Cockerham, 2002-05-03 Examines the social causes of the decline in life expectancy in Russia and Eastern Europe Countries discussed include Russia Poland Hungary Romania Bulgaria the Czech Republic and East Germany Medical Sociology William C. Cockerham, 2017-04-21 The most thorough major academic textbook available this classic text presents the most important research studies in the field The author also integrates engaging first person accounts from patients physicians and other health care providers throughout the text A much greater number of first person accounts and updated examples are added to the new fourteenth edition Other updates include Coverage of Zika Ebola MERS and updates on other pandemics Expanded discussion of obesity as a disease Coverage of the widening gap in life expectancy between the rich and the poor New information on the decline of life expectancy among American white women especially those who live in rural counties New material on biomarkers gene environment interaction and stress Analysis of the role of the hidden curriculum in medical schools Exiting the Affordable Care Act The New Blackwell Companion to Medical Sociology William C. Cockerham, 2016-09-26 An authoritative topical and comprehensive reference to the key concepts and most important traditional and contemporary issues in medical sociology Contains 35 chapters by recognized experts in the field both established and rising young scholars Covers standard topics in the field as well as new and engaging issues such as bioterrorism bioethics and infectious disease Chapters are thematically arranged to cover the major issues of the sub discipline Global range of contributors and an international perspective Chernobyl and the Mortality Crisis in Eastern Europe and the Former USSR José A. Tapia, 2022-09-20 Before the COVID 19 pandemic the mortality crisis which affected Eastern Europe and the republics of the former USSR at the time of the transition to a market economy was arguably the major peacetime health crisis of recent decades Chernobyl and the Mortality Crisis in Eastern Europe and the Old USSR discusses the importance of that crisis surprisingly underplayed in the scientific literature and presents evidence suggesting a potential role of the Chernobyl disaster among the causes contributing to it **East Central Europe and the former Soviet Union** Michael Bradshaw, Alison Stenning, 2016-04-15 A comprehensive introduction to the important economic social and political processes and development issues in this increasingly popular area of study Employing a groundbreaking thematic approach the book centres its discussion on the interrelation between contemporary development theories and continuing transition issues in this huge and complex region *A Century of State Murder?* Michael Haynes, Romy Husan, 2003-08-20 Russia has one of the lowest rates of adult life expectancy in the world Average life expectancy for a man in America is 74 in Russia it is just 59 Birth rates and population levels have also plummeted These excess levels of mortality

affect all countries that formed the former Soviet bloc Running into many millions they raise comparisons with the earlier period of forced transition under Stalin This book seeks to put the recent history of the transition into a longer term perspective by identifying explaining and comparing the pattern of change in Russia in the last century It offers a sharp challenge to the conventional wisdom and benign interpretations offered in the west of what has happened since 1991 Mike Haynes and Romy Husan have produced the first and most complete and accurate account of Russian demographic crisis from the Revolution to the present Understanding Post-Communist Transformation Richard Rose,2009-01-21 The fall of the Berlin Wall launched the transformation of government economy and society across half of Europe and the former Soviet Union The text compares how ordinary people have coped with the stresses and opportunities of transforming into post Communist societies

Medical Careers and Feminist Agendas Elianne Riska,2017-07-05 The increasing proportion of women in the medical profession has been followed keenly both by conservative and feminist observers during the past three decades Statistics both in Europe and in the United States tend to confirm that women work mainly in niches of the health care system or medical specialties characterized by relatively low earnings or prestige The segregation of medical work has become increasingly recognized as a sign of inequality between female and male members of the medical profession Medicine as a social organization is not a universal structure Health care systems vary in the extent to which physicians work in the private or public sector and in the extent to which they have as a corporate body been able to influence their numbers and the character of their work The aim of this book is not only to review and to provide an account of women s position in medicine but also to provide an analytical framework The text revolves around three key issues that illuminate this argument numbers medical practice and feminist agendas of women physicians The issues are addressed in all the chapters but highlighted as central analytical themes in a cross cultural context Challenging previous studies of the medical profession which have assumed for the most part a gender neutral stance Riska s text provides a unique focus Medical Careers and Feminist Agendas presents a comprehensive cross national analysis of the current status of women in three societies where the economics of medical practice vary considerably a market society a welfare state and a formerly communist society in transition Aimed at a wide audience this book will be useful for years to come in medical sociology the sociology of professions and women s studies Its historical breadth current data and trenchant probing will furnish practitioners and policy makers alike with a needed analytical tool

Russia's Bitter Path to Modernity Alexander Chubarov, 2001-01-01 Will it follow the model of the Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped or will it chose its own distinct path of development In this history of Russia from 1917 to the present Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia The Fragile Empire One of the key factors to Russia s distinctiveness is its halfway location in the center of the Eurasian landmass This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles Neither approach says Chubarov will work on its own Chubarov offers a balanced view abstaining from narrow ideologically biased assessments and examines the triumphs yes and failures of Russia s Soviet development within Russia s own cultural and historical context Without ever minimizing the brutalities of the Soviet period the state terror the collectivizations the labor camps the deportations of whole peoples Chubarov demonstrates much continuity between tsarist and Soviet Russia with the latter often repeating the former s mistakes Russia says Chubarov cannot turn its back on its Soviet experience Far from being a blind alley or aberrant phase the Soviet period was an organic part of Russia history and was largely successful in turning Russia and most of the other Soviet republics into modern states *Fathers across*

Cultures Jaipaul L. Roopnarine, 2015-08-26 This volume offers a comprehensive up to date synopsis of fathering and father child relationships in diverse regions of the world helping students and practitioners alike understand cultural variations in male parenting Interest in the role of the father and his influence on children s development and economic well being has grown considerably This edited volume uses detailed accounts to provide culturally situated analysis of fathering in cultures around the world The book s contributors a multidisciplinary group of scholars bring together the most recent theoretical thinking and research findings on fatherhood and fathering in cultural communities across developed recently developed and developing societies They address such issues as fathering and gender equality in caregiving concepts of masculinity in

contemporary societies fathering in various ethnic groups immigrant fathers fathering and childhood outcomes and social policies as they affect and are affected by issues related to fathering Organized geographically the book scrutinizes major sociocultural demographic economic and other factors that influence men's relationships within families It shows how economic conditions impact men's involvement with children and considers the effects of ideological belief systems and views of spousal partner roles and responsibilities The analysis is underpinned by recent data that underscores the significance of fathers involvement with and investment in the well being of their children

Small-town Russia Anne White, 2004 This book examines a number of key questions about social change in contemporary Russia issues such as how people survive when they are not paid for months on end the New Poor the falling birth rate why so many Russian men die in middle age whether regional identities are becoming stronger and how people's sense of Russianness has developed since the creation of the Russian Federation in 1992 It examines these issues by looking at actual experiences in three small Russian towns It includes a great deal of original ethnographic research and by looking at real places overall provides a good sense of how different aspects of social change are interlinked and how they actually affect real people's lives

The Last Man in Russia Oliver Bullough, 2013-04-04 From Oliver Bullough the acclaimed author of the Orwell Prize shortlisted *Let Our Fame Be Great* a study part travelogue part political analysis of a nation in crisis *The Last Man in Russia* is a portrait of the country like no other a quest to understand the soul of Russia Award winning writer Oliver Bullough travels the country from crowded Moscow train to empty windswept village following in the footsteps of one extraordinary man the dissident Orthodox priest Father Dmitry His moving terrifying story is the story of a nation famine war the frozen wastes of the Gulag the collapse of communism and now a people seeking oblivion Bullough shows that in a country so willing to crush its citizens there is also courage resilience and flickering glimmers of hope Brisk lucid style skilful interweaving of historical context with his own rich experience of Russia Bullough has a talent for sketching the people he meets often administering a welcome dose of humour and he appreciates the absurd in the best Russian tradition an ambitious and wide ranging journey

Arthur House Sunday Telegraph An extraordinary portrait of a nation struggling to shed its past and find peace with itself Anthony Sattin Sunday Times Oliver Bullough studied modern history at Oxford University and moved to Russia after graduating in 1999 He lived in St Petersburg Bishkek and Moscow over the next seven years travelling widely as a reporter for Reuters news agency He is now the Caucasus Editor for the Institute of War and Peace Reporting His first book *Let Our Fame Be Great* Journeys Among the Defiant People of the Caucasus received the Cornelius Ryan award in the United States and was shortlisted for the Orwell Prize in Britain Oliver Bullough received the Oxfam Emerging Writer award in 2011
