Headless A Jack Sheet Investigation:

Headless Edward Beardshear,2003-03-06 A headless corpse stuffed in an unoccupied University Hospital room does not advertise good medical care for the institution The Courier Gazette assigns Jack Sheet to write the story Soon a series of torsos with alternating heads start appearing with frightening rapidity Jack is forced to go New Age on this one and unwillingly visits the Land of Weird Even he can't believe what he finds or how he finds it This one will mess with your head enough to give you nightmares **Jack the Ripper: Scotland Yard Investigates** Stewart P Evans,Donald

Rumbelow,2010-05-21 In 1888 the dreaded figure of Jack the Ripper stalked London's East End murdering prostitutes His crimes set in motion a huge police operation and have held a dark fascination over the public's imagination for over a century yet his identity has never been proved Now for the first time two leading Ripper experts have joined forces to treat the case like a police investigation Drawing on their unparalleled knowledge of the Jack the Ripper murders and their professional experience as police officers they uncover clues that have remained undetected for over a hundred years There are five canonical Ripper victims yet Scotland Yard's Whitechapel Murders files include another six suspected victims Drawing the reader into the world of police investigation in Victorian London Evans and Rumbelow reveal the conflict between the City and Metropolitan forces and the ridicule heaped on the police by the press Investigating each murder they conclude that only four of the eleven victims were actually killed by the Ripper Perhaps most tellingly they question the motives behind the destruction of evidence particularly the message The Juwes are the men that will not be blamed for nothing which was chalked on the wall near one murder site and rubbed out on order of the Chief Commissioner and ask whether the enigmatic Dr Robert Anderson officer in charge of the investigation knew the Ripper's true identity Jack the Ripper Scotland Yard Investigates strips away much of the nonsense that has accumulated since 1888 and reopens files on a case that will perhaps never be fully solved but will always fascinate *Engineering News*,1906 **The Supernatural in Modern English**

Fiction Dorothy Scarborough,2014-11-04 The subject of the supernatural in modern English fiction has been found difficult to deal with because of its wealth of material While there has been no previous book on the topic and none related to it save Mr C E Whitmore's work on The Supernatural in Tragedy the mass of fiction itself introducing ghostly or psychic motifs is simply enormous It is manifestly impossible to discuss or even to mention all of it Even in my bibliography which numbers over three thousand titles I have made no effort to list all the available examples of the type The bibliography which I at first intended to publish in connection with this volume is far too voluminous to be included here so will probably be brought out later by itself It would have been impossible for me to prosecute the research work or to write the book save for the assistance generously given by many persons I am indebted to the various officials of the libraries of Columbia University and of New York City particularly to Miss Isadore Mudge Reference Librarian of Columbia and to the authorities of the New York Society Library for permission to use their priceless out of print novels in the Kennedy Collection My interest in English

fiction was increased during my attendance on some courses in the history of the English novel given by Dr A J Carlyle in Oxford University England several years ago I have received helpful bibliographical suggestions from Professor Blanche Colton Williams Dr Dorothy Brewster Professor Nelson Glenn McCrea Professor John Cunliffe and Dean Talcott Williams of Columbia and Professor G L Kittredge of Harvard Professors William P Trent George Philip Krapp and Ernest Hunter Wright very kindly read the book in manuscript and gave valuable advice concerning it Professor Wright going over the material with me in detail But my chief debt of gratitude is to Professor Ashley H Thorndike Head of the Department of English and Comparative Literature in Columbia whose stimulating criticism and kindly encouragement have made the book possible To all of these and others who have aided me I am deeply grateful and I only wish that the published volume were more worthy of their assistance

The Human Predator Katherine Ramsland, 2013-02-05 When we think of serial killing we tend to think of it as a perversion of contemporary society The Human Predator makes an eye opening case for the existence of serial killers throughout time the motives and methods the societies that spawned them and the historical periods in which they lived and killed From Ancient Rome and the Dark Ages to the open roads of America from the exploits of French religious zealot Gilles de Rais to such high profile monsters as Jeffrey Dahmer and Aileen Wuornos Katherine Ramsland offers a complete chronological record of the serial killer phenomenon and the parallel development of psychology forensic science and FBI profiling in the serial killer s evolving manifestation throughout human history INCLUDES PHOTOGRAPHS
