Giving the Church Michael Moynagh, 2024-05-30 The nucleus of the church's vocation is to join the Spirit in giving communion in Christ to others in the form of new Christian communities for the benefit of the world But can the church be a welcome gift In Giving the Church leading ecclesiologist Michael Moynagh draws together recent thinking from the worlds of ecclesiology and missiology with significant sociological work on the idea of gift to provide a much needed theological rationale for some of the key missiological and ecclesiological movements in today's church Part 1 reworks some of the big themes in ecclesiology from this giving perspective the nature of the church the four marks the visible hidden church and inclusion exclusion Part 2 meanwhile draws on the extensive

literature on gifts to offer an ethical framework for giving the church to others and uses this framework to provide fresh readings of liberationist herald and eucharistic models of the church It concludes by arguing that giving the church away can be a route to making the church a more attractive gift Spiritual Direction Ruffing, Janet K., RSM,2000 Explores issues

A. Addison, 2012-11-19 An ancient spiritual practice rediscovered and re imagined for today This fascinating introduction to an ancient spiritual practice is for all of us who are searching for fresh spiritual insight People of all faiths and even those with no particular religious involvement are discovering spiritual direction Traditionally identified with Christianity but also resembling the relationship between teacher and student in Buddhism sheikh and disciple in Islam and rebbe and Hasid in Judaism spiritual direction is a distinct kind of relationship for enhancing spiritual growth And its renewed popularity has led to a now uniquely accessible modern phenomenon interfaith spiritual direction Howard Addison presents personal accounts from the lives of people representing a broad spectrum of religious and spiritual traditions to show how we can find guidance and inspiration from people of other faiths without ever leaving our own This one of a kind guide explores Where to find spiritual guidance within your own faith community or beyond it How spiritual direction can help you even if you come from no formal religious background Why and when it may be appropriate to seek a spiritual guide from a faith other than your own What interfaith spiritual direction means for the future of religion and spirituality in our world **The Holy Trinity and the Law of Three**

Cynthia Bourgeault, 2013-07-09 Just as she s done in her previous books Cynthia Bourgeault asks us to take a look at an idea from traditional Christianity this time the formula of Father Son and Holy Spirit as though we re looking at it for the first time And as usual she reveals it to be something we hadn t expected at all She finds in the idea of the Holy Trinity a striking vision of the nature of reality What she claims in a nutshell is that embedded within this theological formula that Christians recite mostly on autopilot lies a powerful metaphysical principle that could change our understanding of Christianity and give us the tools so long and so sorely needed to reunite our shattered cosmology rekindle our visionary imagination and cooperate consciously with the manifestation of Jesus s Kingdom of Heaven here on earth She looks to the history of Christian theology to her own years of contemplative practice and to the ideas of G I Gurdjieff Her tone is as ever as accessible as it is compelling and it s a wild ride I will do my best to make the ride as smooth as possible she says but in the end my commitment is to getting there because I know beyond all personal doubt that there is indeed a ham radio concealed inside this Trinitarian tea cupboard And in the midst of this long winter of our Christian discontent when spiritual imagination and boldness are at an all time low and the church itself hovers at the edge of demise for lack of an animating vision perhaps now more than ever the time is ripe to remove the packing boards from this tea cupboard and release its contents **The Other Side of Nothingness**

Beverly J. Lanzetta, 2001-02-22 From the mystic s experience of nothingness and the desert **The Other Side of Nothingness** offers a theology of humility sensitive to religious pluralism and to the pain of spiritual oppression With a passionate concern for contemporary interreligious issues Beverly J Lanzetta provides insight into how mystical consciousness overturns claims of dogmatic truth and prepares the self to experience the radical openness of divinity The work draws on a variety of Christian mystical texts including those of Meister Eckhart Gregory of Nyssa Pseudo Dionysius Saint Teresa of Avila Saint Bonaventure and the anonymous author of *The Cloud of Unknowing* while

also making reference to Buddhism Judaism Islam and Hinduism and the thought of contemporary social mystics such as Heschel Gandhi Merton Thurman and Day Lanzetta illustrates how the annihilatory mystical experience draws the seeker to a place beyond a tradition's self understanding to new dimensions of the sacred and in some cases to new revelatory paradigms It is here that she provokes our thought in her statement that the divine nature is itself pluralistic non absolute and continually giving birth to new traditions By showing how nothingness functions in mystical experience as a catalyst for the liberation of our hearts we are brought to a vision of theology that is nonviolent and inclusive of all creation

*The Universal Christ* Richard Rohr, 2019-03-05 NEW YORK TIMES BESTSELLER From one of the world's most influential spiritual thinkers a long awaited book exploring what it means that Jesus was called Christ and how this forgotten truth can restore hope and meaning to our lives Anyone who strives to put their faith into action will find encouragement and inspiration in the pages of this book Melinda Gates In his decades as a globally recognized teacher Richard Rohr has helped millions realize what is at stake in matters of faith and spirituality Yet Rohr has never written on the most perennially talked about topic in Christianity Jesus Most know who Jesus was but who was Christ Is the word simply Jesus's last name Too often Rohr writes our understandings have been limited by culture religious debate and the human tendency to put ourselves at the center Drawing on scripture history and spiritual practice Rohr articulates a transformative view of Jesus Christ as a portrait of God's constant unfolding work in the world God loves things by becoming them he writes and Jesus's life was meant to declare that humanity has never been separate from God except by its own negative choice When we recover this fundamental truth faith becomes less about proving Jesus was God and more about learning to recognize the Creator's presence all around us and in everyone we meet Thought provoking practical and full of deep hope and vision *The Universal Christ* is a landmark book from one of our most beloved spiritual writers and an invitation to contemplate how God liberates and loves all that is

*Participatory Spirituality* John Heron, 2006 This innovative book is a collage of overlapping views each of which presents a distinct perspective on human spirituality as participating co creatively in the life divine You are invited to explore the text as a virtual conceptual reality roaming freely among the chapters and pages progressively generating a feeling for and comprehension of the whole A diversity of presentations include the manifesto the personal story theology metaphysics epistemology pathology psychology and practice You are also invited to appropriate and adapt any of the author's ideas and integrate them in any way into any form of expression of your own spiritual vision The author lays no claim to intellectual property rights with regard to the content of this book With illustrations and front cover photo by the author

**Theology and Human Flourishing** Helen L. Leathard, 2024-11-15 A collection of essays by eminent authors illustrating the gentle Christian ethos and health sustaining ministry of Holy Rood House under the leadership of Elizabeth Baxter

**Theologies of Creation** Thomas Jay Oord, 2014-10-02 Humans have long wondered about the origin of the universe And such questions are especially alive today as physicists offer metaphysical theories to account for the emergence of creation

Theists have attributed the universe's origin to divine activity and many have said God created something from absolute nothingness. The venerable doctrine of *creatio ex nihilo* especially emphasizes God's initial creating activity. Some contributors to this book explore new reasons *creatio ex nihilo* should continue to be embraced today. But other contributors question the viability of creation from nothing and offer alternative initial creation options in its place. These new alternatives explore a variety of options in light of recent scientific work, new biblical scholarship, and both new and old theological traditions.

Love's Oneing Kerrie Hide, 2022-11-08 Grounded in Christian love mysticism, *Love's Oneing* gives voice to the luminous consciousness that awakens from within our oneness in God in contemplation. With great sensitivity, the book offers nuanced insight into the marriage of kenosis and desire in contemplation through the rich tapestry of writings from nine mystics: Julian of Norwich, the Cloud of Unknowing, author Meister Eckhart, Mechthild of Magdeburg, Clare of Assisi, John of the Cross, Teilhard de Chardin, Beatrice Bruteau, and Ilia Delio. With the delicate eye of a spiritual director immersed in mystical literature, Kerrie Hide situates these mystical teachings within contemplative prayer whilst offering a scholarly exploration of contemplative practice to embody the insights. Deeply grounded in traditional and contemporary mystical classics, Hide celebrates how the Christian mystical tradition lays a foundation for the evolutionary growth of communion, consciousness, and the insights of quantum science, highlighting key moments in contemplation that when surrendered into open, divine love, born of intellectual reflection, lived experience, and contemplative wisdom, *Love's Oneing* makes a unique contribution to the existing literature on contemplation at a time when the recovery of the mystical dimension of life is crucial for the future of our planet in this climate crisis moment.

*The Oxford Handbook of Religion and Science* Philip Clayton, Zachary Simpson, 2006 The field of science and religion is exploding in popularity among both academics and the reading public. This is a comprehensive and authoritative introduction to the debate, written by the leading experts, yet accessible to the general reader.
