children and adolescents in large numbers are actively using integrative complementary and alternative therapies. Various studies now indicate that over 50% of pediatricians surveyed would refer a patient for integrative therapy and they would welcome more natural therapies for children provided they were safe and effective. However, there has been little training for pediatricians in this area. Integrative Pediatrics addresses these issues and provides guidelines for pediatricians, parents, and general audiences in a balanced, evidence-based manner. In this volume in the Weil Integrative Medicine Library series, the authors describe a rational and evidence-based approach to the integrative therapy of childhood disorders and well-child care, integrating the principles of alternative and complementary therapies into the principles and practice of conventional pediatrics. The authors examine what works and what doesn't and offer practical guidelines for physicians to incorporate integrative medicine into their practice and how to advise patients and their parents on reasonable and effective therapies. The text also covers areas of controversy and identifies areas of uncertainty where future research is needed. Chapters also cite the best available evidence for both safety and efficacy of all therapies discussed. The series editor is Andrew Weil, MD, Professor and Director of the Program of Integrative Medicine at the University of Arizona. Dr. Weil's program was the first academic program in the US, and he is the major name in integrative medicine in the US and well-known around the world. His program's stated goal is to combine the best ideas and practices of conventional and alternative medicine into cost-effective treatments without embracing alternative practices uncritically.

**Mastering yourself: an intuitive mentoring handbook** Gabi Gal, Learn to unlock your intuition and ability to heal, understand yourself, and integrate information about your true self. This book is especially for you who has been on a journey of migration/integration, moving from one place to another or even moving from a place of consciousness to another. You will find tools to overcome challenges, identity changes, learning to tap into the unseen world of energies, and learning to coach yourself. The first part of the book is the result of research conducted with many different ethnicities who have migrated and were challenged in the process of rebuilding their core selves, finding employment or starting business in the new place, and embracing more of their gifts in the new place. The second part offers deep insights, reflections, as well as channeled messages about the human integration journey where you learn to trust your intuition and grow from within. Dr. Gabi Gal shares with you her work of decades of coaching and counselling people, guiding them intuitively, as well as her own journey of integration, migration, and evolution of consciousness. If you want to get to know more about her work, as well as join the program, Reconnect with your Light, you are welcome to [www.gabigal.se](http://www.gabigal.se) as well as the direct course platform where you can access content right away [www.reconnectwithyourlight.com](http://www.reconnectwithyourlight.com).
