Buddhist master outlines the path of the bodhisattvas those who renounce the peace of their own liberation vowing instead to attain enlightenment for the sake of all others The Dalai Lama once remarked that his own understanding of the bodhisattva path is based entirely upon this text Expounded by an accomplished scholar and deeply realized meditator Shantideva's Guide to Awakening is a resource for a lifetime of study Chapter by chapter and verse by verse Geshe Yeshe Tobden maps the Bodhicharyavatara in clear and insightful language helping us to deepen our understanding of its teachings and apply them to our lives Listening to the Heart Kittisaro,Thanissara,2014-11-04 A husband and wife share stories of struggle and triumph along the path of the Buddha distilling his most essential teachings in this guide that is luminous in clarity and depth Tara Brach author of Radical Acceptance Husband and wife Kittisaro and Thanissara take turns co authoring chapters in this deeply personal dharma book exploring the inner practice of meditation in support of awakening Within the context of the lives of the authors both monastics in their youth awakening unfolds as a multifaceted process following the archetypal journey of the heroine Traveling from innocence to disillusionment through the fields of trials and despair that lead to maturity and ultimately to inspiration and a blessed life Listening to the Heart tells the story of two unconventional individuals who have together embraced spirituality as the keystone of their lives At the heart of the book through teachings on the nondual nature of reality we enter the intimacy with all things as revealed in core Buddhist texts Without ending at the goal of personal freedom Thanissara and Kittisaro encourage us to go beyond the experience of inner peace to embodying wisdom in acts of service within the world With a realistic appraisal of our current global crisis in which sustainability is threatened by catastrophic climate change the authors encourage a preparedness that enables a mindful balance of equanimity and passionate engagement whatever the outcome of our global evolutionary journey The guiding refuge for this journey is the Buddha the historical teacher and most profoundly that immediate and direct pure awareness which we all can access The book also draws on teachings and stories of Buddhist masters who are fearless funny and challenging Eventually we are led into the Mary like presence of the goddess of mercy Kuan Yin who as a great archetype within Buddhist cosmology reveals the deepest mystery of our own hearts and our capacity for merciful and compassionate response As the inner process of awakening unfolds it transforms seekers and their lives as modeled by the authors It both heals the personal self in its journey through its wounds and shadows and yet at the same time dissolves identification with the self The book then ends by returning to the simplicity of the authors primary teacher Ajahn Chah with his encouragement to Be the Dharma

American Book Publishing Record ,2005 Summary of Yongey Mingyur Rinpoche and Eric Swanson's Joyful Wisdom Swift Reads,2020-12-29 Buy now to get the insights from Yongey Mingyur Rinpoche Eric Swanson's Joyful Wisdom Sample Insights 1 One of the central benefits of Buddhist meditation is using alarming and disturbing events and emotions to discover the strength and capability of the mind Most people live in a state of implicit hopelessness because they disregard the need for reflection on daily events and passively accept their reality 2 The culture of gaining material wealth leaves little

space for the cultivation of inner qualities like compassion and patience This makes people vulnerable in critical situations Most people tend to use escapism and fail at finding peace in it The Buddha however teaches to find peace in conditions of turmoil

Zen Questions Taigen Dan Leighton, 2011-11-07 Whether speaking of student or master Zen hinges on the question Zen practice does not necessarily focus on the answers but on finding a space in which we may sustain uncertainty and remain present and upright in the middle of investigations Zen Questions begins by exploring The World of Zazen the foundational practice of the Zen school presenting it as an attitude of sustained inquiry that offers us an entryway into true repose and joy From there Leighton draws deeply on his own experience as a Zen scholar and teacher to invite us into the creativity of Zen awareness and practice He explores the poetic mind of Dogen with the poetry of Rumi Mary Oliver Gary Snyder and even the American Dharma Bard Bob Dylan What's more Leighton uncovers surprising resonances between the writings of America's Founding Fathers including Thomas Jefferson and Ben Franklin and the liberating ideals at the heart of Zen
