

# ***GOD'S PROMISES ARE YOURS TODAY!***

It is not in this church,  
or that church.

It is not in this city,  
or that city.

It is not in this land or in some other land,  
that the Lord may be found.

But Jesus, the Lord your God,  
is within your own heart and mind.

And EVERYONE ... TODAY  
may take of the Cup of Life, and  
may fill themselves with the promises of the Lord,  
to the point where  
weakness, fear, and dread  
have no place in their life.

For when your heart is filled with Jesus,

**Free to Be** Rev Don Bloch Ph.D.,2022-03-04 The message of the Bible is basically a call to freedom an idea supported by numerous scriptures Freedom is where God desires us Although He calls us to be free to work as kingdom builders Free to Be also calls us to become even closer to Him This Christian study explores the possibilities of how we can set ourselves free from long term bondage with the help of Jesus Intended both for those ministering to others dealing with past wounds and for those still struggling with the journey toward self worth and value of self and others It addresses barriers that may prevent you from reaching for freedom and provides a road map to help you get around those obstacles God's call upon our lives is to live in freedom with Him and with our neighbors There are many steps to this freedom but God's Word claims through the atoning sacrifice of His only Son Jesus our Messiah that we are free of our sinful nature And if we have the Son we are free indeed Uplifting and personal this study and testimony encourages you to embrace God's call to freedom by drawing closer to Him *Christian Theology, Volume One* Thomas N. Finger,2020-03-09 Thomas N Finger has chosen an approach to the systematic presentation of Christian Theology which I also have taken since the publication of my *Theology of Hope* in 1964 He begins with the goal with eschatology With that goal in mind a new light is cast on every single doctrine of Christian theology the light of redemption and the work of the theologian becomes a labor of hope This is a theology of the

way With the kingdom of God kept steadily in view it becomes an invitation to walk the way of Jesus Tom Finger s theological prospectus makes a brilliant contribution to ecumenical theological dialogue from the Anabaptist tradition He offers an eschatologically oriented theology for which I can only congratulate him J rgen Moltmann Professor of Theology University of T bingen While many systematic theological texts are shaped by academic discussion of ancient thought and or modern philosophies Finger centers on the kerygma of the biblical text that the last things or eschatological events expected at history s climax had already occurred through Jesus life death and resurrection though they were not yet fully realized To present eschatology as a living hope that always has motivated and still motivates Christians and Christian communities in all things Finger does not follow the discipline s traditional order where eschatology appears last but places it first Volume II will culminate with the doctrine of God which usually comes first This is hardly to minimize God s importance but to maximize it as the Christian faith s most profound mystery Volume I begins with eschatology to present it as a dynamic boundless atmosphere in which theological reflection unfolds While this dynamism envelops Christian life and mission it is not merely subjective It is hope for the transformation of all creation It is not only celebrative for it also struggles against the gruesome evils that seek to dominate all things From this vantage point eschatology in Volume I seeks to articulate the significance of the resurrection the last judgment heaven and hell the return of Christ and the millenium s coming These reflections lead to revelation beginning from the final revelation of Jesus Christ 1 Peter 1 3 13 Revelation s dimensions are treated as personal as historical extending forwards from Genesis and as propositional or its way of conveying its contents These point theological reflection to revelation s center Jesus Christ chiefly to his saving work in his life death and resurrection Here the strengths and weaknesses of the traditional substitutionary and moral influence theories are examined But when placed within their revelational or historical sequence Jesus conflict with the powers of evil stands out These prove to be gigantic systemic forces which have always ordered but also imprisoned humankind such as the Roman Empire Yet their horror and power stretch beyond any social or psychological explanation In Jesus life and death these powers appear to conquer him But through his resurrection Jesus conquers them This drama is best articulated by the Christus Victor approach in which Jesus with his Father and Spirit defeats these powers but does not totally destroy them This is why their eschatological reign is already present but evil is not yet destroyed until the end **Have a New You!** Mojalefa Rapao (MJ), 2014-10-17 Things can change and you can create your future now Most likely you have tried a few things along the way to become a new you You have tried and failed This time its going to be different You will become a new you But its a little scary right After all being in a rut is sometimes a lot more comfortable To make any change you have to decide you want to make that change and be willing to do the work required to get there Why be less when you can be more You are not your past just as you are not your future If you dwell on the past you tend to rely on past experiences too much to make your decisions Remember you are capable of more than you achieved in the past The moment you change your thoughts you

change your world Change is a knowledge thing Just do it What you really want in your life now may have changed dramatically from old goals If you neglect to question yourself about this you can easily end up following old patterns Remember the actions you take in here and now create the many possible futures that can exist for you Choosing to stand still means that in fact you can go backward because the world changes around you And when your world changes even in small ways you eventually get dragged along sometimes kicking and screaming because not everyone embraces change Just recognizing that change is inevitable can be a relief Putting yourself in charge of the changes you experience make the journey a lot more enjoyable Accept the truth about yourself Boost your confidence by identifying the lies you are telling yourself and putting them to the rest for good Change your life by concentrating on becoming who you really want to be in life

*Joshua* Cyril J. Barber,2006-02-01 Most studies of the Book of Joshua fall into two well defined categories On the one hand we have the writings of those devout students of God s Word who build upon typology and explain the events of the book as symbols of subsequent greater events Their approach is largely allegorical Other scholars lay stress on the exegetical nuances of the text the history and geography of the times discount the miraculous and provide a naturalistic interpretation of the momentous happenings that took place They often fail to see the hand of God in the events described by the biblical writer Dr Barber s treatment is different He is conservative in his discussion of the text and he paints a real life picture of the vents as they transpired He is also cognizant of the issues and shows God to be utterly faithful to His covenants He does not gloss over the failures of Joshua and the Israelites but finds in them warnings for believers today Of particular importance is his discussion of the way to achieve day to day victory in the Christian life This is a practical devotional book designed for use by lay people
