Health Care In Central Asia

**Martin McKee, Judith Healy, Jane
Falkingham, European Observatory on
Health Care Systems**

Health Care In Central Asia:

Health Care In Central Asia McKee, Judith Healy, Jane Falkingham, 2002 Central Asia remains one of the least known parts of the former Soviet Union. The five central Asian republics gained their unexpected independence in 1991. They have faced enormous challenges over the last decade in reforming their health care systems including adverse macro economic conditions and political instability. To varying extents each country is diverging from a hierarchical and unsustainable Soviet model health care system. Common strategies have involved devolving the ownership of health services, seeking sources of revenue additional to shrinking state taxes, downsizing their excessive hospital systems, introducing general practitioners into primary care services and enhancing the training of health professionals. This book draws on a decade of experience of what has worked and what has not. It is an invaluable source for those working in the region and for others interested in the experiences of countries in political and economic transition. 10 Health Questions about the Caucasus and Central Asia Elke Jakubowski, Alben Arnaudova, 2009 This book highlights the essentials of health and health systems in Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan and Uzbekistan. It then compares these national data with the average data for three groups: their own, the 15 countries that were members of the EU before 1 May 2004 and the 27 current EU Member States. Each chapter provides a concise overview of key health indicators in 1 of the 8 countries, summarizes the key features of the country's health system and describes the results of over a decade of health system reform. This popular series offers a quick and easy way to grasp the health essentials in a visually attractive format. Comparisons are a compelling source of information that policy makers and stakeholders both within countries and internationally can use to take action against health disparities and alleviate the striking differences in health status among citizens across the WHO European Region. *Implementing Health Sector Reform in Central Asia* Zuzana Feachem, Martin Hensher, Laura Rose, 1999 It is easy for reformers and their overseas advisers to develop conceptually strong plans for health sector reform that appeal to governments, donors and academics. Transforming these plans into successful action has proved to be extremely difficult. Toward the goal of improving assistance to this sector, the Economic Development Institute (EDI) of the World Bank held a seminar in Ashgabat, Turkmenistan, in June 1996. This publication provides a summary of the proceedings and papers presented at that seminar. It was attended by delegations from five countries in Central Asia and from Azerbaijan and Mongolia. The content of this volume emphasizes topics central to the restructuring of health sector financing and health care delivery systems at a time of transition to market economies and to democracy. Maintaining and improving the health status of the population while preventing rapid escalation of health care expenditure were the recurrent themes throughout the seminar. **The Management of Public Services in Central Asia** David Scott, 2016-03-02 The ending of the Soviet Union in 1991 had a major political and economic impact on Central Asia. Kyrgyzstan was one of the most severely affected countries, suffering a deeper recession than the other republics. During the first five or six years

Kyrgyzstan followed the advice of the International Monetary Fund and was considered a model of both economic and political reform. This book analyses the ability of the newly independent government in Kyrgyzstan to create a realistic national vision, prepare a strategy, organise and control its public services to deliver the desired result. Covering a fifteen year period and using the case study of the educational sector which declined even though the economic situation in Kyrgyzstan improved, the author throws light on many other aspects of a country in transition, in particular on strategy implementation and outcomes. Comparisons with other sectors such as roads and pensions and in particular the health care sector are presented. A multifaceted approach using case studies, phenomenology, interviews, historical and comparative analyses offers a more complete picture of national management of public service and the structure of government administration. The book also investigates the contribution made by the international aid organisations. A detailed study of institutional transformation in Kyrgyzstan, this book is of interest to academics studying former socialist countries in transition, the history of the Soviet Union and Central Asian studies in general.

Health Care in Muslim Asia Ronald W. O'Connor, 1994. Afghanistan had the world's highest rates of infant child and maternal deaths when Management Sciences for Health began its project to train and support health workers. This book uses that project to discuss the problems and potential for health development in remote war-torn areas. The field team's efforts provide insight into such problems as coordination among donors of foreign aid and strategies for immunization and family planning. The book analyzes in detail broader issues of health care development such as the management of health systems in times of disorder, the politics of international assistance and women's access to health services in Islamic societies. Contributors: Laurence Laumonier, Ickx Paul, Ickx Ronald W, O'Connor William, Oldham John W, LeSar Richard, Johnson Jonathan D, Quick S M, Amin Fatimie, Peter J, Huff Rousselle Linda, Tawfik Vimal, Dias and Mary Gasper. Published with Management Sciences for Health.

A Survey of Health Reform in Central Asia Jeni Klugman, George Schieber, Timothy E. Heleniak, 1996-01-01. World Bank Technical Paper No 352. Six years into the transition from planned to market economies in Central and Eastern Europe, high unemployment rates, including a growing proportion of the long-term unemployed, represent a serious challenge to social welfare systems and policymakers. This paper analyzes labor market development in nine transition countries of the region by focusing on the dynamics of labor force behavior, employment and unemployment. The countries include Bulgaria, Croatia, the Czech Republic, the Former Yugoslav Republic of Macedonia, Hungary, Poland, Romania, the Slovak Republic and Slovenia.

Who is Paying for Health Care in Eastern Europe and Central Asia? Maureen A. Lewis, 2000-01-01. Informal payments in the health sector of Eastern and Central Asia are emerging as a fundamental aspect of health care financing and a serious impediment to health care reform. These informal payments, made to individuals or institutions in cash or in kind, are nearly always for services that are meant to be covered by the health care system. Such private payments to public personnel have created an informal market for health care and are a form of corruption. This problem's roots are traced to declining revenues which have not coincided with

a reduction in buildings hospital beds and health personnel In these circumstances informal payments compensate for lost earnings and therefore reforms to modernise the region s health systems must compete with individuals personal revenues Options for addressing this problem include comprehensive anticorruption policies downsizing of the public health system reducing the set of services subsidised by the state encouraging cost sharing with those who can afford it improving accountability and promoting private alternatives *Policy Brief* Martin McKee, Judith Healy, Jane Falkingham, European Observatory on Health Care Systems, 2002 ORAL HEALTH CARE AWARENESS IN CENTRAL ASIA Dr. Riddhi Chawla, 2024-06-10 The new paradigm will allow Dentistry to expand its ethical commitments to society and society The dentist must become a true health professional He will stop taking care of teeth and take care of people Weyne 1999 This module aims to encourage reflection on the importance of oral health in the practice of family care According to the National Primary Care Policy the practice of extended family care proposes interventions that influence the health disease processes of individuals families and the community India 2006 From this perspective it values differences in the realities of families in relation to their coexistence interaction and subjectivity The family life cycle characterizes the movements and transformations that occur throughout family history presenting patterns of relative predictability constituting stages of development and requiring adaptation and adjustment from its members Moys s and Silveira Filho 2002 Furthermore each family member by playing a role according to their social context can influence the dynamics of the health disease process The expanded understanding of health promotion which includes actions aimed at changing behavior and preventing diseases as well as the social determinants of health of populations implies a different approach in the work of professionals in the oral health team In this sense it is essential to prepare oral health professionals in practices and attitudes that help them in this process To this end professionals must know the broader issues of the community as well as participate in them with the aim of educating and informing people about the effects of diet hygiene use of fluorides smoking alcohol consumption and the health health process illness In this way we will help individuals to have a healthier lifestyle based on understanding the life cycles present in families In the Family Health Strategy FHS understanding the family life cycle and incorporating it in the construction of health care strategies means incorporating the family s impact on the health and illness of its members better understanding the moment and context of the family life Moys s and Krieger 2008 In this module care strategies will be addressed in relation to families oral health including the different stages of the life cycle baby child teenager pregnant woman adult elderly person and patient with special needs *U.S. Policy in Central Asia* United States. Congress. House. Committee on International Relations. Subcommittee on the Middle East and South Asia, 2006 **U.S. Policy in Central Asia** United States. Congress. House. Committee on International Relations. Subcommittee on the Middle East and Central Asia, 2006 Soviet Central Asia Boris Z. Rumer, 2023-06-14 Soviet Central Asia 1989 explores the economic development of the four republics of Central Asia that suffered under Moscow s economic policies Uzbekistan

Tajikistan Turkmenistan and Kirghizia The Soviet literary weekly Literaturnaia gazeta described Soviet economic policies there as a tragic experiment and this book argues that Central Asia serves as a prime example of the failure of Soviet regional development policies It analyses the special role of the region in the Soviet economy and such key issues as industrial development cotton production water resources and labour It also addresses the social ramifications of the underdevelopment of the region s economy and the impact of new policies under Gorbachev

Civil Society and Politics in Central Asia Charles E. Ziegler, 2015-02-27 The five Central Asian states of Kazakhstan Uzbekistan Kyrgyzstan Tajikistan and Turkmenistan constitute an area of increasing importance in global politics The region currently serves as the main route for transporting American and NATO supplies and personnel into Afghanistan Its Turkic Muslim peoples share ethnic and religious roots with China s Uighurs in neighboring Xinjiang where some Uighurs have connections to the Taliban in Afghanistan and Pakistan fueling Beijing s already acute fears of terrorism and separatism Perhaps most importantly the Caspian basin holds immense reserves of oil and natural gas Countries rich in hydrocarbons like Kazakhstan Turkmenistan and Uzbekistan can benefit greatly from this wealth but often they must rely on foreign companies usually backed by foreign governments to develop these resources Revolts in Kyrgyzstan in 2005 and 2010 and Uzbekistan in 2005 Tajikistan s civil war in the 1990s and continued terrorist incidents 2010 2011 strikes and suicide bombings in Kazakhstan in 2011 have contributed to concerns about stability in the region In Civil Society and Politics in Central Asia a prominent group of scholars assesses both the area s manifold problems and its emerging potential examining the often uneasy relationship between its states and the societies they govern A meticulously in depth study the volume demonstrates the fascinating cultural complexity and diversity of Central Asia Small landlocked and surrounded by larger powers Central Asian nations have become adept at playing their neighbors against each other in order to maximize their own abilities to maneuver The essays in this book look beyond the surface of Central Asian politics to discover the forces that are working for political change and continuity in this critical region of the world

Drugs and Public Health in Post-Soviet Central Asia Muyassar Turaeva, 2022-08-27 The book outlines post Soviet style of health management in Central Asia Regional studies on Central Asia to date have focused on states politics religion and inter ethnic relations but not on the health system within the region Soviet style policies have also covered only other aspects relevant for the region This book highlights the public health situation of the region with a focus on drug abuse HIV AIDS in the context of increased mobility and drug trafficking routes which became even more porous after the break up of the Soviet Union Based on a qualitative study the empirical data in the book was collected during long term fieldwork conducted in Uzbekistan and Turkmenistan in 2010 2011 as well as shorter stays in Uzbekistan between 2012 2016 The analysis of the empirical material largely draws on the works of Foucault particularly his concept of biopolitics when analyzing Soviet style health management that is still practiced in the region Applying the Foucauldian genealogical method this study has been structured to trace the genealogy of epidemics to

understand the historical path of drug abuse in the region as well as the discursive genealogy of drug politics and drug abuse Applying the same genealogical method of Foucault the formative and discursive trajectory of the institution of Uchyot was traced to contextualize the health governance methods that have historical legacy of Soviet style governance and control of the total population Drugs and Public Health in Post Soviet Central Asia Soviet Style Health Management is a unique resource for academic specialists practitioners professionals and advanced undergraduate and graduate students in public health as well as a range of scholars and professionals in sociology political science anthropology and anyone with an interest in the Central Asia region drug addiction or HIV The book also could appeal to international donors in the field of HIV drug addiction who are working in the region

Central Asia's Economic Rebirth in the Shadow of the New Great Game

Djoomart Otorbaev, 2023-02-03 This volume describes the unique development of Central Asia as defined by its landlocked geography Particular attention is paid to the achievements and challenges of the region's post Soviet economic and political transformation as well as to its relationship with the participants in the New Great Game Russia China and the West Located as it is in the geographical centre of booming Asia and with the opportunity to become a key logistics bridge connecting the world's largest economies Central Asia is well placed for rapid development However the region faces a range of complex problems that are explained and analysed in the volume The Eurasian powers that encircle Central Asia look certain to become the engines of global economic growth but how will this affect the region Will Central Asia join the powerful locomotive of history or will it remain on the sidelines

The Family in Central Asia Sophie Roche, 2020-08-10 No

detailed description available for The Family in Central Asia [Economic Dimensions of Security in Central Asia](#) Sergej Mahnovski, Kamil Akramov, Theodore William Karasik, 2007 This report assesses the economic dimensions of security in Central Asia and considers their implications for the role of the United States Economic development will be crucial to the future of Central Asia and broader U S interests in the region However it is unclear whether the states in the region have the institutional capacity to implement domestic reform As the United States clarifies its long term military relationships and commitments in the region it should consider the region's economic development itself as a long term security concern

A Concise History of Afghanistan-Central Asia and India in 25 Volumes HAMID ALIKUZAI, 2015-01-19 Thirteen years after the U S invasion of Afghanistan Thirteen years after the U S invasion of Afghanistan the gains that the international coalition has made with its local partners are real but reversible Afghanistan is no longer a global hub of terrorist activity but Taliban resurgence would threaten to make it one again Reconstruction assistance has produced demonstrable progress in health education and economic well being but corruption and governance problems have undermined popular support for the government in Kabul and constrained the overall level of progress Internationally a coalition still backs the International Security Assistance Force ISAF military mission However NATO's will is waning China Russia and India are largely free riders and Punjab and Iran publicly say the right things while destabilizing Afghanistan by privately meddling to their own

ends Political and economic realities in the United States make the current level of American engagement in Afghanistan unsustainable But as the commitment of coalition partners fades what Washington decides will shape the future of South Asia Looking ahead there are three different scenarios for American engagement in Afghanistan It remains to be seen exactly which route Washington will take But it is clear that U S interests require a long term commitment not only in Afghanistan but across the region Lest it be forgotten the consequences of ignoring the region in the 1990s were visited upon the United States on 9 11 So the most vital goals present day are defeating the remnants of al Qaeda in Punjab preventing the reemergence of terrorist sanctuaries in Afghanistan ensuring the security of Punjab s nuclear weapons and discouraging Punjab s use of extremism and terror as a policy instrument There are three ways forward Each entails a different degree of involvement and carries varying risks and rewards The first option is the riskiest Future 1 Immediate Departure and the Reallocation of Resources because discontent among the U S public over the war is already at an all time high

Encyclopedia of Women & Islamic Cultures Suad Joseph, Afsāna Nağmābādī, 2003 Family Body Sexuality and Health is Volume III of the Encyclopedia of Women Islamic Cultures In almost 200 well written entries it covers the broad field of family body sexuality and health and Islamic cultures [Making the Transition Work for Women in Europe and Central Asia](#) Marnia Lazreg, 2000 Women in the Europe and Central Asia region complain about loss of employment sexual harassment violence poor enforcement of the law poor political representation and poor health care Many greet these complaints with skepticism or dismissal Is it economic expedience due to the sheer magnitude of the changes taking place under the transition Did the Soviet legacy delude observers into believing that there is gender equality in the region While budgets shrink how can gender be integrated into country department work programs To answer these and other pressing questions regarding the gender issue the World Bank held a conference in June 1999 Women from the ECA region Western Europe and the United States gathered to address the lack of Bank knowledge of gender issues in the Eastern Europe and Central Asia Region The papers from the conference included in this volume describe the present conditions for women emphasize the need to debunk the myth of gender equality in the Soviet era and propose urgent legislative measures to address gender disparity This publication gives women the opportunity to voice their concerns regarding this issue It will be of interest to regional gender experts ministries and think tanks

Health Care In Central Asia Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Health Care In Central Asia free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Health Care In Central Asia free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading

experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Health Care In Central Asia free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Health Care In Central Asia. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Health Care In Central Asia any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Health Care In Central Asia Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook's credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What's the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Health Care In Central Asia is one of the best books in our library for free trial. We provide a copy of Health Care In Central Asia in digital format, so the resources that you find are reliable. There are also many eBooks related to Health Care In Central Asia. Where to download Health Care In Central Asia online for free? Are you looking for Health Care In Central Asia PDF? This is definitely going to save you time and cash in something you should think about.
