

A CRITICAL REVIEW OF *HEALING THROUGH THE CENTURIES:  
MODELS FOR UNDERSTANDING* BY RONALD A.N. KYDD<sup>1</sup>

A belief in divine healing and prayer for the sick has been a part of the Pentecostal ethos from the beginnings of the movement. Early publications are replete with accounts of healing miracles and written exhortations concerning the doctrine and practices. As Dayton argues, "Perhaps even more characteristic of Pentecostalism than the doctrine of the baptism of the Spirit is its celebration of miracles of divine healing as part of God's salvation and as evidence of the presence of divine power in the church".<sup>2</sup> The recovery of the sick was a sign that would follow believers, and praying for the sick, laying hands on the sick and anointing the sick with oil were seen as commands of Scripture. Although means and practices may have come under scrutiny, divine healing as a reality and possibility has rarely been disputed among Pentecostals.

For this reason, it is surprising that Pentecostal scholarship has spent so little time exploring healing in the Pentecostal tradition.<sup>3</sup> It has been

## **Healing Through The Centuries:**

*Healing Through the Centuries* Ronald Kydd, 1998 Miraculous healing is a topic that always stirs keen interest Some people claim to have experienced it and others would like to Some believe that it results from divine intervention others contend it always has a psychological explanation or is merely fraudulent Any serious investigation must take into account the diverse accounts of healing found in diverse branches of the Christian tradition from its New Testament origins to the present However one feels about healing it has been a mysterious but often central phenomenon in Christian experience As a believing scholar Ronald A N Kydd steers a middle course between the uncritical enthusiasm and the rationalistic skepticism that often skew popular discussions of the topic The six models for understanding that arise from his study bring clarifying order to the diversities of method theology and social location that have characterized healing ministries in different times and places After an introductory survey of healing in the New Testament Kydd traces these models through history 1

Confrontational as seen in the work of J C Blumhardt and John Wimber 2 Intercessory as reflected in the ministry of Brother Andre and in the appearances of Mary at Medjugorje 3 Reliquarial the place of relics in the history of healing 4 Incubational as seen at Mdnndorf 5 Revelational mirrored in the ministries of William Branham and Kathryn Kuhlman 6 Soteriological the model best exemplified by Oral Roberts **Saved, Delivered, and Healed** Tony Richie, 2022-08-30 Should a Christian doctrine of salvation be concerned with this life or the life to come With forgiveness of sins or deliverance of sinners With the saving of the soul or the healing of the body Should it focus on the person and work of Jesus Christ or on the presence and power of Holy Spirit To all these questions and more Tony Richie's *Saved Delivered and Healed* Introducing a Pentecostal Doctrine of Salvation answers Yes Then it proceeds to present from the Scriptures from Pentecostal theology and spirituality and from decades of pastoral and personal experiences and academic insights an energetic and holistic view of salvation grounded in the wisdom goodness and power of God Its constant focus is God's ultimate redemptive purpose in Jesus Christ by the power of the Holy Spirit for the lives of real human beings living in the real world If you have ever wondered what Christian salvation actually means and how it actually works then this book is for you **Health, Healing and the**

This book traces the journeys of seven victims of childhood sexual abuse who have experienced recovery through the activity of the Holy Spirit within the context of the local church These recovered victims have been enabled to move beyond the devastation of abuse by others whom they trusted to a place of emotional and psychological stability appropriate sexual intimacy with their spouses and a growing level of spiritual maturity While the Christian community has been slow to grasp the severity and extent of the problem or to provide the healing resources of the gospel some victims have found recovery in local churches The author has undertaken in depth interviews to elicit and explore the narratives of their journeys from woundedness to well being These narratives are an important source of information on the activity of the Holy Spirit in healing While the Spirit is an entity hidden to us the author has explored the experiences of seven recovered victims to disclose meaning for the work of the Spirit in all areas of Christian ministry

have claimed are critical to creating global connections choosing smaller communities over urbanism local ritual practices over Islam and inland trade over maritime commerce Inland from Mombasa makes the compelling case that the seemingly isolating alternative social pursuits engaged in by Mijikenda speakers were in fact key to their active role in global commerce and politics
