God's Perfect Child Caroline Fraser, 2024-06-04 From the Pulitzer Prize winning author the most powerful and persuasive attack on Christian Science to have been written in this century Los Angeles Times Book Review Millions of Americans from Lady Astor to Ginger Rogers to Watergate conspirator H R Haldeman have been touched by the Church of Christ Scientist Founded by Mary Baker Eddy in 1879 Christian Science was based on a belief that intense contemplation of the perfection of God can heal all ills an extreme expression of the American faith in self reliance In this unflinching investigation Caroline Fraser herself raised in a Scientist household shows how the Church transformed itself from a small eccentric sect into a politically powerful and socially respectable religion and explores the human cost of Christian Science s remarkable rise Fraser examines the strange life and psychology of Mary Baker Eddy She takes us into the closed world of Eddy s followers who refuse to acknowledge the existence of illness and death and reject modern medicine even at the cost of their children s lives She reveals just how Christian Science managed to gain extraordinary legal and Congressional sanction for its dubious practices and tracks its enormous influence on new age beliefs and other modern healing cults A passionate exposé of zealotry God s Perfect Child tells one of the most dramatic and little known stories in American religious history A work of impassioned rationality important and profoundly disturbing Susan Jacoby Newsday New Startling Fraser has an eye and ear for the kind of detail that can help readers make up their own minds about an always controversial American religious expression Martin Marty The Boston Globe Splendid The New York Times

Managing God's Higher Learning Dong Wang, 2007-06-15 Managing God s Higher Learning offers a distinct empirical study of Lingnan University and addresses issues of adaptation and integration Author Dong Wang demonstrates that many aspects of Lingnan governance links with the local society financial management education for women have either never been made the subject of scholarly discussion or are different from what we think we know about U S China relations in the past As the first co educational institution of higher learning in China Lingnan made monumental strides in the management of programs for women a fact which confounds the assumptions made by China historians The author argues that Lingnan s growth resilience and success can partly be accounted for by entrepreneurial operations Wang also contends that Lingnan found ways to adapt and layer a Christian presence at a time when the nationalization and secularization of higher education was making rapid headway Based on information from archives located across the Pacific this book will appeal to scholars of Chinese history as well as those interested in Sino American relations

regime that impacts the ability of people to access medicine to read to imagine and to reshape popular culture The Islamic vision of IP which is based on a broad theory of social justice maintains that IP cannot simply be seen as a reward for effort or tool to maximize economic efficiency but as one legal right within a complicated distributive scheme affecting fundamental human rights equal opportunities and human capabilities *Works of Thomas Manton, Vol. 18 of 22* Thomas

Manton,2002-09 The works of Thomas Manton present us with what was most characteristic in the ministry of the English Puritans careful solid warm hearted applicatory exposition of the Scriptures great pastoral concern and a balanced wisdom

What Angels Long to Read Mark Meynell,2017-06-14 Even angels long to look into these things Peter wrote to encourage and embolden isolated and vulnerable believers His timeless words have consoled and challenged ever since and show how the eternal gospel is true even in the toughest circumstances The last sentence in 1 Peter 1 12 profoundly illustrates that the experience we have each time we open up the Scriptures is nothing less than a heavenly privilege a privilege that angels do not have but would love to Mark Meynell skilfully brings the New Testament to life Guiding the reader through preaching the Gospels and Acts the Parables the Letters and Revelation as well as using a host of worked examples sample sermons and personal exercises this book offers ideas and approaches to stretch even the most seasoned preachers This preaching resource will make an excellent companion to Christopher Wright s Sweeter than Honey Preaching the Old Testament

Nature and Technology in the World Religions P. Koslowski,2013-06-29 Technology and the control of nature have arisen from the endeavor to reduce the neediness of human life Since this reduction is also the goal of religions there is a necessary proximity between religion and technology The relationship of humans to nature and technology is an object of religious doctrine and ethics in all of the world s religions The interpretations and the norms of the treatment of nature in economy and technology but also the veneration of nature in nature mysticism and its elevation in cult and sacrament are forms of expression of the relationship to nature in religions The development of the modern control of nature through technology appears to be connected to the biblical commission to rule over nature Buddhism and Hinduism however also interpret technology and human control of nature Technological power raises the question of how the normativeness of the created order intended by religion s concept of creation relates to the human freedom to reshape creation What answers do religions give to the question of the humane form of technology and the limits to technological power and human control of nature Leading scholars of Judaism Christianity Islam Hinduism and Buddhism have created with this volume a first hand source of information which enables the reader to gain a better understanding of these five world religions and their teachings on nature and technology **The Church of God Business Guide** The Church of God,2020-12-15 The Church Business Guide is compiled for the ministry and membership of The Church of God in order for all people to be equipped for the dynamic ministry that Jesus has placed within the Church This publication is not meant to be placed alongside the Bible or to infringe upon its sacred and singular place in the Church The Bible the New Testament is our only rule of faith practice government

and discipline therefore no interpretation and or understanding of it can be equated with the sacred text itself It stands alone as the infallible Word of the Living God The Church Business Guide contains a concise account of each of the rulings accepted by the General Assembly It is a must have for all ministers and local churches in order to conduct business properly

Who Says So? Jim Bowden, 2018-01-08 Jims second book Who Says So seeks to maintain the integrity of the Scripture for its readers During his practice of ministry many church members as well as those outside the church frequently asked questions about the inspiration and authority of scripture Many have indicated that they have heard ministers especially those on television declare that God is the author of the Bible and has conveyed every word penned by its many writers That is the basis of their understanding of inspiration therefore the Bible must have absolute authority communicating what to believe and how to live or put into practice ones belief In todays electronic mindset it would be like God using a smart phone and texting messages to Matthew Mark Luke and John to write concerning the teachings and practices of Jesus In his practice of ministry Jim has helped church members and others see another perspective of inspiration and authority In the quest to see that perspective he suggests read the scripture and let it speak for itself in reaching possible conclusions about inspiration and authority When we allow the Bible to speak for itself in the context of the history of its development we realize that the inspiring Spirit of God first touches the lives of its many authors and those bodies of believers who studied hundreds of manuscripts and finally favored 39 texts for the creation of the Old Testament and 27 texts for the New Testament The spiritual presence of God also touches millions and millions of human beings as they read scripture or listen to a spoken message In Jims book the focus of inspiration is not on the words of scripture but on the inspired storytellers central message Also there are many variances and some errors in many of the stories within the Bible A storyteller is not dependent upon literary perfection to be inspired If this were the case we would not have the Bible today so let the Bible speak for itself and be inspired and empowered by the spiritual presence of God and understand its message **Islamic**
