Down-to-Earth Spirituality R. Paul Stevens, 2003-01-13 Examining the Genesis account of Jacob R Paul Stevens reveals how we can encounter God in the ordinary boring stuff of daily life **Down to Earth** Richard Floyd, 2015-08-18 In the face of climate change and ecological diminishment how can we hope that creation itself good and beautiful marked by tragedy and chaos is taken up rather than left behind Can a Christian vision which has at times been drunk on eschatological dreams or nightmares that consign this world and most of its creatures to destruction foster an earthly hope Jurgen Moltmann and Sallie McFague offer two contemporary possibilities for an ecological eschatology Floyd critiques both of these theological visions and traces an alternative that is both humble grounded in the humus the dirt and hopeful grounded in divine creativity arguing that a down to earth hope is grounded finally in beauty the beauty of the other that draws out the self the beauty of the redeemed self coming out to meet the other and the beauty of God that lures forth ever new possibilities and gathers up all the beautiful and broken creatures into the deepest possible harmony **Bringing Bernard Lonergan**

Angels in Islam Stephen Burge, 2015-12-22 Angels are a basic tenet of belief in Islam appearing in various types and genres of text from eschatology to law and theology to devotional material. This book presents the first comprehensive study of angels in Islam through an analysis of a collection of traditions hadith compiled by the 15th-century polymath Jalal al-Din al-Suyuti d. 911/1505. With a focus on the principal angels in Islam, the author provides an analysis and critical translation of hadith included in al-Suyuti's *al-Habakik fi akhbar al-mala'ik*. The Arrangement of the Traditions about Angels, many of which are translated into English for the first time. The book discusses the issues that the hadith raise, exploring why angels are named in particular ways, how angels are described and portrayed in the hadith, the ways in which angels interact with humans, and the theological controversies which feature angels. From this it is possible to place al-Suyuti's collection in its religious and historical milieu, building on the study of angels in Judaism and Christianity to explore aspects of comparative religious beliefs about angels, as well as relating Muslim beliefs about angels to wider debates in Islamic Studies. Broadening the study of Islamic angelology and providing a significant amount of newly translated primary source material, this book will be of great interest to scholars of Islam, divinity, and comparative religion.

Conversations with Scripture Stephen L. Cook, 2008-09-01 The God of Second Isaiah, the Holy One of Israel, is increasingly foreign to modern Anglicans who are often uncomfortable with the uncanny, fiery side of God. Unfortunately, this may leave Anglicans frustrated both with God's non-rational ways and with morality-centered Christianity. The new research behind this book reveals Second Isaiah as priestly temple literature, expert at the Holy and its coming down on earth. Second Isaiah highlights priestly themes and quotes the temple texts to help readers approach that which is utterly mysterious. To study this material is to rediscover the overwhelming absolute worth of God.

Unraptured Zack Hunt, 2019-03-19 Are you rapture ready? As a teenager in the buckle of the Bible Belt, Zack Hunt was convinced the rapture would happen at any moment. Being ready meant never missing church, never sinning, and always listening to Christian radio. But when the rapture didn't happen, Hunt's tightly wound faith began to fray. If he had been wrong about the rapture, what else about his faith might not hold water? Part memoir, part tour of the apocalypse, and part call to action, *Unraptured* traces how the church's focus on escaping to heaven has it mired in decay, teetering on the brink of irrelevancy in a world rocked by refugee crises, climate change, war, and rumors of war. The church cannot afford to focus on the end times instead of following Jesus in the here and now.

Unraptured uses these signs of the times to help readers reorient their understanding of the gospel around loving and caring for the least of these **The False Teachings of the Man from Planet Rizq** Hussain K. Muhammad-Sunjata,2015-09-18
THIS book entails information from the book entitled man from planet Rizq I have taken the time and energy and meticulously challenged and debunked this mans information I have literally taken just about every page that I though was worth challenging and extracted the lies and exposed them to be the best of my ability The scope of his work was not only about him and his community but also about freeing the minds of those who came in contact or will come in contact with these pathogenic teachings that seem to have premeated the nation I also take the time to do Dawah propagate Islam towards the end of the book by dispelling myths like did the Vatican create Islam The Moon god Myth did the prophet Muhammad really exist I also show and prove diligently that this man is not from planet Rizq He is not from the Sudan or apart of the Al Mahdi family In this work Inshallah God Willing the reader will see for themselves the fraud unveiled and that his teachings are a hodgepodge of Sumerian Akkadian Babylonian and Hindu extractions wrapped with a miniscule amount of truth Inshallah God Willing TRUTH HAS COME AND FALSEHOOD MUST VANISH
