Going By Contraries Robert Frosts Conflict With Science

Mark Richardson

Going By Contraries Robert Frosts Conflict With Science:

Going by Contraries Robert Bernard Hass, 2002 The ascendancy of science pushed aside Emerson's view of nature as an analogue for a kind and benevolent deity and led to a spiritual crisis that Robert Frost attempted to address in his work Hass English Edinboro U of Pennsylvania argues that this was the central concern of Frost's work throughout his career Frost consistently argued that poetry must seek to find a consistent rationality that strives towards wisdom and firmly rejected Poe's conception of poetry as mere ornament or the more revolutionary conceptions of the American Modernists Hass traces Frost's career as one in which he slowly overcame his fear of materialism and was able to restore his religious faith Annotation copyrighted by Book News Inc Portland OR [Robert Frost in Context](#) Mark Richardson, 2014-04-14 This new critical volume offers a fresh multifaceted assessment of Robert Frost's life and works Nearly every aspect of the poet's career is treated his interest in poetics and style his role as a public figure his deep fascination with science psychology and education his peculiar and difficult relation to religion his investments as thinker and writer in politics and war the way he dealt with problems of mental illness that beset his sister and two of his children and finally the complex geo political contexts that inform some of his best poetry Contributors include a number of influential scholars of Frost but also such distinguished poets as Paul Muldoon Dana Gioia Mark Scott and Jay Parini Essays eschew jargon and employ highly readable prose offering scholars students and general readers of Frost a broadly accessible reference and guide [Science in Modern Poetry](#) John Holmes, 2012-03-31 Leading experts on modern poetry and on literature and science explore how poets have used scientific language in their poems how poetry can offer new perspectives on science and how the Two Cultures can and have come together in the work of poets from Britain and Ireland America and Australia *The Life of Robert Frost* Henry Hart, 2017-03-08 The Life of Robert Frost presents a unique and rich approach to the poet that includes original genealogical research concerning Frost's ancestors and a demonstration of how mental illness plagued the Frost family and heavily influenced Frost's poetry A widely revealing biography of Frost that discusses his often perplexing journey from humble roots to poetic fame revealing new details of Frost's life Takes a unique approach by giving attention to Frost's genealogy and the family history of mental illness presenting a complete picture of Frost's complexity Discusses the traumatic effect on Frost of his father's early death and the impact on his poetry and outlook Presents original information on the influence of his mother's Swedenborgian mysticism [The Cambridge History of American Poetry](#) Alfred Bendixen, Stephen Burt, 2014-10-27 The Cambridge History of American Poetry offers a comprehensive exploration of the development of American poetic traditions from their beginnings until the end of the twentieth century Bringing together the insights of fifty distinguished scholars this literary history emphasizes the complex roles that poetry has played in American cultural and intellectual life detailing the variety of ways in which both public and private forms of poetry have met the needs of different communities at different times The Cambridge History of American Poetry recognizes the existence of multiple

traditions and a dramatically fluid canon providing current perspectives on both major authors and a number of representative figures whose work embodies the diversity of America's democratic traditions **How Robert Frost Made**

Realism Matter Jonathan N. Barron, 2016-07-06 Robert Frost stood at the intersection of nineteenth century romanticism and twentieth century modernism and made both his own Frost adapted the genteel values and techniques of nineteenth century poetry but Barron argues that it was his commitment to realism that gave him popular as well as scholarly appeal and created his enduring legacy This highly researched consideration of Frost investigates early innovative poetry that was published in popular magazines from 1894 to 1915 and reveals a voice of dissent that anticipated The New Poetry a voice that would come to dominate American poetry as few others have *Names, Proverbs, Riddles, and Material Text in Robert Frost* T. O'Brien, 2010-07-19 This study examines several unexplored aspects of the poetry of Robert Frost one of the most widely read and studied American poets and shows how they contribute to the reader's experience and modernism in general

The Cambridge Companion to American Poets Mark Richardson, 2015-10-14 The Cambridge Companion to American Poets brings together thirty one essays on some fifty four American poets spanning nearly 400 years from Anne Bradstreet to contemporary performance poetry This book also examines such movements in American poetry as modernism the Harlem or New Negro Renaissance confessional poetry the Black Mountain School the New York School the Beats and L A N G U A G E poetry Its reputable host of contributors approach American poetry from perspectives as diverse as the poetry itself The result is a Companion concise enough to be read with pleasure yet expansive enough to do justice to the many traditions American poets have modified inaugurated and made their own **One Voice and Many** Beth Ellen Roberts, 2006 Different conceptions of the relationships between unity and multiplicity may be presented by varying the three distances inherent in dialogue poetry each of which represents a degree of differentiation the distance between the speakers the distance between the poet and the speakers and the distance between the speakers and the reader The Georgic Mode in Twentieth-Century

American Literature Ethan Mannon, 2024-02-02 The Georgic Mode in Twentieth Century American Literature The Satisfactions of Soil and Sweat explores environmental writing that foregrounds labor Ethan Mannon argues that Virgil's Georgics as well as the georgic mode in general exerted considerable influence upon some of America's best known writers including Robert Frost Willa Cather and Wendell Berry and that these and others worked to revise the mode to better fit their own contexts This book also outlines the contemporary value of the georgic literary tradition two thousand years of writing that begins with the premise that humans must use the world in order to survive and search for a balance between human needs and nature's productive capacity In the georgic mode authors found an adaptable discourse that enabled them to advocate for the protection and responsible use of productive lands present rural places and people in all of their complexity explore human relationships with laboring animals and advertise the sensory pleasures of rooted work **Darwin's Bards** John Holmes, 2013-10-16 A comprehensive study of Darwin's legacy for religion ecology and the arts Includes over 50

complete poems and long extracts with an interpretative framework and close readings Poets examined include Tennyson Browning Hardy Frost Ted Hughes Pattia *Pound, Frost, Moore, and Poetic Precision* Barry Ahearn,2020-02-04 Pound Frost Moore and Poetic Precision Science in American Modernist Poetry examines three major poets in light of the demand that poetry aspire to scientific precision The critical insistence that poetry be precise affected every one of these poets and looking at how they responded to this insistence offers a new perspective on their achievements and by extension twentieth century poetry in general Ezra Pound sought to associate poetry with the precision of modern science technology and mathematics as a way to eliminate or reduce error Robert Frost however welcomed imprecision as a fundamental aspect of existence that the poet could use Marianne Moore appreciated the value of both precision and imprecision especially with respect to her religious perspective on human and natural phenomena By analyzing these particular poets reaction to the value placed on precision Barry Ahearn explores how that emphasis influenced the broader culture literary culture and twentieth century Modernist American poetry *Early Poems* Robert Frost,1998-06-01 Beloved American poet Robert Frost s first three books in one collection This volume presents Frost s first three books masterful and innovative collections that contain some of his best known poems including Mowing Mending Wall After Apple Picking Home Burial The Oven Bird Birches and The Road Not Taken For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators **Modernist Invention** Edward Allen,2020-07-23 Modernist Invention attends to the parallel histories of media technology and modernist American poetry *Critical Companion to Robert Frost* Deirdre J. Fagan,2007 Known for his favorite themes of New England and nature Robert Frost may well be the most famous American poet of the 20th century This is an encyclopedic guide to the life and works of this great American poet It combines critical analysis with information on Frost s life providing a one stop resource for students **Figuratively Speaking** Robert J. Fogelin,2011-02-24 In this updated edition of his brief engaging book Robert J Fogelin examines figures of speech that concern meaning irony hyperbole understatement similes metaphors and others to show how they work and to explain their attraction *T.E. Hulme and Modernism* Oliver Tearle,2013-08-15 T E Hulme 1883 1917 was the author of a small number of poems and some genuinely innovative critical and philosophical writings From this modest output his influence on later writers was considerable T S Eliot described his poems as beautiful and Ezra Pound and Wyndham Lewis were both inspired by his work T E Hulme and Modernism explores his impact on key modernist figures and also shows where this influence has been misplaced or misinterpreted Oliver Tearle also here suggests that Hulme s significance goes beyond his influence on modernism and that his work provides new ways of thinking about creative and critical writing in the 21st century What is poetry What is the

purpose of literary criticism And how might the strange phenomenon of the fragment offer new ways of theorising such issues In exploring these and other important matters this book pushes at the boundaries of literary criticism and of writing itself *Practical Ecocriticism* Glen A. Love,2003 Table of contents *Unsettling Nature* Taylor Eggan,2022-03-24 The German poet and mystic Novalis once identified philosophy as a form of homesickness More than two centuries later as modernity s displacements continue to intensify we feel Novalis s homesickness more than ever Yet nowhere has a longing for home flourished more than in contemporary environmental thinking and particularly in eco phenomenology If only we can reestablish our sense of material enmeshment in nature so the logic goes we might reverse the degradation we humans have wrought and in saving the earth we can once again dwell in the nearness of our own being *Unsettling Nature* opens with a meditation on the trouble with such ecological homecoming narratives which bear a close resemblance to narratives of settler colonial homemaking Taylor Eggan demonstrates that the Heideggerian strain of eco phenomenology along with its well trod categories of home dwelling and world produces uncanny effects in settler colonial contexts He reads instances of nature s defamiliarization not merely as psychological phenomena but also as symptoms of the repressed consciousness of coloniality The book at once critiques Heidegger s phenomenology and brings it forward through chapters on Willa Cather D H Lawrence Olive Schreiner Doris Lessing and J M Coetzee Suggesting that alienation may in fact be natural to the human condition and hence something worth embracing instead of repressing *Unsettling Nature* concludes with a speculative proposal to transform eco phenomenology into exo phenomenology an experiential mode that engages deeply with the alterity of others and with the self as its own Other *William Wordsworth and the Ecology of Authorship* Scott Hess,2012-04-12 In *William Wordsworth and the Ecology of Authorship* Scott Hess explores Wordsworth s defining role in establishing what he designates as the ecology of authorship a primarily middle class nineteenth century conception of nature associated with aesthetics high culture individualism and nation Instead of viewing Wordsworth as an early ecologist Hess places him within a context that is largely cultural and aesthetic The supposedly universal Wordsworthian vision of nature Hess argues was in this sense specifically male middle class professional and culturally elite factors that continue to shape the environmental movement today

Recognizing the artifice ways to get this ebook **Going By Contraries Robert Frosts Conflict With Science** is additionally useful. You have remained in right site to begin getting this info. acquire the Going By Contraries Robert Frosts Conflict With Science link that we provide here and check out the link.
