Shirley, 2011-06-09 The proceedings of the conference Egypt Canaan and Israel History Imperialism Ideology and Literature include the latest discussions about the political military cultural economic ideological literary and administrative relations between Egypt Canaan and Israel during the Second and First Millennia BC incorporating texts art and archaeology *The Invention of God* Thomas Römer, 2015-12-14 Who invented God When why and where Thomas Römer seeks to answer these questions

about the deity of the great monotheisms Yhwh God or Allah by tracing Israelite beliefs and their context from the Bronze Age to the end of the Old Testament period in the third century BCE That we can address such enigmatic questions at all may come as a surprise But as R mer makes clear a wealth of evidence allows us to piece together a reliable account of the origins and evolution of the god of Israel R mer draws on a long tradition of historical philological and exegetical work and on recent discoveries in archaeology and epigraphy to locate the origins of Yhwh in the early Iron Age when he emerged somewhere in Edom or in the northwest of the Arabian peninsula as a god of the wilderness and of storms and war He became the sole god of Israel and Jerusalem in fits and starts as other gods including the mother goddess Asherah were gradually sidelined But it was not until a major catastrophe the destruction of Jerusalem and Judah that Israelites came to worship Yhwh as the one god of all creator of heaven and earth who nevertheless proclaimed a special relationship with Judaism A masterpiece of detective work and exposition by one of the world s leading experts on the Hebrew Bible The Invention of God casts a clear light on profoundly important questions that are too rarely asked let alone answered The Refusers Stanley Burnshaw,1981 **The Early History of God** Mark S. Smith,2002-08-03 There is still much disagreement over the origins and development of Israelite religion Mark Smith sets himself the task of reconstructing the cult of Yahweh the most important deity in Israel s early religion and tracing the transformation of that deity into the sole god the development of monotheism **God-Kings of the Nile: The Rise of Divine Kingship** AJ Carmichael,2025-08-20 Across the deserts and along the banks of the Nile the pharaohs of Egypt built more than temples and tombs they built an enduring vision of kingship that linked gods cosmos and people into one eternal order This book takes readers on a sweeping journey through the age of the pharaohs weaving together history mythology archaeology and cultural memory to reveal how Egypt s rulers became symbols of immortality From the divine kingship of Narmer and the construction of the pyramids at Giza to the golden mask of Tutankhamun and the political drama of Cleopatra each chapter uncovers how pharaohs shaped not only the destiny of Egypt but also the imagination of the world Themes of power ritual war sacred architecture and the afterlife bring into focus a civilization that saw its kings as living gods the guardians of Ma at cosmic order and justice Richly researched and vividly written this volume explores the pharaoh as priest warrior builder and eternal presence It examines the interplay between myth and history temples and tombs war and ceremony revealing how mortuary ideology preserved Egypt s identity for over three thousand years Whether describing the star aligned precision of the pyramids the thunder of chariot armies at Kadesh or the whispered prayers of priests tending funerary cults the narrative captures both the grandeur and the mystery of the pharaonic world For students of ancient history seekers of myth and mystery and lovers of Egypt s timeless legacy this book offers a compelling portrait of the most enduring kingship in human history where death was never an end but the beginning of eternity Struggling with God Mark McEntire,2008 This textbook focuses primarily on the content and structure of the Pentateuch The process which produced the Pentateuch and the long record of its use within Judaism and

Christianity are intricate and fascinating stories but it is the final forms of these five books to which we have the most reliable access. Discussions of historical and theological issues are included when they serve to illustrate the content and structure of the text. After an opening chapter which introduces the major issues in the study of the Pentateuch including a summary of the history of scholarship, a full chapter engages each of the five books. Attention to literary shape, texture and artistry are at the forefront of the discussion while historical and theological discussions are included where they are most informative. The book also includes many lists of textual data in each chapter. Most of these provide a view of features which serve to connect and draw together the diverse literature of the Pentateuch. They are intended to serve as starting points for active textual research in a classroom setting. The material in this book is classroom tested and was even developed during successive opportunities to teach courses in the Pentateuch.

Publisher: The Violence of the Biblical God L. Daniel Hawk, 2019-01-08. How can we make sense of violence in the Bible? Joshua commands the people of Israel to wipe out everyone in the promised land of Canaan while Jesus commands God's people to love their enemies. How are we to interpret biblical passages on violence when it is sanctioned at one point and condemned at another? *The Violence of the Biblical God* by L. Daniel Hawk presents a new framework solidly rooted in the authority of Scripture for understanding the paradox of God's participation in violence. Hawk shows how the historical narrative of the Bible offers multiple canonical pictures for faithful Christian engagement with the violent systems of the world.

The Testimony Of God Carlo Santi, 2023-11-17. In this essay the author deals in a complete and orderly way with the many arguments and the most varied hypotheses related to the arcane mysteries of the Ark of the Covenant. He wants to give the attentive reader the information they seek in a chronological way and as far as possible historically probable. Probable therefore and not possible because in truth there is little factual information about the Ark against a huge number of hypotheses more or less consistent with the historical documents found so far. It is true that the material is difficult but no less fascinating. The history of the Ark has fascinated the author for years to the point of making it a reason for constant research and study. With this work Santi intends to share information with the reader specifying that no one can claim the right to be the bearer of the truth regarding any arcane subject and the one related to the Ark is more so than others. However, some serious and credible hypotheses led the author to be convinced that the sacred artifact still exists, kept somewhere on the planet. A place that however we are not given to know with absolute certainty.

The "God of Israel" in History and Tradition Michael J. Stahl, 2021-03-22. In *The God of Israel in History and Tradition* Michael Stahl provides a foundational study of the formulaic title god of Israel, *elohe yisra'el*, in the Hebrew Bible. Employing critical theory on social power and identity and through close literary and historical analysis, Dr. Stahl shows how the epithet god of Israel evolved to serve different social and political agendas throughout the course of ancient Israel and Judah's histories. Reaching beyond the field of Biblical Studies, Dr. Stahl's treatment of the historical and ideological significances of the title god of Israel in the Hebrew Bible offers a fruitful case study into the larger issue of the

ways in which religion may shape and be shaped by social and political structures **The Land that I Will Show You** J. Andrew Dearman, M. Patrick Graham, 2002-04-01 A collection of seventeen articles by colleagues and former students of Professor J Maxwell Miller who taught at the Candler School of Theology Emory University The papers deal with the history chronology geography archaeology and epigraphy of ancient Israel and its setting in the Levant and range from broad methodological discussions of historiography to focused analyses of individual texts or historical issues A review of Miller s career and a select bibliography of his publications are also included **The Signature of God, Revised Edition** Grant R. Jeffrey, 2010-07-20 YOU CAN BELIEVE THE BIBLE WITHOUT ANY DOUBT As American society becomes more secularized Christians need to know all the facts about the Bible Dr Grant R Jeffrey has spent decades researching history science archaeology medicine and prophecy finding that each discipline confirms the truth of Scripture This revised and updated edition of The Signature of God proves that the Bible is not only accurate in its spiritual claims but is completely reliable as well on matters of origins medicine history and science Historians of the ancient world as well as recent archaeological finds confirm the names of kings and kingdoms and the dates of wars and mass migrations mentioned in the Bible Recent breakthroughs in astronomy physics and medical science have shown that God s Word accurately described the universe and the processes of human life before scientific research caught up And hundreds of fulfilled prophecies show that God revealed the future to his prophets in order to undergird the faith of his people No matter how loudly the skeptics argue against Christian faith only one conclusion makes sense the Bible is God breathed You can believe every word every claim every prophecy and every miracle With no doubts Understanding the Existence of God John S. Weekes, Dr John S Weekes, 2010-06 Understanding the Existence of God is the third in the trilogy of Understanding books by Dr John Weekes The first in the series was Understanding the Doctrine of the Trinity 1998 followed by Understanding Forgiveness 2002 With the Existence of God the trilogy is complete and it is the hope that these three books will do much to shed light on the often dark corridors of doubt controversy and misunderstanding with regard to God s Existence The Trinity is one of those areas of theology which has driven deep and lasting division within the heart of the body of Christ It is a field that defies enlightenment save by those in whose heart and over whose understanding the Holy Spirit reigns for the things of the Spirit must be spiritually discerned Forgiveness on the other hand is at the very heart of pure religion since it is that which illuminates Christians as truly the children of God In Understanding the existence of God the author has drawn on many reservoirs and lifted water from many streams but the ultimate authority for his thesis is God s infallible word The method used is in essence adversarial and critical written in a simple everyday matter of fact common sense style In so far as the case for God has been put it is submitted that it has been established with absolute certainty supported not only by words spoken with the very breath of God Himself but by a cloud of impeccable and unimpeachable witnesses **The Truth of God and the Terrible Fraud of the Bible** Carlos Alfonso Ramirez, 2012-01-25 *Gods and Religions* Saul Silas

Fathi,2023-12-22 The Abiding Presence Mark Scarlata,2018 With an emphasis on the nature and importance of divine presence The Abiding Presence provides a unique perspective on the overarching theology of Exodus drawing particular attention to God's revelation at the burning bush Sinai and the tabernacle Exploring the rich theological themes that emerge from the final form of the narrative the commentary also reflects on how these themes were employed by New Testament authors in understanding the life and ministry of Christ Bridging the gap between accessibility and scholarly rigour this commentary offers an excellent tool for ordinands students teachers in higher education and preachers to engage with the theology of the book in its Old Testament context as well as how its message is revealed in the New Testament and continues to speak today Contents 1 Introduction 2 Presence in Absence 1 1 2 25 3 Presence in a Name 3 1 7 7 4 Presence in Creation 7 8 15 21 5 Wandering in the Wilderness 15 22 18 27 6 Divine Presence Holiness and Law 19 1 24 18 7 Creating Space for the Divine 25 1 31 18 8 Sin at Sinai 32 1 34 35 9 The Abiding Presence and the Climax of Creation 35 1 40 38 *Gods in the Desert* Glenn S. Holland,2009-07-16 Gods in the Desert explores the fascinating religious cultures of the ancient Near East From the mysterious pyramids tombs and temples of Egypt to the powerful heroes gods and legends of Mesopotamia Glenn Holland guides readers through the early religions that are the root of many of today's major faiths Holland compares the religions of ancient Egypt Mesopotamia and Syria Palestine including Israel and Judah from the Neolithic era through the conquest of Alexander the Great He provides a historical survey of each region then discusses the gods the rulers the afterlife and the worship rituals This accessible overview makes clear how these religions converged and diverged and are intimately connected to many of the religions we recognize today sometimes in surprising ways Is God a Moral Monster? Paul Copan,2011-01-01 A recent string of popular level books written by the New Atheists have leveled the accusation that the God of the Old Testament is nothing but a bully a murderer and a cosmic child abuser This viewpoint is even making inroads into the church How are Christians to respond to such accusations And how are we to reconcile the seemingly disconnected natures of God portrayed in the two testaments In this timely and readable book apologist Paul Copan takes on some of the most vexing accusations of our time including God is arrogant and jealous God punishes people too harshly God is guilty of ethnic cleansing God oppresses women God endorses slavery Christianity causes violence and more Copan not only answers God's critics he also shows how to read both the Old and New Testaments faithfully seeing an unchanging righteous and loving God in both **The Future of God** Stephen R. Schwalbe,2025-05-30 This book reviews the three Abrahamic faiths Judaism Islam and Christianity to determine how humankind will accommodate God in the future While there are many publications about the future of God or the future of religion they tend to reflect a specific academic field such as theology or sociology This book reviews the future of God reflected in four primary academic fields including theology dealing directly with God and religion sociology addressing how societies evolved with God and religion biology dealing with the scientific evidence of the existence of God and physics addressing God's intelligent design of the universe

Then the book analyzes each field's future projections for God in order to determine the most likely future. In the end, the book discusses a possible future religion based on the academic review of the future of God.
