## **Gods Design Focus On Old Testament Theology:**

God's Design, 4th Edition Elmer Martens, 2015-11-11 How does one summarize the thirty nine books of the Old Testament How might one determine the message of the Old Testament with others This book attempts an answer to these questions The answer is taken from a single Scripture passage Exodus 5 22 6 8 which is here considered a theological Table of Contents for the Old Testament In addition to such topics as Deliverance Community and Experiencing God the book has an extended discussion on Land a subject which deals with a wide range of interests but which only rarely receives attention in books on biblical theology The current edition features reflections and a set of discussion questions following each of the seventeen chapters a boon for university and seminary teachers and students and of large help for church study groups

**God's Design** E. A. Martens, 1981      **Old Testament Theology** E. A. Martens, 1997 In *Old Testament Theology* Elmer Martens provides an annotated listing of the most important and helpful works in the field carefully navigating students through the maze of existing literature      *Old Testament Theology* Ben C. Ollenburger, 2004 In this extensively revised and updated edition of *The Flowering of Old Testament Theology* Professor Ollenburger provides help for beginning theological students who are frequently overwhelmed by the proliferation of volumes dealing with Old Testament theology to say nothing of the variety of approaches used in these works This textbook has been re issued with a new title *Old Testament Theology Flowering and Future* Selected essays include key theological statements of Otto Eissfeldt Walther Eichrodt Theodor C Vriezen George E Wright Gerhard von Rad Walther Zimmerli John L McKenzie Ronald E Clements Walter C Kaiser Jr Samuel L Terrien Claus Westermann Brevard S Childs Rolf Knierim Horst D Preuss Walter Brueggemann Paul R House Bernhard W Anderson Erhard S Gerstenberger Hartmut Gese Phyllis Trible Jon D Levenson John H Sailhamer Gunther H Wittenberg James Barr R W L Moberly and Mark G Brett An appendix contains Johann P Gabler's 1787 seminal essay on biblical theology An extensive bibliography and indexes of authorities and Scripture references conclude the volume Publisher      *Old Testament Theology* Paul R. House, 2012-11-30 Paul R House provides a comprehensive theology of the Old Testament carefully exploring each Old Testament book thematically summarizing its content and showing its theological significance within the whole of the Old Testament canon Student friendly and useful to a wide audience this impressive work has proved a profitable read for many      **Old Testament Theology** Robin Routledge, 2020-05-21 Numerous useful books on Old Testament theology are now available However they often give too much information or too little Some can seem large and daunting to the ordinary student or pastor and because of their layout information may be hard to access Others take a more introductory approach and do not deal with many of the theological issues and questions that the Old Testament raises Robin Routledge's aim is to bridge this gap He provides a substantial overview of the central issues and themes in Old Testament theology in the main body of the text with more detailed discussion and references for further reading in the footnotes His purpose is to examine the theological significance of the various texts in their wider canonical context noting unity and

coherence within the Old Testament and to some extent between the Old and New Testaments whilst also being aware of diversity A brief outline of the relationship between exegesis and biblical theology within the overall task of interpreting and applying biblical material is given in the first chapter His hope as a Christian minister is that while this volume has grown out of a teaching context and is intended for students it will also be of benefit to others who want to take the theological content of the Old Testament seriously and to apply its message to the life and ministry of the church today

**Understanding Old Testament Theology** Brittany Kim, Charlie Trimm, 2020-12-22 The discipline of Old Testament theology seeks to provide us with a picture of YHWH and his relationship to the world as described in the Old Testament But within this discipline there are many disagreements about the key issues and methodologies Is the Old Testament unified in some way Should the context of the theologian play a role in interpretation Should Old Testament theology merely describe what ancient Israel believed or should it offer guidance for the church today What is the relationship between history and theology All these considerations and more result in so many different kinds of Old Testament theologies and so many publications that it's difficult for students pastors and laity to productively study this already complex field In *Understanding Old Testament Theology* professors Brittany Kim and Charlie Trimm provide an overview of the contemporary approaches to Old Testament theology In three main sections they explore various approaches Part I examines approaches that ground Old Testament theology in history Part II surveys approaches that foreground Old Testament themes Part III considers approaches that highlight different contexts for doing Old Testament theology Each main chapter describes both common features of the approach and points of tension and then offers a test case illuminating how it has been applied to the book of Exodus Through reading this book you'll hopefully come to see the Old Testament in a fresh light as something that's alive and active continually drawing us into deeper encounters with the living God

*A Theological Approach to the Old Testament* Leslie Tonkin

Allen,2014-09-26 The Old Testament has two great themes creation and covenant They embrace subthemes wisdom in the case of creation Israel s religion and the Davidic covenant under the general umbrella of covenant and internationalism which mostly develops the theme of covenant and partly the theme of creation These topics cluster around a common center Yahweh the God of the Old Testament This God is portrayed in different roles which have attached to them role expectations for both Yahweh and those with whom he assumes relationship Through contextual exegesis of key texts we come to understand these roles and associated themes While the Old Testament has its own distinctive contributions to make to divine revelation much of its material is reused in the New Testament to explain and validate the New Testament message By concentrating on the Old Testament we learn to appreciate the enormous debt the New Testament owes to the Old in clarifying New Testament theological and moral perspectives
