**Hawthorne's Narrative Strategies** Dunne, Michael, 1995 For more than 150 years readers have interpreted Nathaniel Hawthorne's fiction in a dazzling variety of ways. Instead of arguing in favor of or against what these readers conceive the fiction to mean, this examination of Hawthorne's narrative strategies demonstrates how he leads readers to reason as they do.

**The Heart in Hawthorne's Moral Vision** Arthur Marvin Schwartz, 1961      *Hawthorne's Conception of the Creative Process* Richard J. Jacobson, 1965 Richard Jacobson examines and delineates the processes of mind that Hawthorne conceived of as underlying the creative act. Taking issue with previous studies that have presented the novelist as an adherent of one or another of the particular schools of thought representative of his time, the author demonstrates that Hawthorne's views were in fact eclectically formed and were a fusion of classical and romantic attitudes. His intense preoccupation with the relationship between art and morality and the validation of imaginative insights are central elements Jacobson maintains in Hawthorne's theory of the creative process.

**The Tragic Vision of Hawthorne and Faulkner** Dorothy Anne Smith Davis, 1963      **Hawthorne's Shyness** Clark Davis, 2005-06-06 This important new reading of a central figure in American literary history significant in its own right powerfully demonstrates the potential of Davis's critical approach. *Nathaniel Hawthorne, The Scarlet Letter* Elmer Kennedy-Andrews, 2000 Introduces and sets in context the enormous range of critical arguments that have been generated by this enduring work. From the comments and reviews of Hawthorne's contemporaries through discussions of the novel by fellow artists such as Henry James and D. H. Lawrence to radical re-readings of the postwar decades, the reader is given an invaluable guide to the critical progress of this key American text.

**The Entanglements of Nathaniel Hawthorne** Samuel Coale, 2011 The process of Hawthorne's scholarly canonization and the ongoing critical and cultural discourse on his works. Nathaniel Hawthorne, celebrated in his own day for sketches that now seem sentimental, came only gradually to be fully appreciated for what his friend Herman Melville diagnosed as the power of blackness in his fiction: the complex moral grappling with sin and guilt. By the 1850s Hawthorne had already been accepted into the American canon, and since then his works, especially *The Scarlet Letter*, have remained ubiquitous in American culture. Along with this has come an explosion of Hawthorne criticism from New Criticism, New Historicism, and Cultural Studies to queer theory, feminist scholarship, and transatlantic criticism that shows no signs of slowing. This book charts Hawthorne's canonization and the ongoing critical discourse, drawing on two senses of entanglement. First, the sense from quantum physics which allows us to see what were once seen as strict dualisms in Hawthorne as more complex relations where the poles of the would-be dualities play off of and affect each other. Second, the sense of critics being tangled up in Hawthorne: the man and his work, and in previous critics' views of him. Charting the course of Hawthorne criticism as well as his place in popular culture, this book sheds light also on the culture in

which his reception has occurred Samuel Chase Coale is Professor of American Literature and Culture at Wheaton College Norton Massachusetts Bloom's How to Write about Nathaniel Hawthorne Laurie A. Sterling, 2009 Nathaniel Hawthorne's fiction has left a lasting impression on writers scholars and readers around the world *The Shape of Hawthorne's Career* Nina Baym, 2019-01-24 This gracefully written book considers all of Nathaniel Hawthorne's works from Fanshawe through the unfinished romances of his last years and establishes the pattern of his literary development Ms Baym brings the crucial facts of Hawthorne's career into clear focus and places the individual works within the total picture Disputing some enduring critical pieties she finds in Hawthorne a writer who experimented with a series of literary poses through which he tried both to discover himself and to please his audience He realized late she says the paradox that the more he departed from conventional modes the more popular his writing became By looking discerningly at all of Hawthorne's work as it unfolded Ms Baym produces compelling new insights into a major American writer and adds appreciably to our understanding of him

*A Historical Guide to Nathaniel Hawthorne* Larry John Reynolds, 2001 This historical guide collects a number of original essays by Hawthorne scholars that place the author in historical context It includes a brief biography and illustrated chronology of the author's life and times *Rediscovering Hawthorne* Kenneth Dauber, 2015-03-08 Starting from Hawthorne's statement that his works are attempts to open an intercourse with the world Kenneth Dauber examines them to see how they serve as acts of communication Thus his investigation of a major American writer studies Hawthorne as a craftsman explores the conditions under which various interpretations of literature are possible and lays the foundation for a new theory of genres The author begins with a brief history of American criticism from the rediscovery of classic American letters to the present He traces the development of historicism and formalism as the two major strains of native critical thought and demonstrates their specific limitations in connection with a study of Hawthorne's allegory By redefining literature according to Hawthorne's work and reexamining the role of the critic in view of the circumstances of American letters Professor Dauber is able to propose a native poetics Central to the author's theory is the concept of genre as a pre-existing structure with which Hawthorne battled and through which he sought communion This ambivalence is analyzed in chapters on the four novels and selected stories Originally published in 1977 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Nathaniel Hawthorne. the Seven Gables and Transformation British title of The Marble Faun This study examines the parallels between these two kindred spirits and their works focusing on their similar worldviews their personal backgrounds and lifestyles and the Ultimates they both pondered It discusses common themes in their works such as myth scientism and the great power of blackness Their respective attitudes toward these issues and others such as faith repentance heaven and hell confession church attendance the clergy and Puritanism are strikingly similar Considerable attention is given to companion pieces of the two writers with discussion of the so called Fortunate Fall in The Marble Faun and Perelandra veil imagery in The Minister's Black Veil The Blithedale Romance and Till We Have Faces influence of Bunyan's allegory on The Pilgrim's Regress and The Celestial Railroad and multiform love in The Four Loves and The House of the Seven Gables Examination of such affinities between these two writers and their works provides mutual illumination and enhanced appreciation of each     The Scarlet Letter Nathaniel Hawthorne,2008-10-09 After a two year absence a husband returns to find his wife wearing the scarlet A for Adulteress on her breast Determined to find her lover he embarks on a destructive path of revenge This edition uses the most authoritative text with a wide ranging critical introduction     Hawthorne's the Marble Faun Richard E. Mezo,1999-05 Since its publication in 1860 critics have questioned the artistic value of Hawthorne's The Marble Faun A revival of critical interest during the 1950's and 1960's has done little to change a generally unfavorable opinion of the work With a few notable exceptions most recent critics believe The Marble Faun to be inferior to Hawthorne's other completed romances Such opinions however usually seem to be based upon the personal taste of the individual critic rather than upon any sort of objective artistic standards The purpose of this study is to examine and evaluate the various critical approaches to The Marble Faun These interpretations provide the basis for a re appraisal of the work A study of the structure the main themes and the characters of The Marble Faun reveals that it is not an inferior work of art In many respects The Marble Faun reflects the maturity of Hawthorne's artistic and philosophical beliefs The Marble Faun is a work capable of standing on its own merits Some critics have misunderstood Hawthorne's aesthetic principles Hawthorne thought that art should be used to suggest moral values The power of art he believed was in its suggestiveness The creation of an ideal beauty which has no exact counterpart in the material world suggests the reality of an unknowable divine providence However the value of a work of art depends upon the mood of the viewer The viewer must assist the artist with his sympathy and imagination in an act of continual creation The work of art will reflect back only those qualities which are brought to it by the viewer Hawthorne's view of life is similar to the philosophy expressed by modern Christian existentialists Throughout his writings Hawthorne's concern for humanity is evident In The Marble Faun Hawthorne explores a problem which has become almost an obsession of modern man This problem is the question of man's moral position in what seems to be a meaningless if not hostile universe The most important theme of The Marble Faun is a consideration of the consequences of man's alienation from other men from God and from nature The structure and the themes of The Marble Faun are developed through the actions of the major

characters Hilda Miriam Donatello and Kenyon are each transformed by a fall from relative innocence into a world of suffering humanity Donatello's transformation from faun to man is more striking than the transformations of the other three characters and it is his fall which leads to the question of the *felix culpa* Although Hilda and Kenyon are ultimately less mature characters than Donatello and Miriam they also benefit from their experiences in Rome Hawthorne's belief in the brotherhood of all men is demonstrated by the experiences of the major characters in *The Marble Faun* Whether or not it is their wish each of these characters must accept the responsibility for his own actions and each must become involved with humanity It is Hawthorne's deep concern for the human condition profoundly expressed in his art which makes *The Marble Faun* a work of enduring importance to our civilization      *Nathaniel Hawthorne as Political Philosopher* John E. Alvis, 2017-07-28 Using the works of Nathaniel Hawthorne as a case study John E. Alvis shows that a novelist can be a political philosopher He demonstrates that much of Hawthorne's works are rooted in the American political tradition Once we view his writings in connection with the principles expressed in the Declaration of Independence we grasp that what Thomas Jefferson and John Adams had stated explicitly Hawthorne's fiction conveys dramatically With examples drawn from Hawthorne's shorter works as well as acknowledged classics such as *The Scarlet Letter* John E. Alvis shows that Hawthorne's characters bear something sacred in their generic humanity yet are subject to moral judgment He conveys reciprocity between obligations regulating individual relations and the responsibilities of individuals to their community From America's founding proclamations in the Declaration of Independence we take a sense of national aspirations for a political order that conforms to laws of nature and nature's God From this higher law emerge the principles enumerated in that revolutionary document Are these principles confined to the political or do they reach into the experience of citizens to inform conduct Do they include family local community and individual face to face relations with neighbors and strangers Can one make a distinct way of life by fidelity to such standards as higher law equality liberty natural rights and consent This study is distinguished from other writings on Hawthorne in its largely positive focus on America Alvis characterizes Hawthorne as a rational patriot who endorses America's new terms for human association This fascinating study provides new insights into the mind of one of the greatest American writers      *The Making of the Hawthorne Subject* Alison Easton, 1996 Nearly all critics of Hawthorne have ignored this element of development thus missing the complex evolution of the subject and the revealing intertextual play of meaning that is evident in everything Hawthorne wrote during this period      *Psychoanalytic Readings of Hawthorne's Romances* David B. Diamond, 2021-07-08 Offering innovative psychoanalytic readings of Nathaniel Hawthorne's four romances this volume systematically applies Freudian theory to present significant new insights into the psychology of Hawthorne's characters and their fates By critically examining scenes in which the protagonists confront past traumas Diamond underscores the transformative potential which Hawthorne attributes to encounters with the unconscious Psychoanalytic narrative technique is employed to interpret the psychological crises all hidden by Hawthorne in narrative gaps

in *The Scarlet Letter* *The House of the Seven Gables* *The Blithedale Romance* and *The Marble Faun* The protagonists transformations that are illuminated are crucial to an understanding of the trajectory and resolution of the romances The text will benefit both academic and non academic readers who seek a deeper understanding of the psychology of Hawthorne s romances It will be of particular interest to educators and researchers of applied psychoanalysis and psychoanalytic technique Since its conclusions challenge many currently held critical views this volume is especially relevant to scholars of Hawthorne studies interdisciplinary literary studies and 19th century American literature
