God Death And Time Meridian:

God, Death, and Time Emmanuel Lévinas, 2000 This book consists of transcripts from two lecture courses on ethical relation Levinas delivered at the Sorbonne In seeking to explain his thought to students he utilizes a clarity and an intensity altogether different from his other writings *The Silent God* M.C.A. Korpel, Johannes C. de Moor, 2011-03-24 Like the biblical Job many people suffer under the silence of God This book shows that it is enlightening to retrace the origins of the concept of divine speech and silence in the ancient Near East and Greece *Redemptive Hope* Akiba J. Lerner, 2015-09-01 This is a book about the need for redemptive narratives to ward off despair and the dangers these same narratives create by raising expectations that are seldom fulfilled The quasi messianic expectations produced by the election of President Barack Obama in 2008 and their diminution were stark reminders of an ongoing struggle between ideals and political realities Redemptive Hope begins by tracing the tension between theistic thinkers for whom hope is transcendental and intellectuals who have striven to link hopes for redemption to our intersubjective interactions with other human beings Lerner argues that a vibrant democracy must draw on the best of both religious thought and secular liberal political philosophy By bringing Richard Rorty's pragmatism into conversation with early twentieth century Jewish thinkers including Martin Buber and Ernst Bloch Lerner begins the work of building bridges while insisting on holding crucial differences in dialectical tension Only such a dialogue he argues can prepare the foundations for modes of redemptive thought fit for the twenty first century

Poetics of Loss Katharina Lempe, 2015 With the removal of death from the public sphere mourning has become a private matter At the same time particularly in poetry the trend is reversed An intensely elegiac quality and a focus on absence death and loss can be observed in contemporary Anglophone poetry This study examines the poetry of Andrew Motion in the context of the contemporary elegy a genre which is at a crossroads between the anti consolatory refusal to mourn the inability to move past grief and the strong wish for redemption from grief Motion's poetry which mainly deals with preemptive attempts to cope with loss can be seen as a typical example for the contemporary melancholy mood in poetry Series Erlanger Studies of English and American Studies Erlanger Studien zur Anglistik und Amerikanistik Vol 15 Subject Poetry Death Studies Literary Criticism **Nothing Matters** Ronald Green, 2011-08-26 Is nothing everything As strange as that question looks at first sight it will definitely make sense after reading NOTHING MATTERS Provocative and accessible free of jargon NOTHING MATTERS shows that there is more to nothing than meets the eye History the arts philosophy politics religion cosmology all are touched by nothing Who for example could have believed that nothing held back progress for 600 years all because of mistaken translation or that nothing is a way to tackle and answer the perennial question what is art Music for Others Nathan Myrick, 2021 Musical activity is one of the most ubiquitous and highly valued forms of social interaction in North America to say nothing of world over being engaged from sporting events to political rallies concerts to churches Moreover music's use as an affective agent for political and religious programs suggests that it has ethical

significance Indeed many have said as much It is surprising then that music's ethical significance remains one of the most undertheorized aspects of both moral philosophy and music scholarship Music for Others Care Justice and Relational Ethics in Christian Music fills part of this scholarly gap by focusing on the religious aspects of musical activity particularly on the practices of Christian communities Based on ethnomusicological fieldwork at three Protestant churches and a group of seminary students studying in an immersion course at South by Southwest SXSW and synthesizing theories of discourse formation and care ethics oriented towards restorative justice it first argues that relationships are ontological for both human beings and musical activity It further argues that musical meaning and emotion converge in human bodies such that music participates in personal and communal identity construction in affective ways yet these constructions are not always just Thus considering these aspects of music's ways of being in the world Music for Others finally argues that music is ethical when it preserves people in and restores people to just relationships with each other and thereby with God **Homo**

Temporalis Nitzan Itzhak Lebovic, 2025-01-15 Homo Temporalis focuses on the importance of temporal concepts for four German Jewish thinkers who profoundly shaped twentieth century intellectual history Martin Buber Walter Benjamin Hannah Arendt and Paul Celan By analyzing the concept of time Nitzan Lebovic explores Buber's stress on the temporality of the dialogue between I and Thou Benjamin's now time and dialectics in standstill Arendt's understanding of democracy as natality or a permanent revolution and the breatherturn that informs Celan's poetry Framing the reception of German Jewish thinking in the second half of the twentieth century as a parallel story to the rise of the modern humanities Homo Temporalis also highlights how these foundational temporal concepts illuminate the causes of the present crisis in the humanities and its disciplinary limitations in the age of biopolitics and the Anthropocene Rorty, Buber and the Revival of Social Hope Akiba Jeremiah Lerner, 2007 *The Instant of My Death / Demeure* Maurice Blanchot, Elizabeth Rottenberg, 2000 This volume a powerful short prose piece by Blanchot with an extended essay by Derrida records a remarkable encounter in critical and philosophical thinking

Practicing Christian Patience Jeffrey L. Bullock, 2014-04-01 A fresh approach to church life and ecclesial health Addresses the concerns of leadership in challenging times Includes questions for reflection and study by individuals and groups Patience may be the least understood and least practiced of the Christian virtues and yet patience may be the most important virtue to today's church the virtue that can underpin our most faithful longing Building on a theological biblical and historical foundation the author lays out a case for patience as a distinctly Christian practice Patience subverts the cycle of crisis and fear that shapes so much of our culture Patience understands that urgency and haste are hallmarks of the secular world not the church Patience and attending to the Other whether divine or human is a modern day cornerstone of justice holding us together in a timeless bond The author a scholar and minister has long wrestled with the notion that the church has to get out there and sell itself In this book he offers patience as an alternative way to address current issues and church growth History of Joseph Smith, the Prophet and the Church of Jesus Christ of Latter-day

Saints Joseph Smith, 2023-11-15 In *History of Joseph Smith the Prophet and the Church of Jesus Christ of Latter day Saints* Joseph Smith presents a profound narrative that chronicles the rise of a religious movement through the lens of his own experiences and revelations. Written in an autobiographical style, the book combines personal anecdotes with a broader historical account, contextualizing the establishment of the Latter day Saint movement in the early 19th century. Smith employs a straightforward yet impassioned prose, aiming to deliver an authoritative and personal account of the challenges faced by the church from its inception in upstate New York to its burgeoning congregations across America. Joseph Smith, the founder of the Latter day Saint movement, was deeply influenced by his experiences in a rapidly changing America during the Second Great Awakening. Encountering religious diversity and fervent spiritual search, Smith's own visionary experiences led him to articulate a new theology that addressed contemporary spiritual needs. His leadership was marked by both visionary zeal and significant persecution, which shaped the narrative of his life and the foundational history of his church, reflecting his commitment to religious innovation and the struggles associated with it. This meticulous historical account is essential reading for anyone interested in early American religion, the dynamics of religious leadership, and the development of new faith traditions. Smith's insights into his experiences not only illuminate his personal convictions but also provide a window into the complexities of 19th century American society. Readers looking to understand the interplay between personal faith and communal organization will find valuable lessons and rich historical context within these pages.

Stop Thief! Catherine Malabou, 2023-11-08 Many contemporary philosophers including Michel Foucault, Jacques Derrida, and Giorgio Agamben ascribe an ethical or political value to anarchy, but none ever called themselves an anarchist. It is as if anarchism were unmentionable and had to be concealed even though its critique of domination and of government is poached by the philosophers. *Stop Thief!* calls out the plundering of anarchism by philosophy. It's a call that is all the more resonant today as the planetary demand for an alternative political realm raises a deafening cry. It also alerts us to a new philosophical awakening. Catherine Malabou proposes to answer the cry by re-elaborating a concept of anarchy articulated around a notion of the non-governable, far beyond an inciting of disobedience or common critiques of capitalism. Anarchism is the only way out, the only pathway that allows us to question the legitimacy of political domination and thereby to free up the confidence that we need if we are to survive.

Heidegger's Being and Time and Kierkegaard's The Sickness Unto Death as Hermeneutic to Paul's Epistles Bong-Choul Hwang, 2025-01-16 Dive into a profound exploration of human existence through the philosophical and theological insights of Heidegger Kierkegaard and St Paul This book bridges the existential concepts of Dasein and soma with the spiritual dimensions of Paul's epistles revealing the interplay between individual authenticity interdependent coexistence and the inevitability of death By examining conscience guilt and temporality of time this book offers a unique perspective on how we understand ourselves and relate to others The timeless questions posed by these thinkers can illuminate the path to finding meaning and projecting the possibility of future being beyond the confines of mortality This work is not just an academic study but an invitation to experience and interpret life through a richer philosophical and theological lens
