Going Off Alarming Danny Baker,2014-09-25 The dazzlingly funny second volume of Danny Baker's memoirs the television years Since my first book was published I have had countless friends and family members get in touch to say how come I hadn't included this story or that tale Was I ashamed of being shot twice once up the arse in Jamaica Road How long should a man live with such a secret If by retrospectively dropping my trousers every few pages I can reveal a fuller picture of myself during these years then so be it Besides Being shot up the arse In front of your mates What else did I forget

I Didn't Fly Over... I Landed In It Wally Edmond,2002 Unfortunately Life in the Rubber Room is never to become second nature for Richard Ulysses Lion His true fortunate nature however is that of being overly cocky mischievous and fun loving at heart He weaves a wildly variable tale through the erratically woven pages of his personal journal A journal that is chock full of crazy adventures and randomly filled with many unusual and off the wall incidents It is his Uncle Cletus who refers him to the State Mental Institution aka The Howard Hughes Hotel and who leaves him with these words It's a crazy world in there Richard Even though them folks in that place might know how to play crazy eights believe me none of them are playing with a full deck of cards Richard not only plays his cards right as he confronts the many hardships that come along with institutional life he will also come to know respect and have a genuine concern for the folks who are living there But as fate would have it Richard himself is dealt a bad hand through the onslaught of his many seizures to come Richard's biological time clock is slowly ticking away His story is not meant to be one of ridicule belittlement or making fun Richard's story is meant only to capture and release the humorous side of human nature itself
