Godtalk Travels In Spiritual America:

Godtalk Brad Gooch, 2002 From the author of City Poet the biography of Frank O Hara now comes an account of thriving forms of spirituality in what is being called a post denominational age As the nineties were drawing to a close Brad Gooch set out on a journey to explore traditional and nontraditional forms of spirituality that took him across America and to India Gooch s quest partly personal and partly investigative took him to Chicago to read the mysterious Urantia Book to Goa and La Jolla to experience the talks and treatments of Deepak Chopra to Ganeshpuri and South Fallsburg New York to listen to the charismatic leader Gurumayi Chidvilasananda to Bardstown Kentucky to observe the quiet solitude of the Trappists and to Dubuque Iowa to see the Trappistines to Dallas to worship with the members of the gay congregation of the Cathedral of Hope and to New York to talk with Muslims and Sufis As Gooch proceeded on this unique spiritual odyssey from fringe to mainstream he witnessed diverse movements and religions and their strong appeal to a broad spectrum of followers Brad Gooch has written a revealing richly detailed document of our time In Godtalk character dialogue and setting come together in an irresistible fast paced narrative that is both engaging and informative about the unexpected nature of spirituality in America today BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Living**

and specific sacred localities this book looks at the formation of Sufi movements that have migrated from their place of origin to become global religious networks Sufi groups are highly differentiated and often inaccessible so the origins and development of Sufism in the West have not been widely studied Employing a comparative approach based on regional fieldwork and case studies this book addresses theoretical issues and gives a comprehensive analysis of distinct communities and the development of regional branches of Sufi orders providing an international perspective on Sufism in the West With contributions from well known international experts on the topic the book addresses Sufi orders in the context of the transnational networks in which they are operating and the constraints of the localities in which they live This book will be of interest to scholars and students of religion Islam and Sufism in particular **Making Moderate Islam** Rosemary R. Corbett, 2016-11-23 Drawing on a decade of research into the community that proposed the so called Ground Zero Mosque this book refutes the idea that current demands for Muslim moderation have primarily arisen in response to the events of 9 11 or to the violence often depicted in the media as unique to Muslims Instead it looks at a century of pressures on religious minorities to conform to dominant American frameworks for race gender and political economy These include the encouraging of community groups to provide social services to the dispossessed in compensation for the government's lack of welfare provisions in an aggressively capitalist environment Calls for Muslim moderation in particular are also colored by racist and orientalist stereotypes about the inherent pacifism of Sufis with respect to other groups The first investigation of the assumptions behind moderate Islam in our country Making Moderate Islam is also the first to look closely at the history lives and ambitions of the those involved in Manhattan's contested project for an Islamic community center *The Practice of Islam in America* Edward E Curtis IV, 2019-09-10 An introduction to the ways in which ordinary Muslim Americans practice their faith Muslims have always been part of the United States but very little is known about how Muslim Americans practice their religion How do they pray What's it like to go on pilgrimage to Mecca What rituals accompany the birth of a child a wedding or the death of a loved one What holidays do Muslims celebrate and what charities do they support How do they learn about the Qur'an The Practice of Islam in America introduces readers to the way Islam is lived in the United States offering vivid portraits of Muslim American life passages ethical actions religious holidays prayer pilgrimage and other religious activities It takes readers into homes religious congregations schools workplaces cemeteries restaurants and all the way to Mecca to understand the diverse religious practices of Muslim Americans Going beyond a theoretical discussion of what Muslims are supposed to do this volume focuses on what they actually do As the volume reveals their religious practices are shaped by their racial and ethnic identity their gender and sexual orientation and their sectarian identity among other social factors Readers gain practical information about Islamic religion while also coming to understand how the day to day realities of American life shape Muslim American practice **A Day Apart** Christopher D Ringwald, 2008-11-20 In today's frantic 24/7 world the Sabbath a day devoted to rest and contemplation has never been more necessary A Day Apart offers a

portrait of a truly timeless way to escape the everyday world and add meaning to our lives Contemporary Sufism Meena Sharify-Funk, William Dickson, Merin Shobhana Xavier, 2017-12-22 What is Sufism Contemporary views vary tremendously even among Sufis themselves Contemporary Sufism Piety Politics and Popular Culture brings to light the religious frameworks that shape the views of Sufism's friends adversaries admirers and detractors and in the process helps readers better understand the diversity of contemporary Sufism the pressures and cultural openings to which it responds and the many divergent opinions about contemporary Sufism's relationship to Islam The three main themes piety politics and popular culture are explored in relation to the Islamic and Western contexts that shape them as well as to the historical conditions that frame contemporary debates This book is split into three parts Sufism and anti Sufism in contemporary contexts Contemporary Sufism in the West Poetic influences and popular manifestations Gendering Sufism Tradition and transformation This book will fascinate anyone interested in the challenges of contemporary Sufism as well as its relationship to Islam gender and the West It offers an ideal starting point from which undergraduate and postgraduate students teachers and lecturers can explore Sufism today **Ridiculous Packaging** Karen Favreau, 2005-06-15 Karen Favreau is a Generation X seeker who has run the spiritual gamut Raised Catholic she lapsed into atheism and began a long strange journey back to Christian faith In *Ridiculous Packaging* she chronicles her trip offering a humorous non preachy and heartfelt memoir in which she attempts to decipher why a cynical thirty three year old atheist would open her heart and accept God's love after having spent an entire lifetime running away from him Entertainment Theology (Cultural Exegesis) Barry Taylor, 2008-03-01 It's the end of the church as we know it In a digitally connected world people are seeking spiritual answers through pop culture Instead of retreating Christians must rethink the sacred and enter global conversations about God in film literature TV and music or face extinction argues Barry Taylor in *Entertainment Theology* Taking snapshots from theology cultural studies sociology and pop culture Taylor explores a myriad of factors affecting religious life since the 1970s including technology fashion celebrity and global communications He exhorts a move away from traditional Christian religion proposing instead a manifestation of Christianity as a religion not of the past but of the present and the future For scholars seminary students culture watchers and emerging church readers *Entertainment Theology* offers thought provoking hope for Christianity's future *The Soho Press Book of '80s Short Fiction* Dale Peck, 2016-06-07 In *The Soho Press Book of 80s Short Fiction* editor Dale Peck offers readers a fresh take on a seminal period in American history when Ronald Reagan was president the Cold War was rushing to its conclusion and literature was searching for ways to move beyond the postmodern unease of the 1970s Morally charged by newly politicized notions of identity but fraught with anxiety about a body whose fragility had been freshly emphasized by the AIDS epidemic the 34 works gathered here are individually vivid but taken as a body of work they challenge the prevailing notion of the 80s as a time of aesthetic as well as financial maximalism Formally inventive yet tightly controlled they offer a more expansive inclusive view of the era's literary accomplishments The

anthology blends early stories from writers like Denis Johnson Jamaica Kincaid Mary Gaitskill and Raymond Carver which have gone on to become part of the American canon with remarkable and often transgressive work from some of the most celebrated writers of the underground including Dennis Cooper Eileen Myles Lynne Tillman and Gary Indiana Peck has also included powerful work by writers such as Gil Cuadros Essex Hemphill and Sam D Allesandro whose untimely deaths from AIDS ended their careers almost before they had begun Almost a third of the stories are out of print and unavailable elsewhere The Soho Press Book of 80s Short Fiction is a daring reappraisal of a decade that is increasingly central to our culture

Comparing Faithfully Michelle Voss,2016-09-01 Every generation of theologians must respond to its context by rearticulating the central tenets of the faith Interreligious comparison has been integral to this process from the start of the Christian tradition and is especially salient today The emerging field of comparative theology in which close study of another religious tradition yields new questions and categories for theological reflection in the scholar s home tradition embodies the ecumenical spirit of this moment This discipline has the potential to enrich systematic theology and by extension theological education at its foundations The essays in *Comparing Faithfully* demonstrate that engagement with religious diversity need not be an afterthought in the study of Christian systematic theology rather it can be a way into systematic theological thinking Each section invites students to test theological categories to consider Christian doctrine in relation to specific comparisons and to take up comparative study in their own contexts This resource for pastors and theology students reconsiders five central doctrines of the Christian faith in light of focused interreligious investigations The dialogical format of the book builds conversation about the doctrine of God theodicy humanity Christology and soteriology Its comparative essays span examples from Hindu Buddhist Jewish Muslim Jain and Confucian traditions as well as indigenous Aztec theology and contemporary spiritual but not religious thought to offer exciting new perspectives on Christian doctrine

Unquiet Things Colin Jager,2015 In Great Britain during the Romantic period governmental and social structures were becoming more secular as religion was privatized and depoliticized If the discretionary nature of religious practice permitted spiritual freedom and social differentiation however secular arrangements produced new anxieties Unquiet Things investigates the social and political disorders that arise within modern secular cultures and their expression in works by Jane Austen Horace Walpole Samuel Taylor Coleridge Lord Byron and Percy Shelley among others Emphasizing secularism rather than religion as its primary analytic category Unquiet Things demonstrates that literary writing possesses a distinctive ability to register the discontent that characterizes the mood of secular modernity Colin Jager places Romantic era writers within the context of a longer series of transformations begun in the Reformation and identifies three ways in which romanticism and secularism interact the melancholic mood brought on by movements of reform the minoritizing capacity of literature to measure the disturbances produced by new arrangements of state power and a prospective romantic thinking Jager calls after the secular The poems novels and letters of the romantic period reveal uneasy traces of the spiritual past haunted by elements that trouble secular politics at the same time they imagine new and more equitable possibilities for the future In the twenty first century Jager contends we are still living within the terms of the romantic response to secularism when literature and philosophy first took account of the consequences of modernity Out ,2002-04 Out is a fashion style celebrity and opinion magazine for the modern gay man American Pilgrimage Mark Ogilbee,Jana Riess,2006 A unique guide explores the ins and outs of places filled with spiritual meaning and purpose in the United States from a small adobe chapel in Chimayo New Mexico to packed football stadiums at a Billy Graham Crusade and explains why Americans search for holiness in their own backyard The Book Review Digest ,2003 **Travel & Leisure** ,2001
