God Incarnate Meeting The Contemporary Challenges To A Classic Christian Doctrine:

God Incarnate George Carey, 1978 *The Doctrine of the Trinity* Sir Anthony Buzzard, Charles F. Hunting, 2023-11-30

This important work is a detailed biblical investigation of the relationship of Jesus to the one God of Israel. The authors challenge the notion that biblical monotheism is legitimately represented by a Trinitarian view of God and demonstrate that within the bounds of the canon of Scripture Jesus is confessed as Messiah Son of God but not God Himself. Later Christological developments beginning in the second century misrepresented the biblical doctrine of God and Christ by altering the terms of the biblical presentation of the Father and Son. This fateful development laid the foundation of a revised unscriptural creed that needs to be challenged. This book is likely to be a definitive presentation of a Christology rooted as it originally was in the Hebrew Bible. The authors present a sharply argued appeal for an understanding of God and Jesus in the context of the original Christian documents. The Omnipresence of Jesus Christ Theodore Zachariades, 2015-06-01 This important book reassesses the classic Chalcedonian view of Jesus one person two natures. It carefully rejects all forms of kenotic Christology and affirms that Jesus possessed and used all the divine attributes in particular that of omnipresence, arguing that evangelical scholars have abandoned this important truth. This has ramifications for our view of the Holy Spirit and of Christ's presence with his people. It challenges us to read the Scriptures again and to live in the presence of Jesus. Publisher: Commendation. In this important study of orthodox Christology, Dr. Zachariades develops an aspect of it that has generally been neglected. How should we understand the universal presence of the risen, ascended, and glorified Christ? Starting with the controversies of the early church, he takes us through the questions involved in the discussion and points us to a deeper understanding of how Christ is both God and man at the same time. Gerald L. Bray, Research Professor of Divinity, History, and Doctrine, Beeson Divinity School, USA. [The Anointed Son](#) Myk Habets, 2010-01-01 Spirit Christology complements Logos Christology in the same way in which Christ and the Spirit are mutually constitutive. Or at least this should be the case. The history of Christian thought shows that Logos Christology has dominated, resulting in both an eclipse of Trinitarian doctrine and a diminution of pneumatology. Recently there have been calls to reclaim a theology of the Third Article in order to present a Trinitarian theology that is faithful to Scripture, the Great Tradition, and one that is existentially viable. While studies examine various aspects of Spirit Christology, there has yet to appear a work that introduces the doctrine, examines the various mutually exclusive proposals, and offers a constructive trinitarian proposal. The present work does just this: introducing the constituent features of a Spirit Christology that is Trinitarian, orthodox, and contemporary. The current work proposes a model of Spirit Christology that complements rather than replaces Logos Christology and does so in a robustly Trinitarian framework. Within contemporary theology, a pneumatically oriented approach to Christology is being advanced across denominational and traditional lines. Those wanting to navigate their way through the many competing proposals for a Third Article theology will
