The Other/Argentina Amy K. Kaminsky, 2021-04-01 The Other Argentina looks at literature film and the visual arts to examine the threads of Jewishness that create patterns of meaning within the fabric of Argentine self representation A multiethnic yet deeply Roman Catholic country Argentina has worked mightily to fashion itself as a modern nation In so doing it has grappled with the paradox of Jewishness emblematic both of modernity and of the lingering traces of the premodern By the same token Jewishness is woven into but also other to Argentineity Consequently books movies and art that reflect on Jewishness play a significant role in shaping Argentina's cultural landscape In the process they necessarily inscribe and sometimes confound norms of gender and sexuality Just as Jewishness seeps into Argentina Argentina's history politics and culture mark Jewishness and alter its meaning The feminized body of the Jewish male for example is deeply rooted in Western tradition but the stigmatized body of the Jewish prostitute and the lacerated body of the Jewish torture victim acquire particular significance in Argentina Furthermore Argentina's iconic Jewish figures include not only the peddler and the scholar but also the Jewish gaucho and the urban mobster troubling conventional readings of Jewish masculinity As it searches for threads of Jewishness richly imbued with the complexities of gender and sexuality The Other Argentina explores the patterns those threads weave however overtly or subtly into the fabric of Argentine national meaning especially at such critical moments in Argentine history as the period of massive state sponsored immigration the rise of labor and anarchist movements the Peron era and the 1976-83 dictatorship In arguing that Jewishness is an essential element of Argentina's self fashioning as a modern nation the book shifts the focus in Latin American Jewish studies from Jewish identity to the meaning of Jewishness for the nation This book is freely available in an open access edition thanks to the National Endowment for the Humanities Fellowships Open Book Program a limited competition designed to make outstanding humanities books available to a wide audience Learn more at the Fellowships Open Book Program website at <https://www.neh.gov/grants/odh/FOBP> and access the book online at the SUNY Open Access Repository at <http://hdl.handle.net/20.500.12648/1711>
