Gods In Chaos:

Gods in Chaos Bilāl ibn Rabāḥ, Enki Bilal, 1988-01-01 *Chaos God* Rick Waugh, 2025-01-25 Who kidnapped the Dark Lord And why should Cantor and Robin go find him Cantor and Robin have sort of settled into their life together working as minstrels and occasionally stealing expensive items from the undeserving However things aren't smooth or simple Robin is still not sure about being a thief or a dragon shifter her dragonish tendencies are creeping to the fore Cantor wants only one thing to embrace the feelings that exploded between them in a searing kiss in the aftermath of stealing Nyx's crown That perfect day was destroyed by the arrival of Constantine the Dark Lord Unknown to them he was the customer for whom they stole the crown He was also Robin's master when she was a priest Displeased with her apostasy he threatened to send assassins after her Terrified for their lives she pushed Cantor away and they've lived since in a wary dance keeping silent about what lies between them Then the Dark Lord goes missing and the gods want to know why evidence points to the arrival of another rogue god Is it the one they all fear the most Who does the Universal Court turn to Their most trusted operatives of course But why would Cantor and Robin do anything but rejoice that Constantine has vanished Unfortunately gods don't give options and Cantor and Robin embark on a new mission torn about whether they wish to succeed or fail Cozy epic action and adventure found family a trickster goddess and her dragon shifter tied up with splashes of very slow burn romance and humor This book was written by a human being not AI **The Unified God** Aneeka Richins, 2018-04-17 Sixteen year old Ki's plan was simple save her parents end up with her best friend De and live happily ever after Unfortunately that happy ever after includes becoming a new god and taking on Rising Chaos the one the other eight gods failed to defeat Ki resents the assignment a fact that hinders her new god powers If she is to save the world she needs to actually want to be a god De has always dreamed of being someone amazing and he jumped at the chance of becoming a new god Alas he's just the power source for Ki and he's failing at it Even worse there's another power source trying to muscle into his spot If he doesn't figure a way to prove his worth he might lose Ki and the godship entirely *A God of Gods* Ashley Chappell, 2017-10-10 Chaos has chosen an ending After stripping Trotter away from the Noevans the race of people she'd sworn to protect Chaos forced her into the mythical role of God of Gods It is now her job to bring Death to all Creation But something else is planning to use Trotter's dominion over Death to alter the ending Chaos chose The gods of Realm terrified of Trotter's new power are manipulated into making a deal with devils from their ancient past After thousands of years of imprisonment however the Undreams will stop at nothing to exact revenge on the gods and turn the universe back into a nightmare without end Meanwhile violence is spreading across the face of Aevum Temples begin to fall one by one in cities far and wide to inexplicable uprisings The only perpetrators left behind are nearly catatonic with mysteriously solid white eyes and repeating the same phrase over and over again Chaos Dreams But He Never Sleeps But even this isn't as unnerving as when the gods begin appearing on their doorstep ragged and terrified by what horrors they've released The Gods of Chaos Rick

Waugh,2025-05-05 A minstrel and an ex priest battle to survive in a world full of monsters At least they have each other's backs right Well Cantor has talents he's a minstrel a high end thief and a middling magic user Robin on the other hand isn't sure what she is anymore her world's been turned upside down by odd unwelcome magic that rips her out of her old life and throws her and Cantor together Who or what is responsible Ivernia is riddled with chaos magic any mythical creature god or demon ever imagined by man could crawl from the darkness But just because it's all driven by chaos doesn't mean there are no rules surely those who created the world have it under control Maybe not And strangely enough when things fall apart they need human helpers to do their dirty work Cantor and Robin working together as minstrels occasional thieves sort of heroes get the call They're not averse to the idea a little adventure a little music maybe a little cash are all good things Of course it would go much smoother if they'd first take a moment to figure out their own relationship But that's apparently not so easy Join Cantor and Robin as they navigate a world filled with magic mythical creatures and uncertain rules and maybe just maybe work out what they mean to each other along the way Sword and sorcery action and adventure found family a trickster goddess and her dragon shifter tied up with splashes of very slow burn romance and humor What do readers say I finished *Rogue God* in one day This book had me hooked by the first chapter The banter was simply deliciously humorous the characters were unlike any I've met before I mean come on a selfish minstrel an obviously faulty Angel a Pixie who's a snitch a goddess and her dragon human I have always loved mythology and this book did not disappoint on that front From centaurs to pixies man wolves and dragons there is something in this book for everyone and I highly recommend These books were composed by a human being not AI

Night God Rick Waugh,2025-01-25 The Goddess of Night has crushed the day and eternal darkness shrouds the city Cantor and Robin are on a journey nothing heroic they're minstrels working the boisterous taverns of the Medials enhancing their income by slipping into the homes of the wealthy and relieving them of a valuable knickknack or two But this straightforward life is complicated by an aggravating personal question are the two of them family or something more On top of this Robin is struggling with what it means to be a dragon shifter and whether she wants to be a thief Cantor is bumbling along as usual hoping it all works out but clueless as to how that should look Their contemplative anguish is interrupted by the appearance of Nyx Goddess of the Night who takes over an Elvish city shielding it in darkness The old gods of Ivernia repulsed by the magical barrier turn to their favorite rogues Cantor and Robin asking them to sneak into Nyx's fortress and break her spell How do you penetrate a citadel shrouded in sorcerous darkness protected by fanatical acolytes armed with murderous magic overseen by a powerful deathly cold queen How do you pull off the heist of the millennium under the nose of such a guardian when your own gods are powerless against her Cozy epic action and adventure found family a trickster goddess and her dragon shifter tied up with splashes of very slow burn romance and humor This book was written by a human being not AI

Erickson,2007-05-14 Uses recent thought in continental philosophy and postmodern theology to interpret hidden and contradictory god ideas in texts of modernism such as Henry James s *The Golden Bowl* Marcel Proust s *In Search of Lost Time* James Joyce s *Portrait of the Artist As a Young Man* and Arnold Schoenberg s opera *Moses und Aron* *Bell's New Pantheon; Or Historical Dictionary of the Gods, Demi-gods, Heroes ...* ,1790 **God's Autopsy and the Living Truth of Soul** Hal Childs,2022-08-22 The Grand Narrative of Christianity that the Bible created is dead and the Bible is silent Does the Bible have anything relevant to say to our modern circumstances We ask where did God come from What happened to God God s Autopsy reinterprets soul and God as historical psychological phenomena related to the cultural structure of consciousness the invisible shared context of thought which has changed dramatically over the past three millennia This book offers a new way to understand the trajectory of Western civilization by making the implicit foundation of Western consciousness soul visible and conscious Our modern Western consciousness is radically different from that of antiquity when the Bible emerged Jung s psychological philosophical insight that whenever we speak about the psyche it is the psyche speaking about itself leads to the realization that today consciousness has come home to itself Beginning with preliterate polytheism the emergence of the transcendent god Yahweh and Christ which led directly to the Enlightenment objective soul continues to unfold itself How did late modernity become a topsy turvy quantum virtual digital impersonal and abstract world that appears to be running away from us The answer is unexpectedly and shockingly in the Bible itself **In Nomine** Nathan Neuharth, *Bell's New Pantheon ; Or, Historical Dictionary of the Gods, Demi-gods, Heroes, and Fabulous Personages of Antiquity* John Bell,1790 [Playing with Leviathan: Interpretation and Reception of Monsters from the Biblical World](#) Koert van Bakkum,Jaap Dekker,Henk R. van den Kamp,Eric Peels,2017-01-16 Since ancient times Leviathan

and other monsters from the biblical world symbolize the life threatening powers in nature and history They represent the dark aspects of human nature and political entities and reveal the supernatural dimensions of evil Ancient texts and pictures regarding these monsters reflect an environment of polytheism and religious pluralism Remarkably however the biblical writings and post biblical traditions use these venerated symbols in portraying God as being sovereign over the entire universe a theme that is also prominent in the reception of these texts in subsequent contexts This volume explores this tension and elucidates the theological and cultural meaning of Leviathan by studying its ancient Near Eastern background and its attestation in biblical texts early and rabbinic Judaism Christian theology Early Modern art and film *The River of God* Gregory J. Riley, 2003-03-04 Where did Christianity come from Acclaimed author Gregory Riley embarks on a remarkable journey in this readable and persuasive account of the origins of Christianity Riley demonstrates that early Christians held widely differing beliefs about God Jesus the Devil and the human soul and follows these beliefs back to their sources in Greek science and philosophy and the religions of the ancient Middle East An expert on the context in which Christianity arose Riley maps out a new understanding of the forging of Christianity and conveys a vital message for today about the true nature of Christian faith as inherently diverse

The Bible George Anastaplo, 2008-03-14 The Biblical heritage is generally recognized as vital to the development and guidance of Western Civilization as we know it It is also recognized that it is in the interest of both believers and skeptics that the Bible be read with care Among the things to be noticed is the status of the virtue of prudence in various circumstances described in the Bible Particularly revealing in George Anastaplo s essays and appendices is what is shown about how intrinsically interesting the Biblical accounts are accounts which not only offer guidance for everyday life but also instruction about the enduring questions that people everywhere have been asking for centuries Thus *The Bible Respectful Readings* provides instruction for analyzing Biblical texts with care It makes readers aware of both the questions addressed and the relevant evidence that should be assessed within *The Bible* Winston Churchill counselled responsible thinkers today to address not only those who enjoy the blessings and consolidation of revealed religion but also those who face the mystery of the human destiny alone In keeping with this spirit *Respectful Readings* accommodates to the wide range of prospective students of the sacred texts of Western Civilization

Creation and Chaos JoAnn Scurlock, Richard H. Beal, 2013-10-21 Hermann Gunkel was a scholar in the generation of the origins of Assyriology the spectacular discovery by George Smith of fragments of the Chaldean Genesis and the Babel Bible debate Gunkel's thesis inspired by materials supplied to him by the Assyriologist Heinrich Zimmern was to take the Chaokampf motif of Revelation as an event that would not only occur at the end of the world but had already happened at the beginning before Creation In other words in this theory one imagines God in Genesis 1 as first having battled Rahab Leviathan and Yam the forces of Chaos in a grand battle and only then beginning to create The problem with Gunkel's theory is that it did not simply identify common elements in the mythologies of the ancient Near East but imposed upon them a structure dictating the relationships between the elements a structure that was based on inadequate knowledge and a forced interpretation of his sources On the other hand one is not entitled to insist that there was no cultural conversation among peoples who spent the better part of several millennia trading with fighting and conquering one another Creation and Chaos attempts to address some of these issues The contributions are organized into five sections that address various aspects of the issues raised by Gunkel's theories
