Memoirs of a Medicine Man Ernest W. Abernathy M.D,2005-08-12 The practice of medicine or surgery is not just sore throats colds and the flu removing gall bladders or back aches and belly aches It is however a roller coaster cornucopia of people and events where drama comedy the heights of joy and the depths of sadness are only moments away as if a revolving door is constantly ejecting the next encounter a child with appendicitis a broken arm the Ku Klux Klan with death threats gunshot wounds snake handlers con artists sex racism rape a sweet old lady with arthritis or some addict a never ending myriad Thankfully most of my patients

and I grew old together in an air of love and mutual respect in an era of closeness between patients and doctors when doctors really cared not only about the patient's health but also about the patients themselves. Medical school forgot to mention ethics or talk about humanistic qualities, abstract values outside the world of science. The patient is not just a patient case that gallbladder in room 911 or a number but is a unique human being with emotions, feelings, worthiness, fears, hopes and worries as well as the capabilities of understanding and courage in the face of disaster. He or she deserves full respect. Ten Years of Rape, Green Door of Racism, Save A Sexist and Lose A Patient and The Comedy Corner are true stories about the people who traverse these pages, a few of the curious encounters in my forty-year love affair with helping people, sometimes called the practice of medicine.

Preaching Christ from Psalms Greidanus, 2016. In this final volume of his series on preaching Christ from the Old Testament, Sidney Greidanus offers expert guidance for busy pastors on preaching Christ from Psalms. Beginning with a general introduction on how pastors can interpret and preach from the biblical psalms and why they should, Greidanus proceeds by discussing twenty-two psalms in the Revised Common Lectionary Year A, supplying the building blocks necessary to preach from Psalms at Christmas, Easter, Pentecost and other major days and seasons of the church year. In addition to laying out basic homiletical, theological approaches suitable for each selected psalm, these chapters also provide verse-by-verse exposition, bridges to Christ in the New Testament and ideas for placing the psalmist's words into contemporary context.

A Course in Miracles Helen Schucman, 2009-05-15. A Course in Miracles, often called just the Course, is a self-study course for retraining the mind that is spiritual rather than religious in its perspective. Although it uses Christian terminology, it is ecumenical in its approach and its underlying ontology is reminiscent of ancient refrains echoing the world's most hallowed traditions. The Course is pragmatic in its method and its aim is a peaceful mind. Knowledge is not the motivation for learning this course. Peace is. Nevertheless, the Course frequently emphasizes its simplicity. The edition of A Course in Miracles that is reproduced in this volume is sometimes referred to as the Hugh Lynn Cayce version because upon completion it had been delivered to Hugh Lynn Cayce, son of the renowned psychic Edgar Cayce, in 1972, before the manuscript was subjected to the substantial editing process that is described below.
