Present Evil, Active God Jered Gritters, 2022-04-05 Can we truly believe God is active and good amidst such rampant evil? Are there satisfying answers as to why our creator has allowed so much evil to flourish? We tend to believe either God must not be loving or must not be actively involved. Yet throughout history, believers and nonbelievers alike have pressed forward to respond to this great challenge at the core of all life. From Lenin to Mao and Hitler to Tolstoy, Gandhi, and MLK Jr., adjunct professor of biblical studies Jered Gritters details how some of the worst evil has not prevented the greatest solution the world has ever seen from having its impact. Applying the Sermon on the Mount, an all-important relational approach demonstrates how anyone can help to solve the problem of evil in any time or place. With empirical evidence backed up by history and a biblical foundation, the existence of evil is shown not to be the unsolvable conundrum many tend to think it is. Solidly researched and carefully translated, Gritters collects the historical theology and philosophy to demonstrate how God is actively pursuing a solution to evil and inviting us to participate with him in it. Exploring why God allowed evil in the first place, *Present Evil, Active God* brings fuller context and needed synthesis to what God has always been doing: deeply engaging in bringing about his
