Healing Lazarus A Buddhists Journey From Near Death To New Life:

Healing Lazarus Lewis Richmond,2003-09 For Lewis Richmond overcoming a swift and devastating brain disease was only the beginning of an intense protracted journey of recovery But the Buddhist teachings that sustained him throughout his adult life would prove essential in guiding him back to wellness and toward rebirth and transformation In *Healing Lazarus* Richmond shares the lessons he learned and the wisdom he won in sickness and in health His words of love hope and courage are as inspiring as they are true Illuminating from the first page to the last Richmond s memoir is an affirmation and a celebration of life and a testament to the human spirit The Arts of Contemplative Care Cheryl A Giles,Willa B

Miller,2012-11-24 Powerful and life affirming this watershed volume brings together the voices of pioneers in the field of contemplative care from hospice and hospitals to colleges prisons and the military Illustrating the day to day words and actions of pastoral workers each first person essay in this collection offers a distillation of the wisdom gained over years of compassionate experience The stories told here are sure to inspire whether you are a professional caregiver or simply feel inclined toward guiding healing and comforting roles If you are inspired to read this book or even one touching story in it you just might find yourself inspired to change a life *Theology as Autobiography* Colby Dickinson,2020-03-17

Autobiographical writings on faith frequently come from the lives of ordinary persons whose struggles with faith are often lived at the margins of the church academy and society Yet these voices have the potential to reshape the ways in which each of these fields function To find out what it means to stand before God with all of one s humanity on display is to engage in not only the act of confession but to demonstrate a bold theological reflection that needs to be more explicitly understood By turning to spiritual autobiographies as theological source texts we learn to place our emphasis where it matters most on the people whose lives of faith move us deeply and cause us to re examine our own lives in light of their witness Moving through a range of ancient early modern and contemporary spiritual writers in order to demonstrate a profound connection that unites them all this book portrays how a critical self examination of one s most personal internal fractures our poverty as it were is the only way to develop a life of faith the dual meaning of the word confession which expresses both a revealing of one s sins or brokenness and the articulation of what one believes **Healing Lazarus** Lewis Richmond,2002 For Lewis
