Grief is built on Dr Wolfelt's Ten Touchstones which are basic principles to learn and actions to take to help yourself engage with your grief and create momentum toward healing. This second edition maintains the content of the first edition but builds on it by adding concise wisdom on new topics such as the myth of closure, grief overload, unmourned grief, loneliness, the power of ritual, and more. Excellent as an empathetic handbook for suicide loss survivors as well as an educational text for support groups. **Understanding Your Suicide Grief** pairs with a guided journal **The Understanding Your Suicide Grief Journal**. Not only is jotting down ideas, feelings, and experiences clarifying and therapeutic in grief, but it can also be a way to capture meaningful thoughts and stories about the life of the person who died, not just their death. These two books are used in tandem by grief support groups everywhere. If grief is a wilderness, then suicide grief occupies the harshest, most dangerous terrain. This refreshed bestseller will help you safely navigate your suicide grief and find a path that leads toward authentic mourning and reengagement with life. **The Companioning the Grieving Child Curriculum Book** Patricia

Morrissey, 2013-06-01. Based on Alan Wolfelt's six needs of mourning and written to pair with **Companioning the Grieving Child**, this thorough guide provides hundreds of hands-on activities tailored for grieving children in three age groups: preschool, elementary, and teens. Through the use of readings, games, discussion questions, and arts and crafts, caregivers can help grieving young people acknowledge the reality of the death, embrace the pain of the loss, remember the person who died, develop a new self-identity, search for meaning, and accept support. Sample activities include grief sock puppets, expression bead bracelets, the nurturing game, and writing an autobiographical poem. Activities are presented in an easy-to-follow format, and each has a goal, an objective, a sequential description of the activity, and a list of needed materials. **Helping Teens Work Through Grief** Mary Kelly Perschy, 2012-09-10. The second edition of **Helping Teens Work Through Grief** provides a more complete and updated manual for facilitators of teen grief groups. It includes additional background information about developmental aspects of teens, the process of grief, aspects of trauma, and its effects on teens; the value of a group; determining the group's appropriateness for particular teens; and parental involvement.
