine action     **Divine Agency and Divine Action, Volume I** William J. **Approaches to the Study of Religion** Peter Connolly, 2001-11-30 It has been argued that religious studies is a polymethodic discipline and that the student of religion should be familiar with the approaches of the major disciplines concerned with understanding the nature of religion not least because the approach adopted has profound influence on the phenomena chose for investigation and the conclusions reached This book is the first textbook specifically designed for undergraduate students that provides the essential background on methods of the major relevant disciplines Presenting each of the significant approaches to religion in an informed manner the book brings together experienced researchers from feminism anthropology sociology phenomenology psychology philosophy and theology It presents a consistent approach throughout with each chapter dealing with the same themes the historical development of the approach the characteristics of the approach and the surrounding issues and debates

**Philosophy, Science and Divine Action** F. LeRon Shults, Nancey C. Murphy, Robert John Russell, 2009-08-31 One of the most important and controversial themes in the contemporary dialogue among scientists and Christian theologians is the issue of divine action in the world This volume brings together contributions from leading scholars on this topic which emerged out of the Scientific Perspectives on Divine Action project co sponsored by the Vatican Observatory and the Center for Theology and Natural Science This multi year collaboration involved over 50 authors meeting at five international conferences The essays collected here demonstrate the pervasive role of philosophy in this dialogue Contributors include Ian Barbour Philip Clayton George F R Ellis Nancey Murphy Arthur Peacocke John Polkinghorne Robert John Russell F LeRon Shults William Stoeger Thomas F Tracy and Wesley Wildman

**Reframing Providence** Simon Maria Kopf, 2023 The doctrine of providence which states that God guides his creation has been widely conceived in action terms in recent theological scholarship Instead of recalibrating the much discussed non interventionist objective divine action NIODA approaches Simon Maria Kopf advocates a reframing of providence in terms of the virtue of prudence

**Catholic Theology After Kierkegaard** Joshua Furnal, 2016 Although he is not always recognized as such Soren Kierkegaard has been an important ally for Catholic theologians in the early twentieth century Moreover understanding this relationship and its origins offers valuable resources and insights to contemporary Catholic theology Of course there are some negative preconceptions to overcome Historically some Catholic readers have been suspicious of Kierkegaard viewing him as an irrational Protestant irreconcilably at odds with Catholic thought Nevertheless the favorable mention of Kierkegaard in John Paul II s Fides et Ratio is an indication that Kierkegaard s writings are not so easily dismissed Catholic Theology after Kierkegaard investigates the writings of emblematic Catholic thinkers in the twentieth century to assess their substantial engagement with Kierkegaard s writings Joshua Furnal argues that Kierkegaard s writings have stimulated reform and renewal in twentieth century Catholic theology and should continue to do so today To demonstrate Kierkegaard s relevance in pre conciliar Catholic theology Furnal examines the wider evidence

of a Catholic reception of Kierkegaard in the early twentieth century looking specifically at influential figures like Theodor Haecker Romano Guardini Erich Przywara and other Roman Catholic thinkers that are typically associated with the ressourcement movement In particular Furnal focuses upon the writings of Henri de Lubac Hans Urs von Balthasar and the Italian Thomist Cornelio Fabro as representative entry points

**Time, Eternity, and the Trinity** Eunsoo Kim, 2010-03-01

One of the vital issues in contemporary Christian theology is the problem of a renewed understanding of God's eternity and its relation to time This is not merely a peripheral doctrinal issue but lies at the heart of our understanding of God and humanity and contributes to our entire worldview This study focuses on a long standing debate between two competing views on God's eternity one focused on God's absolute timelessness in classical theism and the other on God's temporal everlastingness in contemporary panentheism In contrast to both of these well worn options this book presents an alternative Trinitarian analogical understanding of God's eternity and its relation to time especially through a critical reflection on Karl Barth's and Hans Urs von Balthasar's engagement of the issue This analogical approach based on the dynamic and dramatic concepts of God's being in relation and of the Triune God's communicative action in eternity and time has the potential to resolve the debate between absolute timeless eternity and temporal everlasting duration
