political histories **A Plain History of the Christian Church. Fourth Edition** Ashton OXENDEN (Bishop of Montreal.),1864 **A plain history of the Christian Church** Ashton Oxenden (bp. of Montreal.),1864 **The Parable of the Prodigal Son (Luke IX. 11-32), Considered in Eight Discourses** Charles David MAITLAND,1844 **MARRIAGE WITH THE HANDS OF GOD** Robert Gobelet,2016-03-15 Unconditional love is eagerly promised at weddings but rarely practiced in real life As a result romantic hopes are often replaced with disappointment in the home But it doesn't have to stay that way This groundbreaking book offers much needed help to husbands and wives everywhere introducing the biblical teaching of unconditional respect and Love that helps reinforce commitment and SAVES MARRIAGES WITH THE HANDS OF GOD **Living in a Test Tube** L.E. Lee,2012-08-13 A deeply religious work about intellectual choice and the freedom to do what's good and follow the precepts of the God of Heaven Living in a Test Tube by L E Lee is an inspired treatise that sees the world as a place of testing and formation of intellectual beings into those who would by choice either enter into the golden bliss of heaven or those who by choice are destined for the damnable fires of hell With no fence straddling he exemplifies how there are ultimately only two choices one for the good and one for the evil The choice or battle between good and evil is not confined to simple equations though rather the complexity of God's creation is replicated in a planetary society whose primary God inspired intellect is man The Biblical records show how mankind has journeyed through in history making choices and living and dying by them It also shows the different forces and factors in play throughout the passage of man's history that influences his choices Lee clearly delineates this for his readers Fifteen years ago L E Lee was inspired to write Living in a Test Tube but because of his experiences with lots of people having only a form of godliness and not holistically wanting to follow God at His Word like Jonah thought of his preaching L E Lee didn't think it would do any good either so he left off from completing the book until recently Also because of his scientific background he graphically draws upon scientific parallels to biblical references to reflect the inspirational views of how life here on earth is primarily a test how the planet Earth is the test tube how the earth would be a much better environment if God's way was followed and what it is that the great God of heaven has in store for those who serve Him It is the hope and prayer of the author that every person who reads this book will at least engage in deeper spiritual reflection and at most turn with a sincere heart to prepare for what is to come upon this test tube called planet Earth God is God Only: Not more, Not less Vijay Venkateswar, This book presents a picture of the Ultimate Reality which is timeless and universal in appeal and which encompasses all beliefs It dispels popular misconceptions regarding God and presents an unbiased balanced view of the Supreme Truth The book respects all faiths It does not seek to guide or advise anyone on spiritual matters It merely presents the quintessence of the Highest Truth It gives complete freedom to everyone to do whatever he or she feels is best *The Church and Development in Africa, Second Edition* Stan Chu Ilo,2014-10-20 In this book Stan Chu Ilo offers an integral theology of development and a critical social analysis of different development theories and practices in the world especially in Africa Ilo offers a comprehensive biblical

anthropological and theological foundation of the principles and praxis of Catholic social ethics from the Second Vatican Council to Pope Francis Drawing from the social encyclical Charity in Truth Ilo shows how Catholic social teaching responds to some of the challenging questions and concerns of our times in relation to human rights ecology globalization international cooperation development and aid human and cultural development business ethics social justice and the challenges of poverty eradication He creatively applies these principles to the social context of Africa and lays a groundwork for sustainable Christian humanitarian and social justice initiatives in Africa

But God Gave Me Common Sense Cathy Jackson Carr, 2012-05-31 I learned about God as a little girl I've always believed in a higher power not having evidence of anything else I accepted there is a God Believing made me fear being struck by lightning or bad things happening if I did them Living a life full of hate deception greed gossip thieving or trying to intimidate just won't on my list of things to do The world has told people they are supposed to abuse and mistreat people when given the opportunity I was always fighting as a child I'd fight anybody I felt was mistreating me That meant a lot of fights I knew once I got to where I wanted to be in life I would never have to argue or fight anybody again I also knew my life would be what I made it I knew if I didn't surround myself with jealousy envy and hate These things would not have a place in my life The abuse of people starts with the young When people are abused from the very young then it's what they learn it's all they know and it's how they think things are supposed to be The abuse trickles into every aspect of their lives With the number of people coming forward today with claims of abuse We should all determine it to be the cause of this vicious cycle we all revolve in It is this vicious cycle that will make me appear to be repeating myself but as you'll soon see everything ties together One thing is a cause or an effect of another Can I be the only person to refuse to become a victim of this system of things Can I be the only person to not just accept abuse from people Can I be the only person to refuse to be a victim of this system of things Can I be the only person to refuse to live a life full of hate jealousy competition resentment and greed among other negative things Can I be the only person to refuse to abandon the beliefs and principals taught in the bible Psychologists have told people abuse and mistreatment by others is a key factor in growing up They say everybody gets this treatment and everybody feels it They say people should suck it up forgive the abuse forgive the person and go on with Our lives But the abuse trickles into every aspect of people's lives This book is an attempt to get people to look at their lives I am comparing the things we see and do every day to what the bible says is right I am not judging you It is not my place to judge anybody The almighty God will judge us all at the appropriate time I will point out however you are judged by people everyday I am asking you to judge yourself This is a book about love Love of God love of self and love of others Unconditional love That's the only thing God requires of us But what is love I'm not sure anybody can answer that question I certainly can't tell you I can however tell you what it is not What nobody should ever believe it to be Most people don't know the first thing about love They have to go on what they've accepted from people while being told it's love People mistake loving people for the need to see and talk to them daily or at least three or four times a

week Advances in technology have people not only allowing family and friends into their homes but they are so desperate to be a part of something that they are also opening themselves up to perfect strangers daily Life is what you make it I believe people bring a lot of life s problems on themselves They feel the need to know everything happening in other people s lives they feel the need to tell people what s happening in theirs Too much communication is soon much contamination In this book I ll be telling you what I believe and how I live I ll be telling you what my attempt to live the life God planned for all of us has given me I ll be telling you why I believe God favors me And although I know the things that wok for me won t work for everybody I d be happy just giving people something to think about If just one person is changed for the better my mission will be accomplishe

The Doctrines of Grace James Montgomery Boice,Philip Graham Ryken,2009-04-01 There is no question that we live in an age of weak theology and casual Christianity We have substituted intuition for truth feeling for belief and immediate gratification for enduring hope Evangelicalism desperately needs to return to the doctrines that once before reformed the world radical depravity unconditional election particular redemption

efficacious grace and persevering grace James Boice and Philip Ryken not only provide a compelling exposition on these doctrines of grace but also look briefly at their historical impact The authors leave no doubt that the church suffers when these foundational truths are neglected and that she must return to a Christianity that is practical minded kind hearted and most importantly biblically based
