relation of the costumes to the prayer dramas particularly to the reverential solemn ecstatic public dance with which these climax Vivid details emerge here about such rituals as the animal dances from the Rio Grande region and the Rain Dance of the Zuni Fifty years after its original publication Virginia Roediger's book remains the most comprehensive study of the ceremonial costumes of the Pueblo peoples A book of great visual appeal and unrivaled detail it will be welcomed back by scholars and general readers alike When the University of California Press first published Roediger's *Ceremonial Costumes of the Pueblo Indians* in 1941 it was immediately hailed as both a beautiful book and the most comprehensive description ever of the making and meaning of the Pueblo costumes
