Head Heart Hands In Human Evolution

Jacques Waardenburg

Head Heart Hands In Human Evolution:

Head, Heart and Hands in Human Evolution R. R. Marett, 1979-02 *Head, Heart & Hands in Human Evolution* Robert Ranulph Marett, 1935 General work on primitive thought religion and technology includes Australian Aboriginal material drawn mainly from the works of early anthropological writers A History of Oxford Anthropology Peter Rivière, 2009-10 Informative as well as entertaining this volume offers many interesting facets of the first hundred years of anthropology at Oxford University **The Psychoanalytic Study of Society, V. 16** L. Bryce Boyer, Ruth M. Boyer, 2019-01-04 Volume 16 offers appreciations of A Irving Hallowell by M Spiro R Fogelson and E Bourguignon Additional topics include Kagwahiv dream beliefs W Kracke experiences of the self in Papua New Guinea F Poole house design and the self in an African culture R circumcision and biblical narrative M Lansky and cultic elements in early Christianity W Meissner **Michael Oakeshott Selected Writings Collection** Michael Oakeshott, 2014-08-26 A collection of 6 volumes of Oakeshott's work Notebooks 1922-86 Early Political Writings 1925-30 The Concept of a Philosophical Jurisprudence Vocabulary of a Modern European State Lectures in the History of Political Thought and What is History *The English Catalogue of Books Published from January, 1835, to January, 1863*, 1864 **Saving Society** Bernard S Phillips, David Christner, 2015-12-22 Why do many problems throughout the world seem to be getting worse Saving Society argues that a dramatic change in our mode of thinking is required The authors show how many of our fundamental assumptions lead to an overly bureaucratic approach blocking solutions to many of our problems They contrast our present emotional repression and conforming behaviour with a more liberated form of perception thought and emotional expression which could allow us to break out of these bureaucratic routines Saving Society shows how this alternative approach might lay the basis for more effective and democratic institutions **Functionalism Historicized** George W. Stocking, 1984-12-16 This volume is likely to prove indispensable to historians of anthropology in general and of British anthropology in particular There are a wide range of historical skills on display from traditional textual analysis to historical sociology of the most sophisticated sort and there is a more or less thorough chronological coverage from the era of classical evolutionism virtually up to the present One can only hope that historicizing anthropologists will sample some of these wares Journal of the History of the Behavioral Sciences **Man, Nature and Art** Reuben Wheeler, 2014-05-17 Man Nature and Art focuses on the interrelation of man nature and art The book first elaborates on dancing myth ritual and symbolism and biology and art The text then elaborates on man and the symbol unity sex and love man and the community and man and agriculture The manuscript takes a look at scientific revolution rise of individualism disintegration of community and Robinson Crusoe and concept of the isolation of man The text then examines the influence of Rembrandt revolutions and the violence of Goya Samuel Palmer and his contention of pastoral man and analysis of technology and materialism in the novels of Dickens The book is a fine reference for students and researchers interested in the interrelation of man nature and art **Reading the Body** Wataru Ohashi, Tom

Monte,1991-11-01 People are always asking me how can I be happy Or how can I find the thing I really want to do in life I tell them you are standing on your answer The secrets of your life are written on your body Ohashi Ohashi helps you learn these secrets by showing you how to read your body to determine both your physical and spiritual condition as revealed in the physical self Because as Ohashi notes the body is the physical manifestation of the soul your posture your features and the texture of your skin can tell you who you are This is not just a book about health and shiatsu it is a guide to living well The goal is to find unity of body mind and spirit emphasizing that everyone has strengths and weaknesses and that accommodating one s weaknesses is as important as utilizing one s strengths Filled with diagrams drawings and sample diagnoses this is not only a practical guidebook by reading the body one can tell what shiatsu techniques apply to the various energy meridians of the body but also a fascinating meditation on how to live *The Retreat of Scientific Racism* Elazar Barkan,1992 This fascinating study in the sociology of knowledge documents the refutation of scientific foundations for racism in Britain and the United States between the two World Wars when racial differences were no longer attributed to cultural factors Professor Barkan considers the social significance of this transformation particularly its effect on race relations in the modern world Discussing the work of the leading biologists and anthropologists who wrote between the wars he argues that the impetus for the shift in ideologies came from the inclusion of outsiders women Jews and leftists who infused greater egalitarianism into scientific discourse But even though the emerging view of race was constrained by a scientific language he shows that modern theorists were as much influenced by social and political events as were their predecessors Catalogue: Subjects Peabody Museum of Archaeology and Ethnology. Library,1963 *Religion, Morality and the Person* Meyer Fortes,1987-10-15 Meyer Fortes 1906 1982 was one of the foremost anthropologists of this century who for many years worked among the Tallensi of northern Ghana Although he published seminally important monographs on Tallensi family and kinship and on political organization his work on their religion has hitherto remained confined to disparate journals and edited volumes This collection brings together in one place his major writings on religion

Classical Approaches to the Study of Religion Jacques Waardenburg,2017-01-23 Waardenburg s magisterial essay traces the rise and development of the academic study of religion from the mid nineteenth to the mid twentieth century outlining the establishment of the discipline its connections with other fields religion as a subject of research and perspectives on a phenomenological study of religion Furthermore a second part comprises an anthology of texts from 41 scholars whose work was programmatic in the evolution of the academic study of religion Each chapter presents a particular approach theory and method relevant to the study of religion The pieces selected for this volume were taken from the discipline of religious studies as well as from related fields such as anthropology sociology and psychology to name a few

Comparative Psychology of Mental Development Heinz Werner,2004-12-31 This classic work first published in German in 1926 and subsequently in English in 1940 was the first comprehensive introduction to the field of comparative

developmental psychology In her new prologue to this reprint of the revised edition originally published by International Universities Press in 1948 Margery Franklin sketches the key events in Werner s life the major themes in his concept of development and relevant issues for today s scholars Classical Approaches to the Study of Religion Jean Jacques Waardenburg,1974 The Routledge Dictionary of Anthropologists Gérald Gaillard,2004 This detailed and comprehensive guide provides biographical information on the most influential and significant figures in world anthropology from the birth of the discipline in the nineteenth century to the present day Each of the fifteen chapters focuses on a national tradition or school of thought outlining its central features and placing the anthropologists within their intellectual contexts Fully indexed and cross referenced The Routledge Dictionary of Anthropologists will prove indispensable for students of anthropology

Socio-Cultural and Religious Conflicts and the Future of Nigeria Lotanna Olisaemeka,2022 With the prevailing violent conflict situation of our world perpetuated sometimes even in the name of religion humanity today faces extinction To reverse this ugly trend humanity has no choice than to build a society where every tribe and tongue can coexist in peace This work analyzed the violent conflicts from anthropological behavioral politico philosophical and theological perspectives and makes a demand on humanity to save herself through proper education and dialogue with all men and religions **The Routledge Dictionary of Anthropologists** Gerald Gaillard,2004-06-01 This detailed and comprehensive guide provides biographical information on the most influential and significant figures in world anthropology from the birth of the discipline in the nineteenth century to the present day Each of the fifteen chapters focuses on a national tradition or school of thought outlining its central features and placing the anthropologists within their intellectual contexts Fully indexed and cross referenced The Routledge Dictionary of Anthropologists will prove indispensable for students of anthropology

Index-catalogue of the Library of the Surgeon-General's Office, United States Army National Library of Medicine (U.S.),1948
