Scripture during the Enlightenment period For Hutchinson critical scholarship s enchantment with the naturalism of Newton undermined the study of the Old Testament As cultural forces reshaped biblical interpretation Hutchinson spawned a movement that sought above all to reclaim the Old Testament as Christian Scripture Hutchinson s followers sought to be shaped by Scripture not culture Rejecting the Newtonian degradation of history they offered a compelling figural defense of the Old Testament s doctrinal and moral significance The Old Testament is the voice of Providence It is the means of discerning God s hand at work both in nature and in history The Quest to Save the Old Testament is a timely retelling of fateful and faithful attempts to save the Old Testament
