Health Care Of Women Gynecological Assessment:

Health Care of Women Joellen Watson Hawkins, Loretta Pierfedeici Higgins, 1982 **Women's Health Care in Advanced Practice Nursing** Catherine Ingram Fogel, Nancy Fugate Woods, 2008-06-23 Designated a Doody's Core Title A comprehensive resource oriented to advanced nursing students but one that also will interest women wishing to learn more about their health. The volume also covers nutrition, exercise, sexuality, infertility, and other chronic illnesses and disabilities. A wonderful resource. Summing up Highly recommended Choice. This book is the ideal tool to help graduate level nursing students expand their understanding of women's health care and wellness issues. For easy reference Women's Health Care in Advanced Practice Nursing is organized into four parts: Women and Their Lives covering connections between women's lives and their health; Frameworks for Practice addressing health care practice with women; Health Promotion covering ways for women to promote their health and prevent many chronic diseases; Threats to Health and Health Problems addressing problems unique to women, diseases more prevalent in women, and those in which there are different risk factors. Key features include: The most recently available data on selected social characteristics of women with a focus on changing population demographics; Separate chapters on health issues of adolescent, young adult, midlife, and older women; Chapters on preconceptional and prenatal care; Chapters covering cardiovascular disease, chronic disease, sexually transmitted infections, and other common infections; HIV/AIDS and women with disabilities; Lesbian health care content which is integrated throughout. **Women's Healthcare in Advanced Practice Nursing** Ivy M. Alexander, Versie Johnson-Mallard, Elizabeth Kostas-Polston, Joyce Cappiello, Joyce D. Cappiello, Heather S. Hubbard, 2023-10-30 Holistically addresses women's health encompassing the needs of transgender and nonbinary individuals and considering ethnicity, social class, and disability/ableness. Delivering incisive and comprehensive information on the healthcare needs of women, transgender, and nonbinary persons, the third edition of this distinguished text incorporates a strong focus on the provision of high value, equitable, and unbiased care. It expands research and clinical frameworks for understanding women's health to encompass transgender and nonbinary persons and places women's health within a holistic perspective considering ethnicity, social class, and disability/ableness. All chapters are significantly updated with new evidence-based research, clinical updates, and guidelines, drug information, Covid-related information, racism, and health disparities. This text also covers current and pertinent health topics such as substance use and abuse, mental health, early pregnancy decision making, and LGBTQ care, as well as abundant integrated information on care of transgender and nonbinary individuals and enhanced information on pregnancy and primary care issues that disproportionately affect females. The book is organized for ease of use and is comprised of three distinct but interrelated sections on theoretical frameworks to guide approach and care, health promotion and prevention, and managing health conditions. Rich instructor resources include mapping content to AACN Essentials, case studies, a test bank, and PowerPoint slides. New to the Third Edition: Focuses on providing equitable, unbiased care for all women, including
