Training Disciplined Soldiers for Christ Tim W. Callaway, 2013-04-17 The comparative scarcity of academic attention given Prairie Bible Institute located at Three Hills Alberta Canada serves as the primary motivation behind this book This work should therefore be regarded as an attempt to contribute to and refine the very small amount of research available regarding how Prairie Bible Institutes first half century should be understood and interpreted by students of North American church history Drawing on an insiders perspective of PBI former PBI staff kid Tim W Callaway challenges the adequacy and accuracy of Canadian scholar Dr John G Stackhouse Jr s inference that the kind of sectish evangelicalism that typified PBI in the twentieth century was substantially different from the characteristics that define the traditional understanding of American fundamentalism The undertaking contained in these pages advances the perspective that Prairie Bible Institute during the L E Maxwell era did in fact reflect the influence and attributes of American fundamentalism to a far greater extent than what Stackhouse allowed for in his research *God is a Conservative* Kenneth J. Heineman, 2005-10 From Billy Graham and Ronald Reagan to Newt Gingrich and William Bennett this book provides an important look at the role of religion in conservative politics in modern America The author reveals the profoundly religious nature of contemporary conservatism offering an intriguing look at the social history of moral politics over the last three decades and the still tremulous aftershocks of the New Deal Pat Robertson David John Marley, 2007 A portrait of the 700 Club host and co founder of the Christian Coalition considers his role as a reviled figure in the secular world and a formidable role model among Christian fundamentalists in a profile that lauds his achievements while questioning some of his decisions Mad as Hell Dominic Sandbrook, 2012-02-14 I m mad as hell and I m not going to take it anymore The words of Howard Beale the fictional anchorman in 1976 s hit film *Network* struck a chord with a generation of Americans In this colourful new history Dominic

Sandbrook ranges seamlessly over the political economic and cultural high and low points of American life in the 1970s exploring the roots of the fears resentments cravings and disappointments we know so well today From Richard Nixon and Ronald Reagan to Anita Bryant and Jerry Falwell he shows how the 1970s saw the emergence of a new right wing populism setting the stage for the bitter partisanship and near total cynicism of our modern political landscape

Coming Out Republican Neil J. Young, 2024-04-03 A revelatory and comprehensive history of the gay Right from incisive political commentator Neil J Young One of the most maligned misunderstood and even mocked constituencies in American politics gay Republicans regularly face condemnation from both the LGBTQ community and their own political party Yet they've been active and influential for decades Gay conservatives were instrumental for example in ending Don't Ask Don't Tell and securing the legalization of same sex marriage but they also helped lay the groundwork for the rise of Donald Trump In *Coming Out Republican* political historian and commentator Neil J Young provides the first comprehensive history of the gay Right From the 1950s up to the present day Young excavates the multifarious origins motivations and evolutions of LGBTQ people who found their way to the institutions and networks of modern conservatism Many on the gay Right have championed conservative values like free markets a strong national defense and individual liberty and believed that the Republican Party therefore offered LGBTQ people the best pathway to freedom Meanwhile that same party has actively and repeatedly demonized them With his precise and provocative voice Young details the complicated dynamics of being in and yet never fully accepted into the Republican Party *Coming Out Republican* provides striking insight into who LGBTQ conservatives are what they want and why many of them continue to align with a party whose rank and file largely seem to hate them As the Republican Party renews its assaults on LGBTQ rights understanding the significant history of the gay Right has never been more critical

State, 1983

Big Lies Joe Conason, 2004-06-15 A powerful rebuttal to the likes of Ann Coulter Bill O'Reilly and Sean Hannity this is essential reading in an era of right wing bullying and political conformity

Lift Up Your Voice Like a Trumpet Michael B. Friedland, 2000-11-09 When the Supreme Court declared in 1954 that segregated public schools were unconstitutional the highest echelons of Protestant Catholic and Jewish religious organizations enthusiastically supported the ruling and black civil rights workers expected and actively sought the cooperation of their white religious cohorts Many white southern clergy however were outspoken in their defense of segregation and even those who supported integration were wary of risking their positions by urging parishioners to act on their avowed religious beliefs in a common humanity Those who did so found themselves abandoned by friends attacked by white supremacists and often driven from their communities Michael Friedland here offers a collective biography of several southern and nationally known white religious leaders who did step forward to join the major social protest movements of the mid twentieth century lending their support first to the civil rights movement and later to protests over American involvement in Vietnam Profiling such activists as William Sloane Coffin Jr Daniel and Philip Berrigan Abraham Joshua

Heschel Eugene Carson Blake Robert McAfee Brown and Will D Campbell he reveals the passions and commitment behind their involvement in these protests and places their actions in the context of a burgeoning ecumenical movement Religion in the Public Square James M. Patterson,2019-06-28 Ven Fulton J Sheen Dr Martin Luther King Jr and Rev Jerry Falwell religious leaders who popularized theology through media campaigns designed to persuade the public In Religion in the Public Square James M Patterson considers religious leaders who popularized theology through media campaigns designed to persuade the public Ven Fulton J Sheen Dr Martin Luther King Jr and Rev Jerry Falwell differed profoundly on issues of theology and politics but they shared an approach to public ministry that aimed directly at changing how Americans understood the nature and purpose of their country From the 1930s through the 1950s Sheen was an early adopter of paperbacks radio and television to condemn totalitarian ideologies and to defend American Catholicism against Protestant accusations of divided loyalty During the 1950s and 1960s King staged demonstrations and boycotts that drew the mass media to him The attention provided him the platform to preach Christian love as a political foundation in direct opposition to white supremacy Falwell started his own church which he developed into a mass media empire He then leveraged it during the late 1970s through the 1980s to influence the Republican Party by exhorting his audience to not only ally with religious conservatives around issues of abortion and the traditional family but also to vote accordingly Sheen King and Falwell were so successful in popularizing their theological ideas that they won prestigious awards had access to presidents and witnessed the results of their labors However Patterson argues that Falwell s efforts broke with the longstanding refusal of religious public figures to participate directly in partisan affairs and thereby catalyzed the process of politicizing religion that undermined the Judeo Christian consensus that formed the foundation of American politics **Radical Relations** Daniel Winunwe Rivers,2013-09-03 In Radical Relations Daniel Winunwe Rivers offers a previously untold story of the American family the first history of lesbian and gay parents and their children in the United States Beginning in the postwar era a period marked by both intense repression and dynamic change for lesbians and gay men Rivers argues that by forging new kinds of family and childrearing relations gay and lesbian parents have successfully challenged legal and cultural definitions of family as heterosexual These efforts have paved the way for the contemporary focus on family and domestic rights in lesbian and gay political movements Based on extensive archival research and 130 interviews conducted nationwide Radical Relations includes the stories of lesbian mothers and gay fathers in the 1950s lesbian and gay parental activist networks and custody battles families struggling with the AIDS epidemic and children growing up in lesbian feminist communities Rivers also addresses changes in gay and lesbian parenthood in the 1980s and 1990s brought about by increased awareness of insemination technologies and changes in custody and adoption law Fundamentalist Journal ,1983 Blue Dixie Bob Moser,2009-04-27 Keenly observed and deeply grounded in contemporary Southern politics Blue Dixie reveals the changing face of American politics in the South itself and its impact on the rest of the nation **Arresting Images** Steven C.

Dubin,2013-10-18 Although contemporary art may sometimes shock us more alarming are recent attempts to regulate its display Drawing upon extensive interviews a broad sampling of media accounts legal documents and his own observations of important events sociologist Steven Dubin surveys the recent trend in censorship of the visual arts photography and film as well as artistic upstarts such as video and performance art He examines the dual meaning of arresting images both the nature of art work which disarms its viewers and the social reaction to it Arresting Images examines the battles which erupt when artists address such controversial issues as racial polarization AIDS gay bashing and sexual inequality in their work
