Peter Wagner, 2006-05-20 If Christians are in the workplace then so is the church In *The Church In The Workplace* C Peter Wagner explores how the role of the church in the work life of believers is just as much a ministry a service to God and even worship as what believers do on Sunday in their local churches A further indispensable step toward activating faith at work is to understand clearly how the extended church operates through the nuclear church and how bridges can be built to join the two Wagner does just this as he looks at the biblical perspective on work the Holy Spirit s call to the church to bring about social transformation and worldwide examples of the role the church has already played in the workplace *Marketplace Miracles* Rick Heeren, 2008-03-03 When the New York Times wrote a front page account of Elk River Minnesota s faith filled transformation Rick Heeren was the city s leader behind the scenes Here he shares his story and many other motivating how to accounts of businesses schools and communities that have put God at the center of their vision and seen miraculous turnarounds See how one company in Minnesota planted 600 churches in the Ukraine Discover how a real estate developer turned a foreclosed mall into a focal point that would change a city Learn how one woman s self published book blossomed into a movie and a pastor s idea for a motion picture camera led to 200 million to make his first major film Heeren also shares practical ideas for readers who catch his enthusiasm and passion for bringing about transformation in their own communities After reading Heeren s book you ll see why with God nothing is impossible **The Kingdom of God in Working Clothes** R. Paul Stevens, 2022-08-05 Work occupies most of our waking time whether it is in a factory office school or at home But unfortunately most people of faith separate their working life from their worshipping life Dualism is a pernicious heresy that has infected believers worldwide namely that church work and missionary service are holy and our everyday work is secular In this timely volume Stevens explores the connection of the kingdom of God the master thought of Jesus with the marketplace Traditionally people have either related the kingdom of God God s new world coming either exclusively for the present or only for the distant future But it is both now and coming This gives meaning hope and endurance to our work in the world So daily labor in the marketplace gets reoriented through salty values and ingrained virtues We become double agent spies exploring the new world coming in everyday life We can also grapple helpfully with the resistance we face daily in the workplace There are many books on the kingdom of God and many on work Few have brought these two vital arenas of everyday service together

David Buschart, Ryan Tafilowski, 2025-11-25 *Reimagine Your Theology of Faith and Work* Conversations about faith and work often miss an important truth: limitations are not a problem; they're a key part of what it means to be human. Work has always been part of humanity's purpose, but we're no longer in the perfect Garden of Eden, nor are we in the future new heavens and new earth. To truly address the challenges of work, we need a new theological perspective. In *Worth Doing*, David Buschart and Ryan Tafilowski embrace the realities of limitations, challenging the myths of "You are what you do" and "Do what you love." Instead, they propose a theology of work that affirms the goodness of human limits while addressing the realities of fallenness, offering hope for those who may not find deep fulfillment in their daily jobs. Buschart and Tafilowski outline a new vision of work that resonates with all workers, recognizing that every job has value, even when it doesn't align with idealized notions of purpose or calling. By embracing this perspective, people can find new ways to approach daily labor, even when it doesn't feel deeply fulfilling. In *Worth Doing*, readers will gain a theology of work that moves beyond only ideas of productivity or calling. Learn how to embrace human limitations as part of God's good design. Reflect on the ways work connects to broader questions of purpose and human flourishing. *Worth Doing* invites readers to consider their limitations as valuable aspects of their vocational journey, offering a thoughtful framework for addressing the complexities of work. This book is particularly relevant for theologians examining the intersections of work, faith, and rest; Christian educators and leaders in the faith and work space. By moving beyond conventional theological approaches to faith and work, *Worth Doing* presents a hopeful and theologically rich perspective on vocation that acknowledges and embraces human limitations. ***River of God*** Douglas D. Priest Jr., Stephen E. Burris, 2012-04-19 *River of God* is an introduction to world missions aimed at undergraduate students. However, the readers will soon discover that the book is rich in its content, far beyond the editors' original plan. It serves as a reader for people with various levels of missiological interest and competence and deals with cutting-edge issues in missions. This book introduces a new paradigm: Kingdom Missiology, which builds on shalom in the Old Testament and as Jesus applied to the Kingdom of God in the New Testament. The first half of the book looks at Kingdom Missiology from the biblical, historical, and cultural dimensions. The second half of the book describes helpful strategies in the implementation of this paradigm. The importance of urban ministry is woven throughout the book. ***In Search of a Confident Faith*** J. P. Moreland, Klaus Issler, 2008-07-30 Emphasizing that our trust in God will grow exponentially when we have come to understand the true nature of faith, J. P. Moreland and Klaus Issler identify the intellectual, emotional, relational, experiential, and even theological barriers to mature faith. ***Encountering Missionary Life and Work (Encountering Mission)*** Tom Steffen, Lois McKinney Douglas, 2008-06-01 This new volume in the award-winning *Encountering Mission* series is for current and future missionaries. It provides practical guidance regarding getting ready for the mission field and the realities of life on the field. The authors are well-qualified to write such a manual, each having served as a missionary for more than twenty years and each having taught missions in seminary. The authors begin by examining the contemporary context for missions.

including the recognition that the world's mission fields are in constant and often rapid change. They then discuss aspects of preparing oneself for the mission field beginning with home front preparations and moving to on the field preparations. The final section deals with practical issues and challenges of missionary life.

Faith-Based Entrepreneurship John Mulford, Emilyn Cabanda, Andrew Root, Raushan Gross, 2024-09-10. This book investigates the intersection of Christian faith and entrepreneurship in the global marketplace through empirical micro level research on various Christian based firms in North and Central America, Asia, Europe, and Africa. It features diverse cross cultural cases ranging from small family businesses to large enterprises and covers multiple industries and regions. The book attempts to answer this research question: How do Christian faith and entrepreneurship converge in the marketplace? Through a comparative cross cultural case analysis, the work identifies thematic categories of Christian faith based entrepreneurship, extending and integrating the two conceptual areas of faith and entrepreneurship from a Christian worldview with a Judeo-Christian heritage. The selected cases this book explored enhanced the emergent model of faith based entrepreneurship applicable across faith based organization types and regions. This book also provides significant empirical and theoretical contributions to faith based entrepreneurship, offering new research areas for the future research paradigm. The cases in this book delve into topics such as faith and women entrepreneurship, religion, spirituality, and social entrepreneurship, faith and family entrepreneurship, and good practices of entrepreneurship in line with the latest trends in the field and will be of interest to all students and researchers in entrepreneurship.

BAM Global Movement Gea Gort, 2018-04-18. Business as Mission (BAM) is a growing global movement. Christians active in the arena of business, charity, and ministry are on a journey to integrate business with holistic mission. But what exactly is BAM? In this book, Gea Gort and Mats Tunehag explain the BAM concept through theory and theology with stories to show what it looks like in real life. The authors explain that Business as Mission is an expression of a much broader movement. Ideas regarding mission, church, and charity are shifting, and a growing number of Christians are aiming for a missional way of living out the whole incarnated gospel in their daily lives where they work and live. The inspiring stories of thirty practitioners active on all continents provide insight into how the gospel can be shared in innovative and practical ways in challenging settings in developing nations, secularized Western cities, or even closed countries. This book will not only capture your mind and heart as you learn about Business as Mission in theory and praxis, but it will also give you a broad overview of this remarkable movement. This book provides insight into this global movement and is of interest for a broad range of people: pioneers, early adapters, and leaders within church, missionaries, and business leaders, as well as for Bible schools and universities. Dr. Gea Gort, a trained journalist, studied Transformational Leadership in the Global Urban Context at Bakke Graduate University in Seattle, where she serves as adjunct faculty and regional board member.
