## What is Divine Healing?

**Divine healing** is a spiritual practice that involves channeling healing energy from a higher power or the universe to restore balance and harmony within an individual. Unlike traditional medical treatments, divine healing works on the energetic and spiritual planes, aiming to heal the root causes of ailments rather than just the symptoms.

## Key Principles of Divine Healing:

1. **Universal Energy:** This practice believes in a universal life force that sustains all living beings. By tapping into this energy, healers can facilitate profound energy healing.
