What You Need to Know to Go Global Stephen Creskoff, 2016-05-09. What You Need To Know To Go Global is a terrific book. Any SME wanting to compete in world markets should read What You Need To Know To Go Global, written by an extremely knowledgeable expert with a lifetime of hands-on experience. William Krist, Senior Scholar, Wilson Center, and author of *Globalization and America's Trade Agreements*. As a practitioner of international trade law for 30 years, I am often asked for help with this very question: how do I go international with my business? Until now, I've never had a good answer. Steve Creskoff's book fills a big gap in the available books on this subject. It is very practical, and the stories based on his work and experience place the issues in context and allow the reader to understand the how and why, not just the what. Chapter 9 alone is worth the price of the entire book. The value provided in this book is worth hundreds or even thousands of dollars in consulting fees. The reader gets the benefit of the author's years of global experience for the price of the book, a real bargain. Jeff Snyder, General editor, *Global Trade Custom Journal*, and Chair, international trade group, Crowell Moring LLP. What You Need To Know To Go Global is an invaluable tool for anyone trying to understand and overcome the challenges of international trade. It is highly readable and full of insights and practical advice. Lynn Reaser, Ph.D., Chief Economist, Fermanian Business Economic Institute, Point Loma Nazarene University.
