American Monroe S. Paige Baty, 1995-08-15 A highly original work that is extremely important to the study of both culture and politics Demonstrating how the cultural icon of Marilyn Monroe provides the body politic in American mass mediated society Baty not only offers a provocative reading of the iconographic biographic cartographic and hagiographic modes in which Marilyn has been written by others but also gives us a novel theorization of how popular culture translates transforms and embodies the political sphere Vivian Sobchack author of *The Address of the Eye* Reborn on coffee cups T shirts and film footage in conspiracy theory biography and necrophilia the remembered fragments of Marilyn Monroe so Paige Baty shows make up cult objects of our imagined community *American Monroe* is endlessly revelatory not only about the meanings of Marilyn but also about the nature of the common culture of the United States Mike Rogin author of *Ronald Reagan The Movie* In this original imaginative and innovative book Paige Baty asks and answers important questions about U S political culture by examining many mass mediated memories of Marilyn Monroe Baty uses our continuing national obsession with Monroe s life and death as a means of exploring the ways in which languages of belonging dominate our mass mediated political landscape She explores how iconic representations personal biographies conspiracy theories and anxieties about death shape the symbolic economy of American politics into what she calls the post mortem condition This important inquiry about collective memory mass media and political culture starts with the life and the mass mediated memory of one celebrity but it builds into a fascinating and persuasive general discussion about the nature of knowledge and the social production of the individual self in a world where mass mediated images and icons form the core of our collective consciousness George Lipsitz author of *Dangerous Crossroads* Popular Music Postmodernism and the Poetics of Place If U S culture cannot forget Marilyn Monroe readers of *American Monroe* will not be able to forget Professor Baty s elegant and provocative arguments Elvis Presley and Marilyn Monroe are both representative figures in U S cultural politics While his death is repetitively denied Elvis s living clones endlessly populate hotel conventions and tabloids But it is Marilyn s dissected body and haunting story of suicide that proliferate in the undead spaces of U S mass mediated culture In *American Monroe* Baty writes a haunting kind of political

above all else integrity But this carefully constructed veneer hides a dark truth the pattern of Kennedy men physically and psychologically abusing women and girls leaving a trail of ruin and death in each generation's wake Through decades of scandal after scandal from sexual assaults to reputational slander suicides to manslaughter the family and their defenders have kept the Kennedy brand intact Now in Ask Not bestselling author and journalist Maureen Callahan reveals the Kennedys' hidden history of violence and exploitation laying bare their unrepentant sexism and rampant depravity while also restoring these women and girls to their rightful place at the center of the dynasty's story from Jacqueline Onassis and Marilyn Monroe to Carolyn Bessette Martha Moxley Mary Jo Kopechne Rosemary Kennedy and many others whose names aren't nearly as well known but should be Drawing on years of explosive reportage and written in electric prose Ask Not is a long overdue reckoning with this fabled family and a consequential part of American history that is still very much with us At long last Callahan redirects the spotlight to the women in the Kennedys' orbit paying homage to those who freed themselves and giving voice to those who through no fault of their own could not One of Town Country's Must Read Books of Summer 2024

The Extension of Life R. A. York, 2003 Studies ten American novels from the later twentieth century in the light of theories of narration and of the recent debate on the nature of fiction After an introduction to the theoretical background it analyzes works by Malamud Bellow Capote Barth Doctorow Morrison Oates Ford Smiley and Kingsolver emphasizing the complementary tendencies in American fiction to documentation of historical conditions and to the free play of the creative writer to factual record and to self-conscious fabulation It argues that the tension between these two tendencies expresses an acute concern with the limitations of modern life with the writer's drive to constitute a realm of freedom and with the challenges of reconciling the two
