Gods Revolution The Witness Of Eberhard Arnold:

God's Revolution Eberhard Arnold, Hutterian Brethren, 1992-01-01 *The Witness of the Brothers* Yaacov Oved, 2017-07-05 This extraordinary history of the Bruderhof shows how its commitment to religion family and community has enabled it to maintain its way of life since its inception over ninety years ago Although Yaacov Oved identifies social tensions in the movement he still considers it to be a shining example of communal stability After the horrors of World War I German adolescents sought new directions in the form of youth movements Young people from bourgeois families rejected materialism celebrated nature and longed for a simpler life Eberhard and Emmy Arnold a couple from an affluent background who identified fully with radical pacifist youth circles fused the German Christian socialist youth into a new movement They settled a commune in Sannerz known as The First Bruderhof whose members shaped their lives according to their faith The Bruderhof supported itself by publishing printing and providing reliable child care services In 1937 responding to Nazi harassment and to escape conscription they fled to Liechtenstein and England where they provided shelter for many Jewish refugees World War II forced them to emigrate further afield They went to Paraguay and eventually to the United States Sociologists theologians anthropologists and psychologists alike will find *The Witness of the Brothers* to be a valuable resource The Sociology of Mennonites, Hutterites and Amish Donovan E. Smucker, 2006-01-01 No detailed description available for *The Sociology of Mennonites Hutterites and Amish* **The Battle for the Trinity** Donald G. Bloesch, 2001-07-11 In *The Battle for the Trinity* Dr Bloesch tackles the controversial issues surrounding the questions of God language and their potential as one of the most divisive issues facing the church in the twentieth century Should God be addressed as Father Mother or Parent should Jesus be referred to primarily as the Son of God or the Child of God did God really reveal himself definitively in the person of his Son Jesus Christ Bloesch contends that how we speak about God embodies the very core of Christianity and how we ultimately understand the biblical and historical meaning of the Trinity itself The debates surrounding the Doctrine of God are many and Bloesch urges the church to respond to the concerns of women that the sacred carries both masculine and feminine dimensions Bloesch emphasizes that the God of the Bible is not described in masculine terms exclusively and we err in our failure to recognize it If Christianity is to remain genuinely Christian these controversial issues must be dealt with in such a manner that will preserve the full historical and biblical understanding of the Trinity *God's Revolution* Eberhard Arnold, 1997 Feeling powerless to change the greed and injustice at every level of society Tired of answers that ignore the true causes of human suffering This revised anthology of Arnolds most compelling writings challenges us to seek the eternal truths of Christs way But be warned to Arnold discipleship means revolution a transformation that begins within but spreads outward to encompass every aspect of life Here is the raw reality of the Gospel that has power to change the world *The Other Side of Joy* Julius H. Rubin, 2000 Rubin focuses on the incidence of religious melancholy among the Bruderhof This is an affective disorder that has long been associated with

pietistic conversion and is characterized by a sense of abandonment by God **The Wisdom of the Cross** Stanley Hauerwas, Chris K. Huebner, Harry J. Huebner, Mark T. Nation, 2005-05-26 Few recent Christian thinkers have been as widely influential as John Howard Yoder 1927 1997 Encompassing a teaching career of more than thirty years and such landmark publications as *The Politics of Jesus* Yoder's life and thought have profoundly impacted students and colleagues from a broad range of disciplines In the words of Stanley Hauerwas Yoder is probably the major theologian ethicist of this half century in America and certainly the leading Mennonite theologian of the twentieth century *The Wisdom of the Cross* is the only book to provide valuable secondary essays engaging Yoder's central theological concerns together with a biographical reflection on his life and legacy Written by scholars both from within and outside of Yoder's Mennonite community these essays develop the most significant aspects of Yoder's thought from his powerful defense of Christian pacifism to his seminal analysis of the politics of Jesus to his challenging contributions to Christian social ethics ecclesiology and theological method The book also includes a previously unpublished essay on moral absolutes by Yoder himself A fitting tribute to Yoder's distinguished career this volume will be useful to readers new to Yoder's work and to those wishing to probe more deeply into the implications of his thought **Rooted and Grounded in Love** Timothy Reinhold Eberhart, 2017-06-05 God's invitation to join in the love feast of Holy Communion resounds at the very heart of the Christian faith and life But how are Christians faithfully to gather together in relational bonds of love in particular through our daily bread and common cup amidst a global market economy sustained by social and ecological violence Drawing on the holiness communitarian and agrarian ecological traditions *Rooted and Grounded in Love* provides a systematic theological affirmation of holiness as divine wholeness in examining our present industrial agro economy while also promoting a practical vision for how Christians might participate in the emergence of a more ecologically sustaining economically charitable and politically just food system *An Embassy Besieged* Emmy Barth, 2010-08-05 Here for the first time in print is the story of a small group who dared to confront Adolf Hitler and the Third Reich with the love of Jesus Christ Avoiding covert resistance on the one hand and complicity and compromise on the other the Rhon Bruderhof under the courageous leadership of Eberhard Arnold boldly witnessed to the politics of the Kingdom of God in Nazi Germany Although less than a gnat to an elephant in Arnold's words they believed that as God's ambassadors love could overcome hatred even of Adolf Hitler himself This is an amazing account of a community who stayed true to the nonviolent way of the Cross and how despite relentless Nazi opposition God protected and victoriously led them along the way **American Communes, 1860-1960** Timothy Miller, 1990 *Houses on the Sand?* James Irvin Licht, 2008 The volumes in the *Studies in Modern European History* series focus upon aspects of the political social economic cultural and religious history of Europe from the Renaissance to the present including the political and economic integration of the continent and the resurgence of Europe following the Cold War **Love Letters** Eberhard Arnold, Emmy von Hollander, 2007 On Good Friday 1907 in the German university town of Halle a young couple sealed their secret engagement

with a kiss and a vow to follow God wherever he led them Circumstance and scandalized parents kept them separated for most of the next three years But that separation bore its own fruit an intense flurry of letters *Becoming a Blessed Church* N. Graham Standish,2004-12-10 Pastor and author N Graham Standish describes how a church that is open to God s purpose presence and power can claim God s blessing Standish shares the story of Calvin Presbyterian Church in Zelienople Pennsylvania and its journey to become a spiritually deep congregation one that is inwardly and outwardly healthy spiritually psychologically physically and relationally Becoming a Blessed Church will help you discern God s purpose and the path God is calling your congregation to walk This book will help you find Christ in your midst and become aware of the many ways the blessings of God s Spirit flow through your congregation **The Kingdom of God** Austin R. Dayal,2018-11-20 After proclaiming that God s Kingdom had come near Jesus died on the cross This is hard to reconcile with what Jesus announced at the start of his ministry It can only be understood when we realize the relationship between the Kingdom of God and his death Jesus said flesh and blood can t inherit the Kingdom of God but only those who are born of the Sprit and for this reason Jesus had to die on the cross Jesus explained this to Nicodemus that only those who are born of the Holy Spirit can enter into the Kingdom of God He came into the world to make it happen because without the cross of Jesus there is no fulfillment of the Kingdom The proclamation of Jesus his works and his life have strong bearing on his mission Jesus proclaimed that the Kingdom of God had come near He healed the sick fed the hungry and gave hope to the poor He lived a very basic life with his disciples and had no earthly possessions This was the Kingdom that Jesus proclaimed It gave the power back to the people it gave them dignity and a life of joy and contentment It was about the wellbeing of the whole community and where the leaders served others Jesus explained the mysteries of his Kingdom through many parables which turned the whole concept of the kingdom on its head and only a few were able to understand it then as it is now It was a new and unique concept for the disciples to grasp but after his resurrection when he was with them for forty days Jesus explained everything to them as recorded in the book of Acts He instructed them to remain in Jerusalem till they were baptized by the Holy Spirit Their empowerment which is usually understood in terms of Peter s bold preaching of the gospel was in fact more than that It was to give them the courage to leave their earthly possessions and relationships and accept the other believers as their new family where God lived with them and looked after their daily needs spiritual as well as material This was a very bold step for them to take It was more daring than standing up to preach before a large crowd on the day of the Pentecost The first church in Jerusalem became a place where God s Kingdom had come They rejoiced together as they shared everything and God did mighty works among them This would not have been possible if they hadn t left their own families and possession to join the new community of God s people The church lost the initial impetus that the early Christians had in the way they lived and preached the good news of the Kingdom especially during the post Constantine period when the church leaders were seduced by the wealth that came from the state treasury The way Jesus the apostles and the early Christians had lived was

completely forgotten or overlooked The sixteenth century reformation tried to recover some of the important aspect the Christianity but it did not go far enough At present the church has become its own worst enemy Some churches are trying to destroy the very foundation of our salvation by denying the existence of historical Jesus In others the faith in Jesus has failed to translate into a living reality It judges the world harshly and does not reflect the values of God s Kingdom in its daily life We need to reaffirm the apostolic faith and the community life of the early church And become a community of God s redeemed people who follow the principles of his Kingdom This is the true life and witness of the church **Quaker**

Religious Thought ,1992 *The War of the Lamb* John Howard Yoder,2009-12-01 John Howard Yoder was one of the major theologians of the late twentieth century Before his death he planned the essays and structure of this book which he intended to be his last work Now two leading interpreters of Yoder bring that work to fruition The book is divided into three sections pacifism just war theory and just peacemaking theory The volume crystallizes Yoder s argument that his proposed ethics is not sectarian and a matter of withdrawal He also clearly argues that Christian just war and Christian pacifist traditions are basically compatible and more specifically that the Christian just war tradition itself presumes against all violence

Disavowing Constantine Nigel G. Wright,2007-01-01 Disavowing Constantine draws upon the work of two highly influential modern theologians J rgen Moltmann and John Howard Yoder to develop an independent and constructive understanding of the relation of the church to the state Its aim is to restate for modern understanding the insights of the Believers Church tradition and to work out their implications for Christian participation in the civil order In this complex realm positive insights are located in traditions usually regarded as incompatible but the thesis of the book concerns disavowing Constantine renouncing the reliance of the church upon coercive power to further its mission in order to rediscover how a faithful church might nonetheless participate as a witness within the power structures of human society

Eberhard Arnold Woodcrest Service Committee,Eberhard Arnold,1973 For a concise readable introduction to the writings of a man who in his search for Christ spent his life turning conventional Christianity on its head this is a good place to start Eberhard Arnold 1883 1935 is relatively unknown today yet in his prime his impact was felt by hundreds of thousands and his life s work bears fruit today as few lives have In 1920 venturing into an unknown future and leaving wealth security and a public speaking career he moved with his wife Emmy from Berlin to a tiny village where they founded a small community on the basis of early church practices as described in the Book of Acts Contains a biographical sketch selections from his most important works and brief memoirs by friends and colleagues *ThirdWay* ,1985-01 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture Sin and Politics Jeong Kii Min,2009 Sin and Politics Issues in Reformed Theology is an overview of the relationship between sin and politics from the reformational point of view This short theological history is comprised of three parts politics without sin creational politics politics with sin fallen politics and politics beyond sin redeemed politics As a creation of human culture politics have been

tainted with sinful distortion in this world but will be recovered in the future Kingdom by the eternal kingship of the Lord of Lords Sin and Politics includes a summary and commentary on political discussions by various Reformed theologians It uncovers the Reformed tradition s positive regard for politics and the profound theological root of politics
