treasure chests after a large number of trials and tribulations and the villains snapping at their heels and open them up eagerly Only to find no jewels or pieces of eight but a large number of spices Those spices would have made them multimillionaires in Elizabethan England but in today s world they are available on each and every departmental store shelf and in great abundance We are fortunate in that way that we do not have to dole out tiny little portions of spices in order to add zest and spice to our food while waiting for a ship load to come in with their exotic and expensive cargo These spices came from the island of Zanzibar and other countries of Africa India and other tropical countries where they grew in abundance and were shipped globally since ancient times
