

Health And Healing In Eighteenth Century Germany

David Gentilcore

Health And Healing In Eighteenth Century Germany:

Health & Healing in Eighteenth-century Germany Mary Lindemann, 1996 Lindemann also examines the process of becoming a patient and explores the effects of the social economic political and cultural milieus on how medicine was practiced in the everyday world of the village the neighborhood and the town

Health and Healing in Eighteenth-Century Germany Mary Lindemann, 2001-07-01 Winner of the William H Welch Medal from the American Association for the History of Medicine Although the physicians and surgeons of eighteenth century Germany have attracted previous scholarly inquiry little is known about their day to day activities and even less about the ways in which those activities fit into the economic political and social structures of the time In this groundbreaking work Mary Lindemann brings together the scholarly traditions of the history of structures mentalities and everyday life to shed light on this complex relationship Opening with a discussion of the interplay of state and society in the independent German state of Braunschweig Wolfenb ttel Lindemann explains how medical policy was made at all levels She describes the striking array of healers active in the eighteenth century from physicians to all those consulted in medical situations friends and neighbors executioners and barber surgeons bathmasters midwives and apothecaries She surveys the available vital statistics and more personal narrative accounts such as reports on the Increase and Decrease of the Inhabitants and medical topographies Lindemann also examines the process of becoming a patient and explores the effects of the social economic political and cultural milieus on how medicine was practiced in the everyday world of the village the neighborhood and the town

A Companion to Eighteenth-Century Europe Peter H. Wilson, 2014-01-28 A COMPANION TO EIGHTEENTH CENTURY EUROPE This is an impressive volume with leading experts providing a wide ranging coverage that should satisfy most requirements for effective and thoughtful introductory surveys All specialists on this period will find much of value in this excellent volume History The Journal of the Historical Association This Companion contains 31 essays by leading international scholars to provide an overview of the key debates on eighteenth century Europe It considers not just major western European states but also the often neglected countries of eastern and northern Europe Placing Europe within an international context contributors investigate key areas of society economics culture and political development The book concludes with the French and other European revolutions that brought the century to a close both chronologically and as regards the Ancien R gime A Companion to Eighteenth Century Europe examines both established and emerging areas of interest in the field making it an essential guide for students and scholars

Medicine and Society in Early Modern Europe Mary Lindemann, 2010-07 A concise and accessible introduction to health and healing in Europe from 1500 to 1800

The Transformation of German Academic Medicine, 1750-1820 Thomas H. Broman, 2002-08-22 This book studies the evolution of medical theory and education in Germany between 1750 and 1820

Women in Eighteenth Century Europe Margaret Hunt, 2014-06-11 Was the century of Voltaire also the century of women In the eighteenth century changes in the nature of

work family life sexuality education law religion politics and warfare radically altered the lives of women Some of these developments caused immense confusion and suffering others greatly expanded women s opportunities and worldview long before the various women s suffrage movements were more than a glimmer on the horizon This study pays attention to queens as well as commoners respectable working women as well as prostitutes women physicists and mathematicians as well as musicians and actresses feminists as well as their critics The result is a rich and morally complex tale of conflict and tragedy but also of achievement The book deals with many regions and topics often under represented in general surveys of European women including coverage of the Balkans and both European Turkey and Anatolia of Eastern Europe of European colonial expansion particularly the slave trade and of Muslim Eastern Orthodox and Jewish women s history Bringing all of Europe into the narrative of early modern women s history challenges many received assumptions about Europe and women in past times and provides essential background for dealing with issues of diversity in the Europe of today

The Oxford Handbook of the History of Medicine Mark Jackson, 2011-08-25 In three sections the Oxford Handbook of the History of Medicine celebrates the richness and variety of medical history around the world It explore medical developments and trends in writing history according to period place and theme

Dental Practice in Europe at the End of the 18th Century, 2016-10-11 Here is presented for the first time an overview of dental practice and the providers of dental treatment at the close of the eighteenth century in some of the major countries of western Europe and further afield It draws on previously under explored primary sources rigorously referenced and enables comparison of and contrast within the emergent specialty in rapidly changing social and political environments The overall picture challenges conventional wisdom and will be of interest to social as well as to dental and medical historians

Staging Blackness and Performing Whiteness in Eighteenth-Century German Drama Wendy Sutherland, 2017-05-15 Focusing on eighteenth century cultural productions Wendy Sutherland examines how representations of race in philosophy anthropology aesthetics drama and court painting influenced the construction of a white bourgeois German self Sutherland positions her work within the framework of the transatlantic slave trade showing that slavery colonialism and the triangular trade between Europe West Africa and the Caribbean function as the global stage on which German bourgeois dramas by Friedrich Wilhelm Ziegler Ernst Lorenz Rathlef and Theodor K rner and a novella by Heinrich von Kleist on which K rner s play was based were performed against a backdrop of philosophical and anthropological influences Plays had an important role in educating the rising bourgeois class in morality Sutherland argues with fathers and daughters offered as exemplary moral figures in contrast to the depraved aristocracy At the same time black female protagonists in nontraditional dramas represent the boundaries of physical beauty and marriage eligibility while also complicating ideas of moral beauty embodied in the concept of the beautiful soul Her book offers convincing evidence that the eighteenth century German stage grappled with the representation of blackness during the Age of Goethe even though the German states were neither colonial powers nor direct participants in the slave trade

Ingenuity in the Making Richard J. Oosterhoff, José Ramón Marcaida, Alexander Marr, 2021-11-09 *Ingenuity in the Making* explores the myriad ways in which ingenuity shaped the experience and conceptualization of materials and their manipulation in early modern Europe Contributions range widely across the arts and sciences examining objects and texts professions and performances concepts and practices The book considers subjects such as spirited matter the conceits of nature and crafty devices investigating the ways in which ingenuity acted in and upon the material world through skill and technique Contributors ask how ingenuity informed the maker's knowledge tradition where the perilous borderline between the genius of invention and disingenuous fraud was drawn charting the ambitions of material ingenuity in a rapidly globalizing world

Cultural Approaches to the History of Medicine C. Usborne, W. Blécourt, 2003-12-18 A pioneering contribution to the cultural history of medicine exploring issues as diverse as dissection of the heart childbirth masturbation animal care hermaphrodites orthopaedics miracle drugs smallpox and sex advice in different European cultures from the 1600s to the present day Each case study illustrates various roles of mediation reconciling conflicting ideas in the medical encounter as an instrument of domination or conversely of resistance Roy Porter's brilliant foreword conveys the methodological significance as well as the pleasure of these essays

Editing the Image Mark Cheetham, Elizabeth Legge, Catherine M. Soussloff, 2008-11-29 The editing process is a vital part of virtually every form of media Primarily associated with texts and written language editing is equally essential if less examined in regard to visual media *Editing the Image* looks at the editing of visual media as both a series of technical exercises and as an allegory It touches on concerns that are crucial to the history of art and visual culture as well as those media and institutions that produce and disseminate the visual arts in our society Featuring contributors from a wide range of disciplines *Editing the Image* considers editing in the context of academic journals art historical texts illustrated books museum displays and exhibitions It is an inclusive analysis of visual forms commonly associated with the process of editing photography film and video as well as some that are not intrinsically linked to editing painting sculpture and architecture In addition to wide ranging academic considerations this collection includes discussions of moving picture media and studio art by practitioners giving the study a practical focus For anyone who has considered the implications of the editorial process this work will be of significant interest

The Emotional Self Deborah Lupton, 1998-06-18 This addition to a growing number of texts which approach emotions and emotionality from a social constructionist perspective is well written scholarly accessible and interesting There is both breadth and depth to this work *Feminism and Psychology* This broad ranging and accessible book brings together social and cultural theory with original empirical research into the nature of the emotional self in contemporary western societies The emphasis of the analysis is on the emotional self as a dynamic project that is continually shaped and reshaped via discourse embodied sensations memory personal biography and interactions with others and objects Using an interdisciplinary approach

Pious Pursuits Michele Gillespie, Robert Beachy, 2007-09-01 Recent work on the history of migration and the Atlantic

World has underscored the importance of the political economies of Europe Africa and the Americas in the eighteenth century emphasizing the impact of these exchanges on political relations and state building and on economic structures commerce and wealth Too little of this work explores culture and identity outside the Anglo American context especially as reflected through religious developments of radical Pietists and other Germans the second largest group of migrants to the American colonies in the eighteenth century This volume offers a fresh vantage point from which to examine the Atlantic World Quick to traverse the conventional political boundaries that divided European states and American colonies Moravians departed their homeland to form new congregations in the most cosmopolitan European cities as well as on the North American frontier Pious Pursuits explores the lives and beliefs of Atlantic World Moravians as well as their communities and culture and it provides a new framework for analysis of the Atlantic World that is comparative and transnational Calvet's Web L. W. B. Brockliss,2002-07-04 Calvet's Web is a study of the correspondence network of an Avignon physician in the period 1750 1810 Esprit Calvet was an antiquarian natural historian and bibliophile and was at the centre of a circle of like minded intellectuals from various backgrounds chiefly based in the Rhone valley Laurence Brockliss explores for the first time in detail the intellectual interests and relationships of a representative sample of the French Republic of Letters He traces the destruction of the Republic during the Revolution and its reconstruction in different guise under Napoleon Calvet's Web is an important contribution to our understanding of the social construction of knowledge the history of collecting and the history of the book In addition by examining the circle's attitude to the philosophes and their programme of material and moral progress it offers a new picture of the relationship between the Republic of Letters and the Enlightenment *From the Holy Roman Empire to the Land of the Tsars* Alexander M. Martin,2022-03-03 In a manuscript in a Russian archive an anonymous German eyewitness describes what he saw in Moscow during Napoleon's Russian campaign Who was this nameless memoirist and what brought him to Moscow in 1812 The search for answers to those questions uncovers a remarkable story of German and Russian life at the dawn of the modern age Johannes Ambrosius Rosenstrauch 1768 1835 the manuscript's author was a man always on the move and reinventing himself He spent half his life in the Holy Roman Empire and the other half in Russia He was a barber surgeon an actor and a merchant as well as a Catholic a Freemason and a Lutheran pastor He saw the French Revolutionary and Napoleonic Wars founded a business that flourished for sixty years and took part in the Enlightenment the consumer revolution the Pietist Awakening and Russia's colonization of the Black Sea steppe A restless wanderer and seeker but also the progenitor of an influential merchant family he was a characteristic figure both of the Age of Revolution and of the bourgeois era that followed Presenting a broad panorama of life in the German lands and Russia from the Old Regime to modernity this microhistory explores how individual people shape and are shaped by the historical forces of their time **What is Medical History?** John Chynoweth Burnham,2005 Written as a key introductory textbook for students this work explores the reasons behind the expansion of the field of the history of medicine

and health Lifestyle and Medicine in the Enlightenment James Kennaway, Rina Knoeff, 2020-03-09 The biggest challenges in public health today are often related to attitudes diet and exercise In many ways this marks a return to the state of medicine in the eighteenth century when ideals of healthy living were a much more central part of the European consciousness than they have become since the advent of modern clinical medicine Enlightenment advice on healthy lifestyle was often still discussed in terms of the six non naturals airs and places food and drink exercise excretion and retention and sleep and emotions This volume examines what it meant to live healthily in the Enlightenment in the context of those non naturals showing both the profound continuities from Antiquity and the impact of newer conceptions of the body Chapter 8 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com/books/e/9780429465642> Disease and the Modern World: 1500 to the Present Day Mark Harrison, 2013-05-02 Mark Harrison's book illuminates the threats posed by infectious diseases since 1500 He places these diseases within an international perspective and demonstrates the relationship between European expansion and changing epidemiological patterns The book is a significant introduction to a fascinating subject Gerald N Grob Rutgers State University In this lively and accessible book Mark Harrison charts the history of disease from the birth of the modern world around 1500 through to the present day He explores how the rise of modern nation states was closely linked to the threat posed by disease and particularly infectious epidemic diseases He examines the ways in which disease and its treatment and prevention changed over the centuries under the impact of the Renaissance and the Enlightenment and with the advent of scientific medicine For the first time the author integrates the history of disease in the West with a broader analysis of the rise of the modern world as it was transformed by commerce slavery and colonial rule Disease played a vital role in this process easing European domination in some areas limiting it in others Harrison goes on to show how a new environment was produced in which poverty and education rather than geography became the main factors in the distribution of disease Assuming no prior knowledge of the history of disease Disease and the Modern World provides an invaluable introduction to one of the richest and most important areas of history It will be essential reading for all undergraduates and postgraduates taking courses in the history of disease and medicine and for anyone interested in how disease has shaped and has been shaped by the modern world **Medical Charlatanism in Early Modern Italy** David Gentilcore, 2006-09-21 From the mid sixteenth century onwards the Italian Protomedicato tribunals Colleges of Physicians or Health Offices jurisdiction varied from state to state required charlatans to submit their wares for inspection and upon approval pay a licence fee in order to set up a stage from which to perform and sell them The licensing of charlatans became an administrative routine As far as the medical magistracies were concerned charlatans had a definable identity constituting a specific trade or occupation This book studies the way charlatans were represented by contemporaries and by historians how they saw themselves and most importantly it reconstructs the place of charlatans in early modern Italy It explores the

goods and services charlatans provided their dealings with the public and their marketing strategies It does so from a range of perspectives social cultural economic political geographical biographical and of course medical Charlatans are not just some curiosity on the fringes of medicine they offered health care to an extraordinarily wide sector of the population Moreover from their origins in Renaissance Italy the Italian ciarlatano was the prototype for itinerant medical practitioners throughout Europe This book offers a different look at charlatans It is the first to take seriously the licences issued to charlatans in the Italian states compiling them into a charlatans database of over 1 300 charlatans active throughout Italy over the course of some three centuries In addition it makes use of other types of archival documents such as trial records and wills to give the charlatans a human face as well as a wide range of artistic and printed sources not forgetting the output of the charlatans themselves in the form of handbills and pamphlets

Health And Healing In Eighteenth Century Germany Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Health And Healing In Eighteenth Century Germany PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Health And Healing In Eighteenth Century Germany PDF books

and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Health And Healing In Eighteenth Century Germany free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
