Healing Ministry:

A Healing Ministry Sid Eavis, 2007 **Follow the Healer** Stephen Seamands, 2023-09-05 Follow the Healer provides those in ministry with a practical theology of healing helping you understand how Jesus heals and why we still need to participate It s easy to fall into one of two extremes when it comes to Christian healing outright skepticism on one side and abuse on the other Many of us have a lot of good and difficult questions What is Christian healing ministry supposed to look like How do we go about it What forms and expressions should it take and how do we evaluate it How do we determine whether the healing ministry we are involved in is in keeping with what Jesus intended Starting from the assumption that Jesus does heal in our day and age Follow the Healer seeks to answer these questions with a balanced pastoral and scriptural approach This is a call to help you better understand and minister God s healing to a world that is in so much pain You ll take a closer look at why Christian healing is still relevant and essential today and how to avoid the many difficulties disappointments and distortions that occur in healing ministry Stephen Seamands draws upon over three decades of teaching theology and active involvement in healing ministry to help you grasp the why to of healing that comes before the how to This holistic Wesleyan approach to healing will help traditional evangelicals more readily embrace healing ministry and lead Pentecostals and charismatics already engaged in this ministry to move toward a more discerning approach to healing

Mission Continues Claudia Wahrisch-Oblau, Fidon Mwombeki, 2010-09-01 In May 2009 thirty five theologians from Asia Africa and Europe met in Wuppertal Germany for a consultation on mission theology organized by the United Evangelical Mission Communion of Thirty five Churches in Three Continents The aim was to participate in the 100th anniversary of the Edinburgh conference through a study process and reflect on the challenges for mission in the twenty first century We decided not to invite renowned experts but to have an open invitation through a call for papers so that practicing mission experts not yet well known would have an opportunity to share their expertise We decided not to predetermine a theme or motto for the consultation but to allow various themes on mission to emerge from the papers themselves and thus to allow wide ranging discussions Indeed the papers were varied each drew strong reactions lively and even controversial debates We were able to discover common concerns transcending very different contexts The collection of papers in this book has been taken from the papers delivered at the Wuppertal consultation In some cases short responses by one or two of the consultation participants were added to highlight the discussions that followed The very varied voices collected in this anthology nevertheless have much in common Even where they are most theoretical it is obvious that all contributors come from missionary practice and bring in their contextual experiences
