Feminism in Women's Detective Fiction Glenwood Irons, 1995-12-15 Names such as Sherlock Holmes, Hercule Poirot, and Sam Spade are perhaps better known than the names of the authors who created them. The woman detective has also had worldwide appeal, yet with the exception of Christie's Miss Marple, the names of female detectives and their authors have only recently gained wide attention through the popularity of Marcia Muller, Sue Grafton, and Sara Paretsky. The essays in this collection grapple with a wide range of issues important to the female sleuth, the most important perhaps being the oft-heard challenge to her suitability for the job. Not surprisingly, gender issues are the main focus of all the essays; indeed, in detective novels with a woman protagonist, these issues are often right at the surface. Some of the papers see the female sleuth as an important force in popular fiction, but many also challenge the notion that the woman detective is a positive model for feminists. They argue that fictional female sleuths have lost the otherness that a feminine approach to the genre should encourage. Collectively, the essays also reveal the differences between British and American perspectives on the woman detective.

Midnight at the Barrelhouse George Lipsitz, 2010 Looking closely at the limit of both multilingual literary expression and the literary journalism criticism and scholarship that comments on multilingual work, Babel's Shadow presents a critical reflection on the fate of literature in a world gripped by the crisis of globalization.

R.E.M. Fiction David Buckley, 2012-05-31 R.E.M.'s public image has always been tightly controlled. Icons of anti-celebrity rock who became huge celebrity rock stars, they were, according to the story, the first U.S. post-new wave band who were both commercially successful and cool. Drawing on exclusive interviews with Mike Mills, Peter Dinklage, and other members of R.E.M.'s nuclear family, Fiction re-evaluates the music and career of a group who sold almost no records for the first half of their existence, then became the biggest rock group in the world in the second half.

The Nightmare Man Michael Fisher, 1993 Ed Cody, the unforgettable character whom many readers met in *Cries from the Darkness*, is an ex-cop who was nearly killed by a gunshot to the head. His vivid psychic flashes of future events now make him
